Care and Maintenance

- Do not use a metal brush when removing dirt from this item as it will strip the paint off leaving the surface open to corrosion.
- Wash the frame with a mild soap and water only. Rinse and dry thoroughly.
- To extend the product life and appearance it is advisable to store the furniture in a cool dry place over winter.
- Ensure that the furniture is clean and completely dry before putting in to storage. Do NOT enclose the product in a plastic or other non-permeable material as this creates moisture.
- In the event of the surface paint chipping or scratching, the easiest way to treat the problem is to treat with a spray paint / aerosol lacquer spray, equivalent to the colour of the furniture. This would prevent the metal from being exposed, preventing it from further deterioration.
