4

Set the seat and pipe unit to the gas lift base unit.

Finished

Care and Maintenance

This chair should be cleaned with a dry or damp soft cloth. Do not use abrasive cleaners, which may damage the surface of the product.

WARNING: Once chair is constructed ensure all screws and nuts are fully tightened before use.

Do not:

Use the stool as ladder

Climb on the stool

Stand on the foot-rest of the stool, as this could lead to the stool becoming unbalanced and overturning

Sit on the chair to use the weight of the body to tighten the joint on the column and the seat.

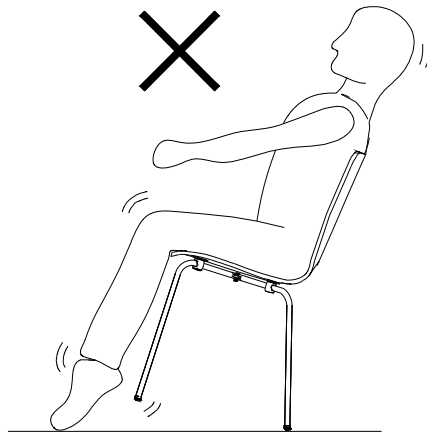

Please note this is not a permanent fit due to the rise & fall and 360 degree turning action.

Always take care and keep feet clear of base when moving / lifting this product.

The maximum weight this product can hold is 120 kilos

Safety Instructions

Never tilt the chair. Ensure the chair is always placed firmly on the ground. Periodically check the tightness of all screws and retighten as necessary.
