Step by step assembly instructions

Step One

Place Wooden Legs (6) over the holes in the underside of the Headboard (1) and Footboard (2) as per drawing. Insert 2 M6 x 40mm bolts (B) to fix each leg in place and tighten using Allen Key M4 (E) provided.

Step Two

Place metal fixing on Side Rails (3) over pre-inserted bolts in Headboard (1) and Footboard (2) and hand-tighten bolts to loosely secure parts together. Do not tighten with M5 Allen Key (F) until you have inserted the Centre Rail in Step Three.

Step Three

Insert Centre Rail (5) into the brackets in the centre of the Headboard (1) and Footboard (2). Push down fully and secure in place using M6 x 25mm bolt (A) and tighten bolt with Allen Key M4 (E). You can now tighten the bolts at the Side Rails from the previous step (Step Two) so all fastenings are now tightened.

Step Four

Take two Slats (4) ensuring the curved side is facing up and join them together with a Centre Plastic Cap (C) then place a Side Plastic Cap (D) on the other end of the Slats. Fix the Slat to the bed by first inserting the Side Plastic Cap (D) into the holes in the Side Rail (3) then Centre Plastic Cap (C) into the holes in the Centre Rail (5).

Step Five

This bed is now ready to use.

Care and Maintenance

This Milan bed should be cleaned using a soft, damp cloth and dried immediately.

Do not use detergents and do not rub as this can cause permanent damage.

Always protect your bed from direct sunlight as this may accelerate the natural ongoing discolouration process.

Screws holding together the bed frame should be tightened regularly.
