Step by step assembly instructions

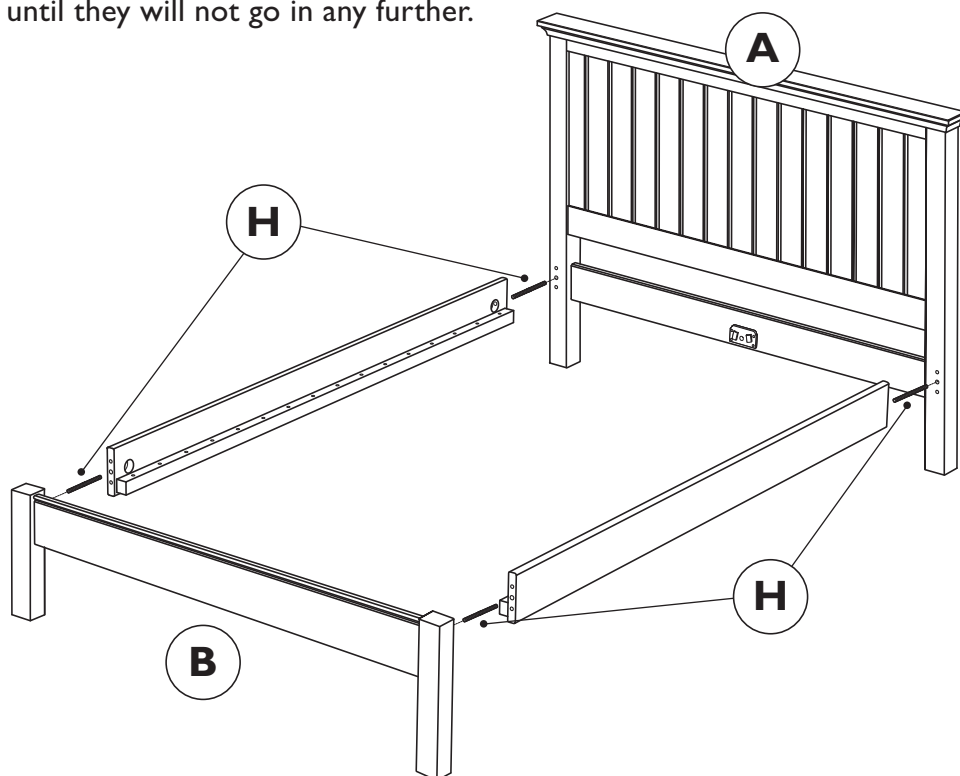

Step One

Fittings

H x 4

Screw the 4 x Threaded Metal Rods (H) by hand into the Head End (A) and Foot End (B) as shown (2 into the head end and 2 into the foot end) until they will not go in any further.

Step Two

Fittings

I x 8

G x 2

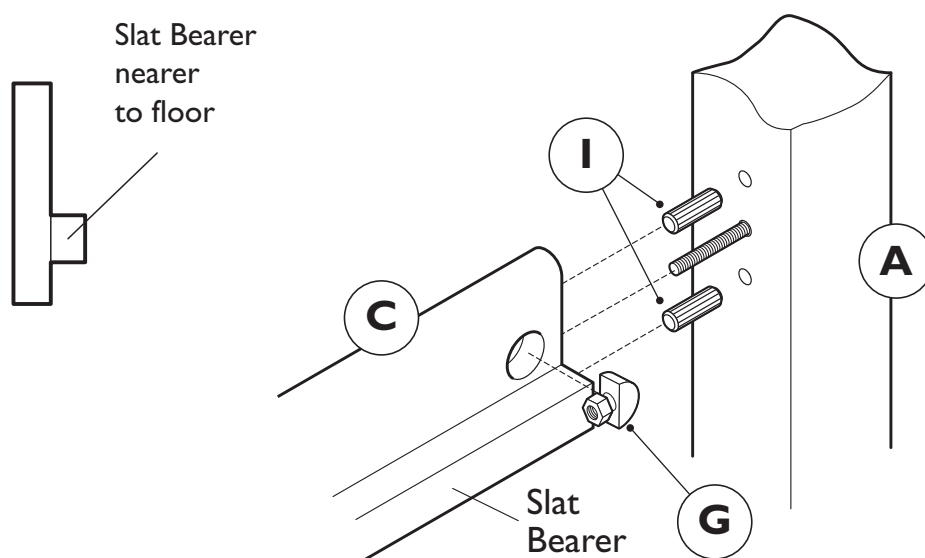

J x 1

This step requires two people. Push fit the wooden dowels into both ends of the side rails. If they are a tight fit, tap them GENTLY with a hammer or mallet.

Attach the 2 x Side Rails to the Head End.

Note that the slat bearer should be nearest to the floor and face inside the bed as shown below.

Insert the Maxi Luna fittings and nuts and tighten using the spanner.

Step Three

Fittings

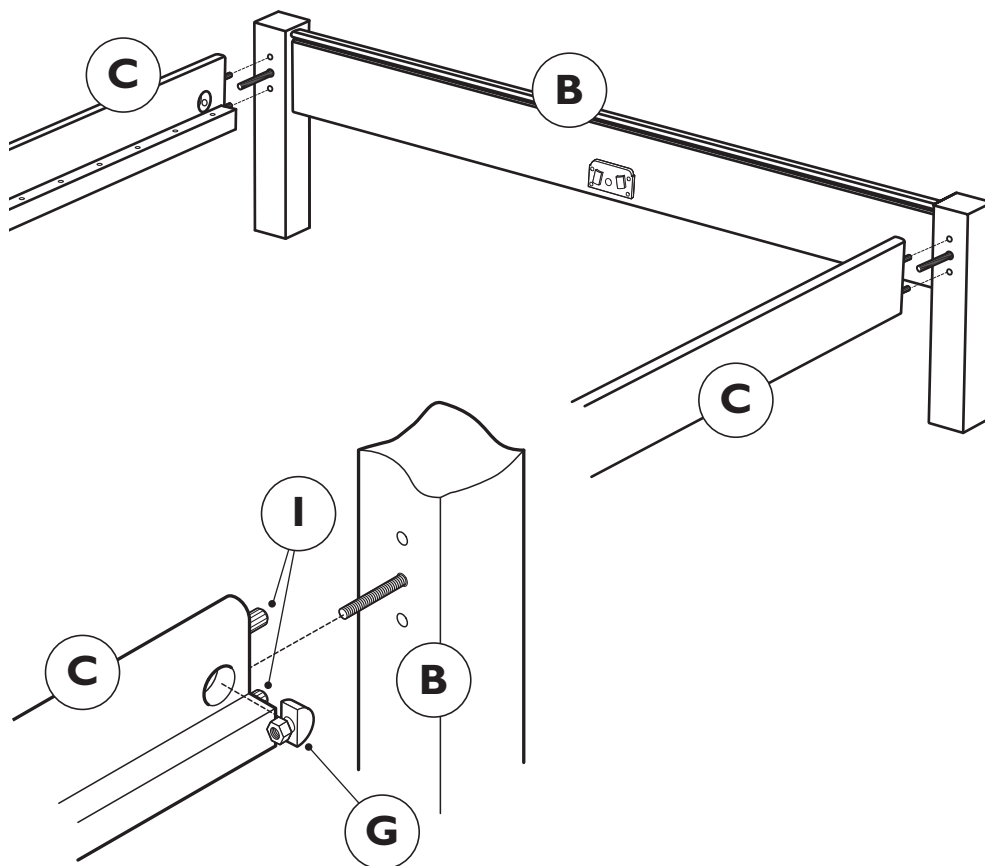

G x 2

J x I

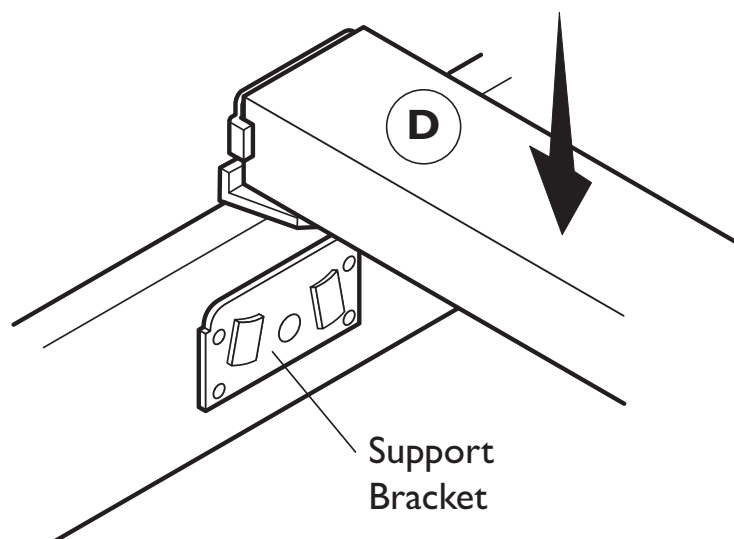

This step requires two people.

Attach the Foot End (B) to the side rails (C) by lifting up the ends of the side rail (one person on each side rail) and introducing the Foot End. Insert the Maxi Luna fittings and nuts and tighten using the spanner.

Step Four

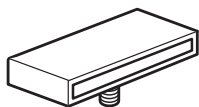

Attach the centre support rail (D) onto the support brackets which are factory-fitted to the Head End and Foot End. Push firmly downwards to secure in place.

Step Five

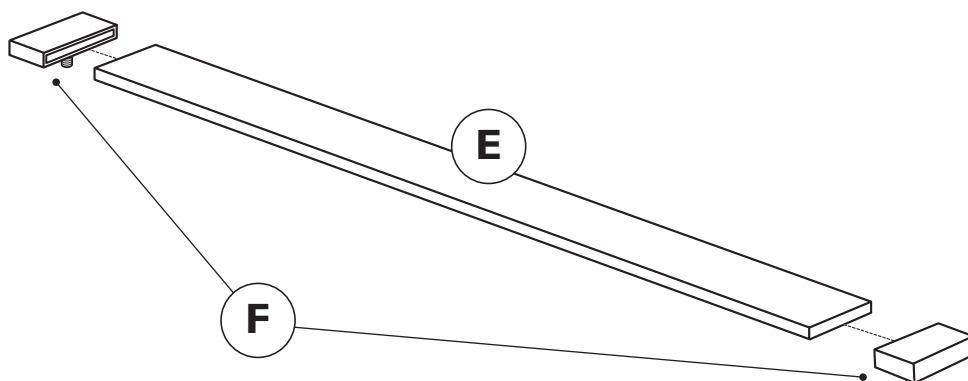

Fix a Plastic End Cap (F) to each end of each Slat (E).

Fittings

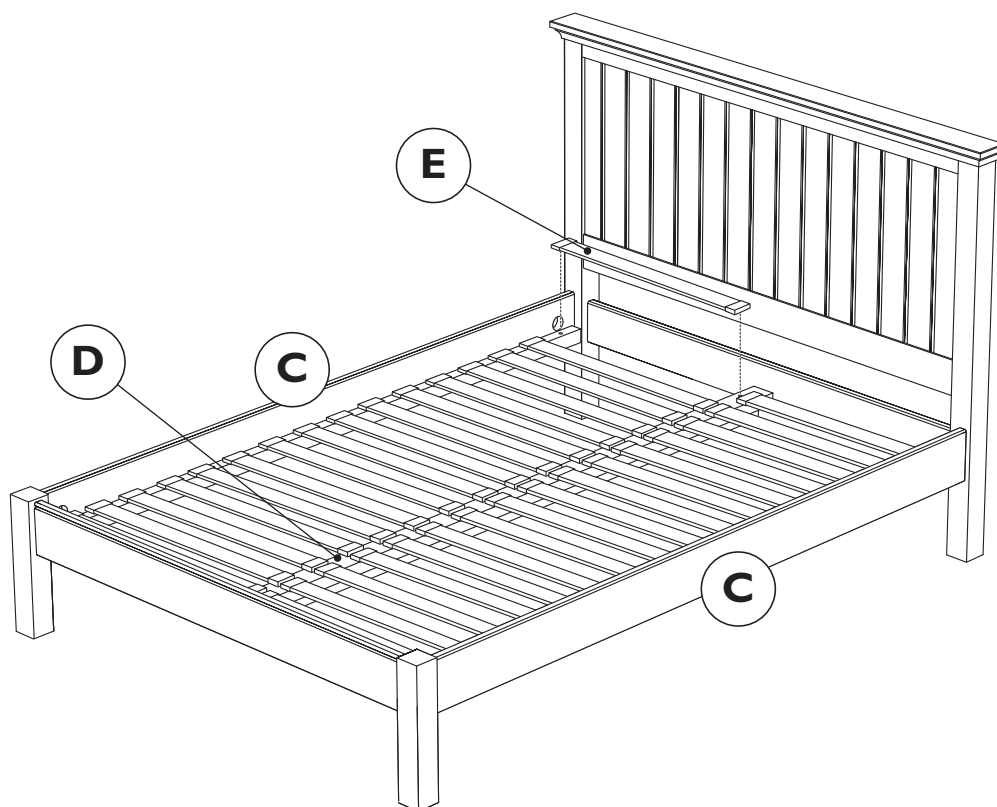

F x 64
(135cm bedstead)

F x 68
(150cm bedstead)

Step Six

Push fit the Slats (E) between the Side Rails (C) and Centre Support Rail (D). Please note that the slats may need to be flattened to allow installation. Repeat this process for all other slats.

THE ASSEMBLY OF YOUR BED IS NOW COMPLETE. TIGHTEN ALL FITTINGS.

Care and Maintenance

The Downton range is a timeless painted bedroom range in either white with metal cup handles or ivory with solid oak tops and metal cup handles. Each piece has been carefully constructed to ensure it will give you years of pleasure. The natural characteristics of oak may include small cracks, knots, blemishes, and grain pattern variations which all add to the natural charm and beauty of this furniture product. Each piece is unique, and for this reason no two pieces within the range will perfectly match, however there will be harmony between all the pieces you may have purchased.

All timber surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

How to care for your furniture

Try to avoid prolonged exposure to direct sunlight as this may alter the colour and tone of your furniture over time.

Any spillages that do happen should be wiped up immediately with a clean dry lint free cloth to avoid marking the surface of the furniture.

Safety Instructions

General warnings:

Never drag furniture when moving it, always lift it.

Periodically check all fixings to ensure none have come loose and re-tighten where necessary.

Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person. No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

Specific warnings for heavy items:

It is recommended that before moving heavy objects to a new location they are completely disassembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.
