

Essence Oak 2 door wardrobe

Stock number: 803/14012

Thank you for purchasing this Essence oak 2 door wardrobe. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product

Pre-assembly preparation

Please ensure instructions are read in full before attempting to assemble this product

Necessary Tools

You will require a cross head screwdriver to assemble this product. An electric drill may cause damage to the product and is not recommended.

Please check the pack contents before attempting to assemble this product. A full checklist of

components is given in this leaflet. If any components are missing, please contact your local John Lewis Branch.

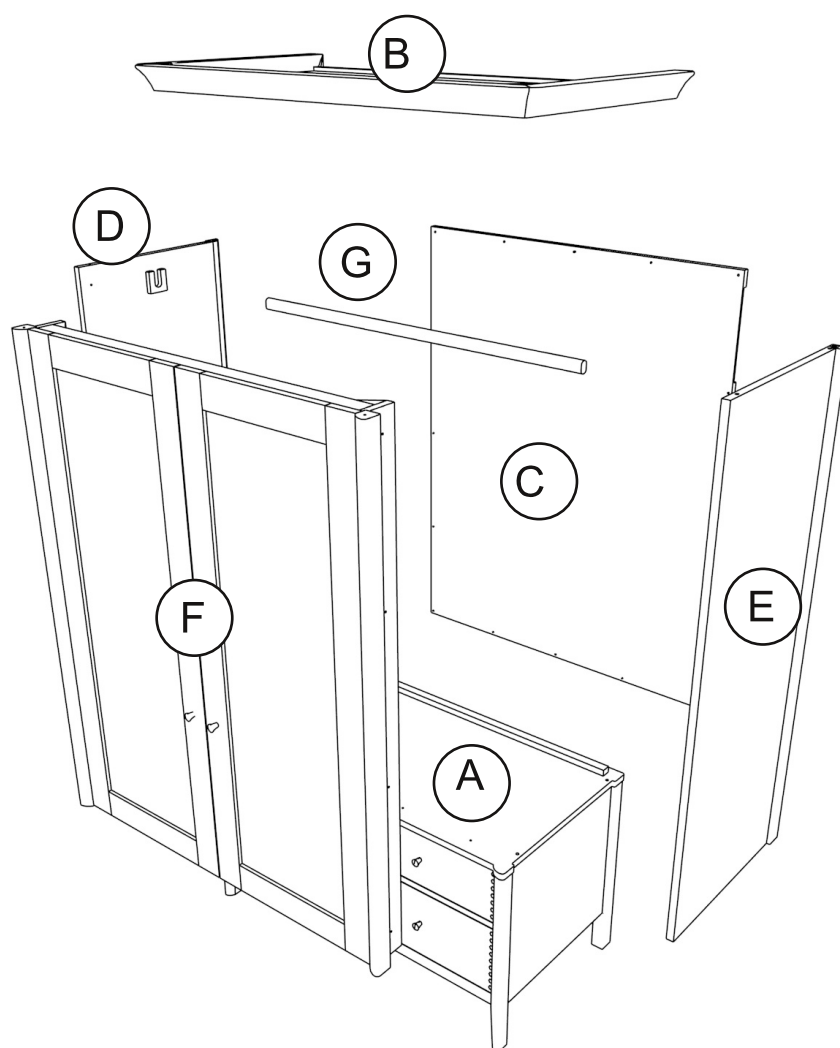

This product is **HEAVY**, it should be assembled as near as possible to the point of use. **TAKE CARE WHEN LIFTING** to avoid personal injury and (or) damage to the product. Always lift the unit from the base when moving it, do not drag along the ground. A minimum of two people should move the unit.

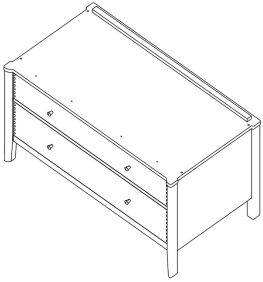

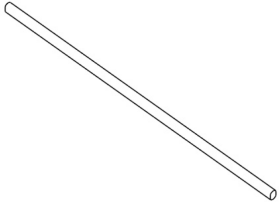

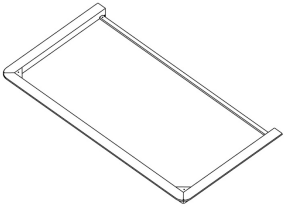

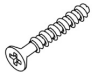

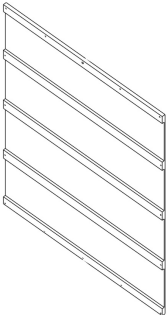

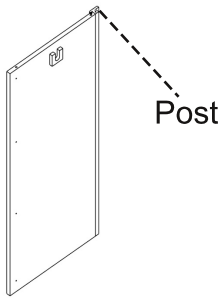

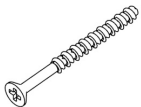

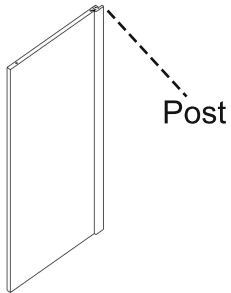

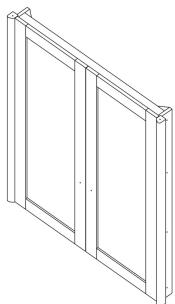

It is strongly recommended you place a protective cloth, or flattened cardboard box, on your carpet and then assemble the wardrobe on top of it. This procedure will prevent your carpet from being marked.

This product takes approximately 70 MINUTES to assemble with 2 PEOPLE.

The fittings pack contains **SMALL ITEMS** which should be **KEPT AWAY FROM YOUNG CHILDREN**.

Fittings and parts checklist

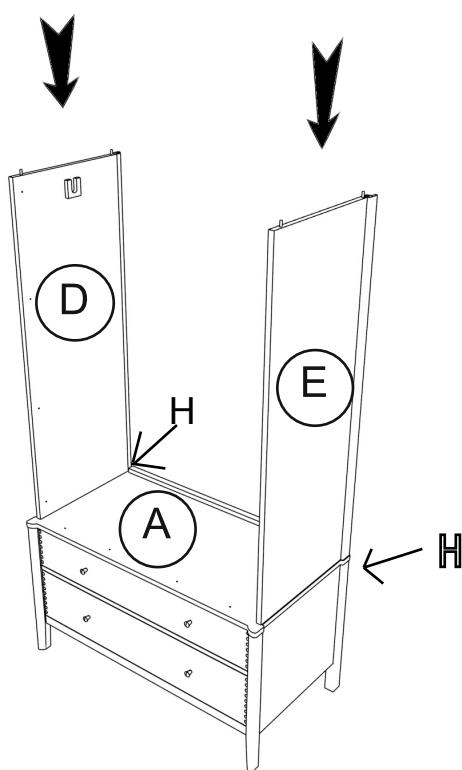

<p>A 1 x Base Unit</p> 	<p>G 1 x Hanging rail</p> 
<p>B 1 x Top</p> 	<p>H 38 x 30mm Screw</p> 
<p>C 1 x Back Panel</p> 	<p>I 2 x 25mm Bolts</p> 
<p>D 1 x Left side panel</p> 	<p>J 2x 50mm Screws</p> 
<p>E 1 x Right side panel</p> 	<p>K 2 x Handles</p> 
<p>F 1 x Door frame & Doors</p> 	

Step by step assembly instructions

Step One

With the aid of an assistant steadying the panels from the back, locate the Left side panel (D) and Right side panel (E) onto the Base unit (A) and ensure the dowels are squarely located and the panels are kept vertical. The support for the hanging rail being at the top and the post at the rear

H x 2

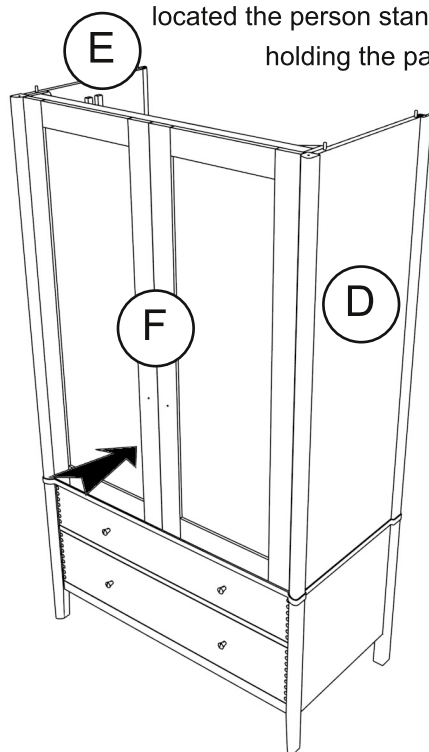

Step Two

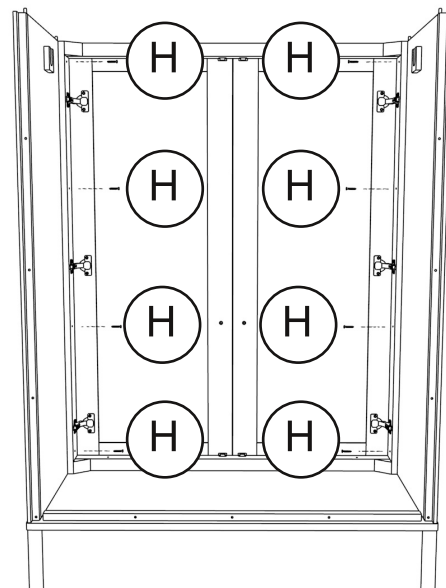

Fittings

H x 8

One or more persons lift up the front section (F) with the hinges on the inside and the front inside rail with the 4 screw holes is at the bottom and place onto the top of the base unit. Push the front up against the sides (D) & (E) so there is no gap between the vertical ends of the front panel and the side panels. After the front has been located the person standing at the front should hold the sides and front together by holding the palms of their hands on the sides of the front section (F) and fingers on the sides (D) & (E) whilst the person at the back screws the front onto the sides by first screwing in the top 2 screws (H) then the bottom 2 (H). Once these 4 screws are fixed, the person at the front can let go and the remaining 4 screws (H) can be

Step Three

Fittings

I x 2

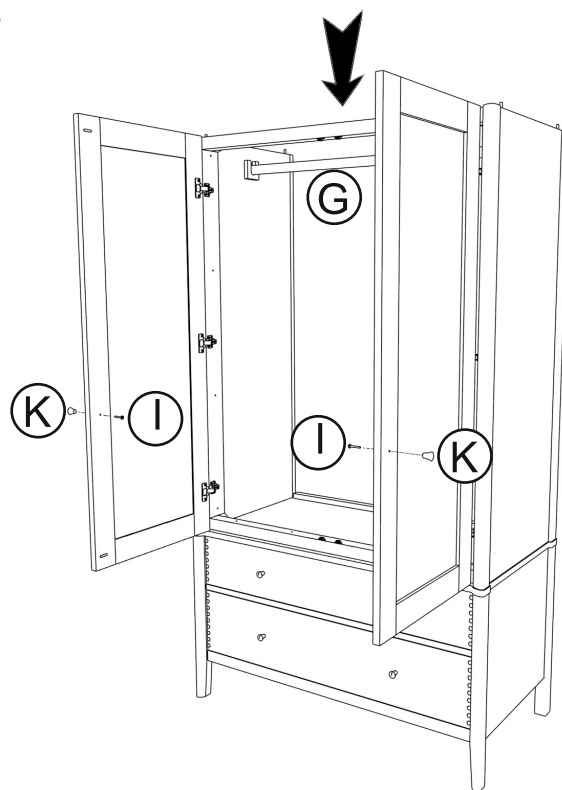

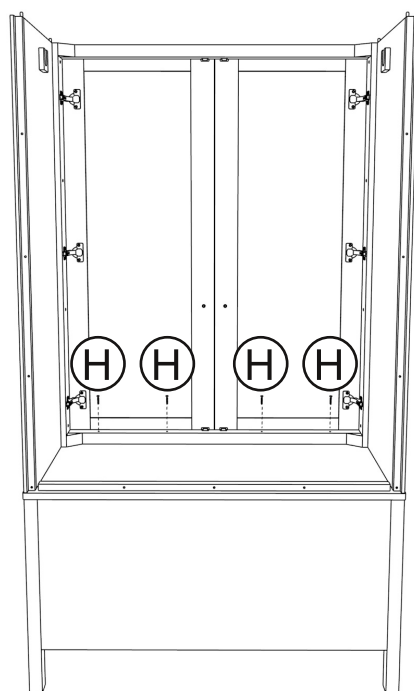

H x 4

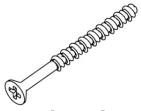

K x 2

Secure the bottom of the door frame using 4 x 30mm screws (H). Attach 2 x Handles (K) using 1 x 25mm Bolt (I) for each handle. Fit the Hanging rail (G) into its cradle.

Step Four

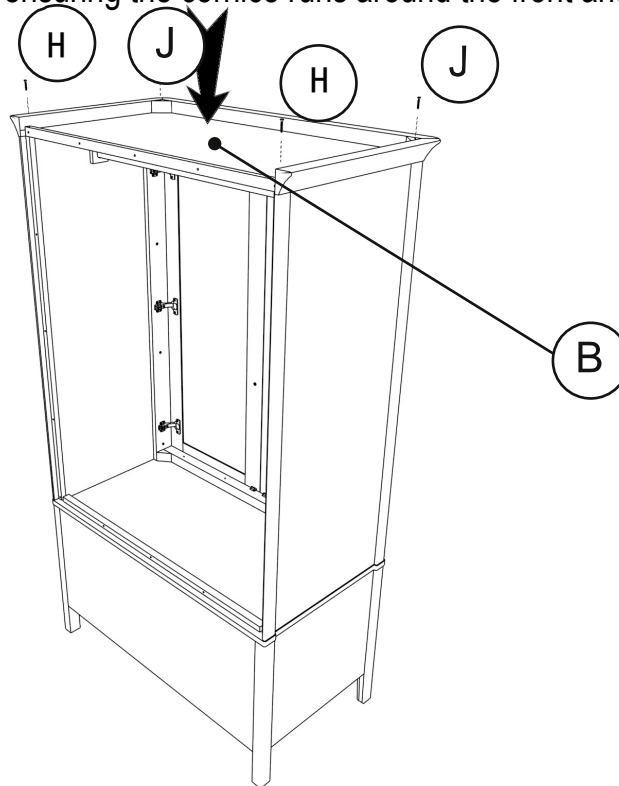

Fittings

J x 2

Hx6

Locate the Top (B) as shown onto the 4 dowells and secure to the Side panels using 2 x 50mm Screws (J) in the front two corners and 6x30mm screws(H) ensuring the cornice runs around the front and 2 sides.

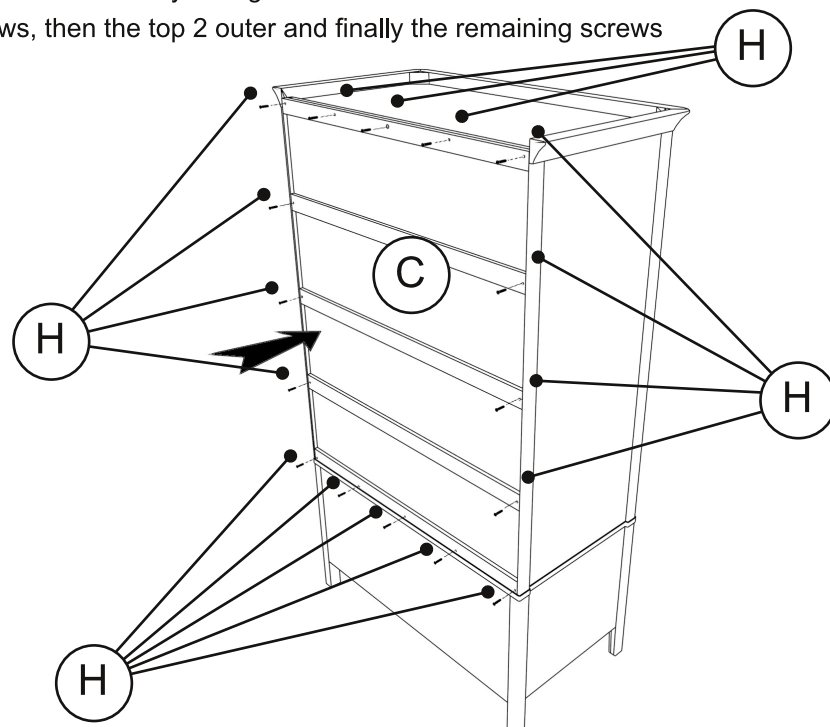

Step Five

Fittings

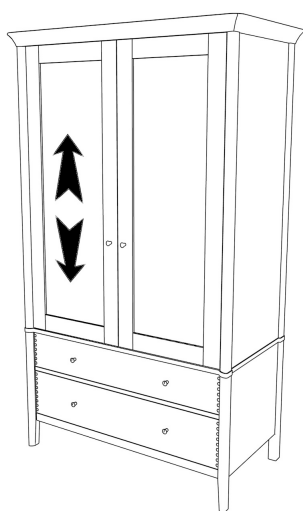

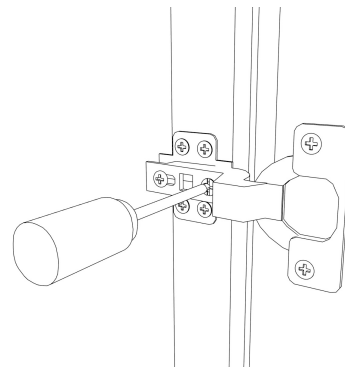

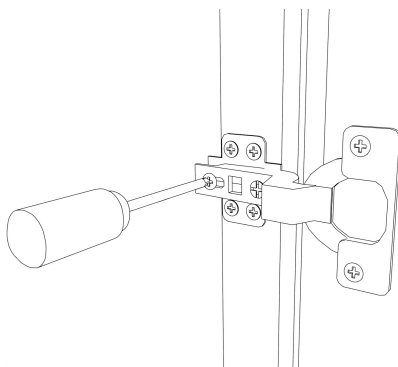

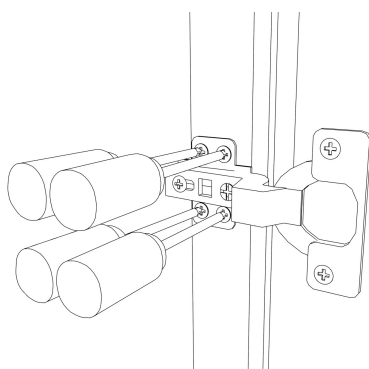

H x 18

Move the wardrobe close to the position where you intend to use it. Sometimes floors are uneven and you may need to lean the wardrobe slightly left or right to make the doors sit square inside the frame (correct position). Once the doors are square (correct position) fit the Back panel (C) using 18 x 30 mm Screws (H) ensuring the rails run horizontally facing the outside of the cabinet. First fit the bottom 2 outer screws, then the top 2 outer and finally the remaining screws

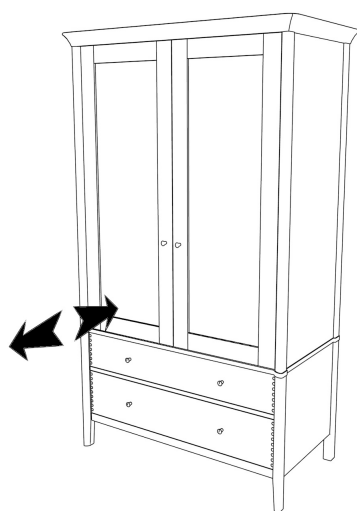

Step Six

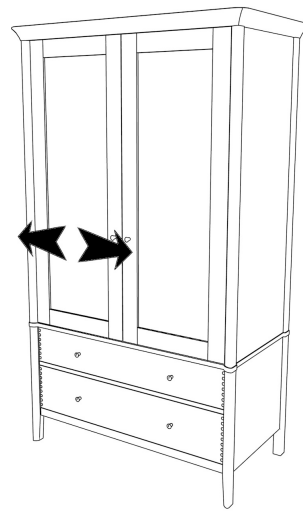

Check that the doors are aligned correctly and if necessary adjust the door hinges as shown below. Check that the magnets hold the door closed and that the doors are aligned correctly as shown below.

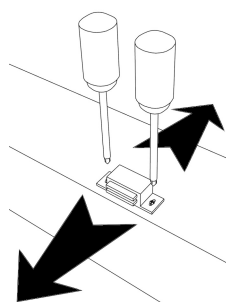

Vertical Hinge Adjustment

Horizontal Hinge Adjustment

Lateral Hinge Adjustment

Horizontal Magnetic Catch

WALL FIXING STRAP

Your Spirit wardrobe is supplied with a Wall Fixing Strap, the fitting of which is optional. Attach one end of the Wall Fixing Strap to the top of the wardrobe with the screw provided and the other end should be attached to the wall by a competent person.

Care and Maintenance

Wood Furniture

The Essence range has been sourced by John Lewis from the finest American Oak and each piece has been carefully constructed to ensure it will give you years of pleasure. The natural characteristics of this oak range may include small cracks, knots, blemishes and grain pattern variations which all add to the natural charm and beauty of this furniture product. Each piece is unique, and for this reason no two pieces within the range will perfectly match, however there will be harmony between all the pieces you may have purchased.

How to care for your wood furniture

Try to avoid prolonged exposure to direct sunlight as this may alter the colour and tone of your furniture over time.

Any spillages that do happen should be wiped up immediately with a clean dry lint free cloth to avoid marking the surface of the furniture.

Safety Instructions

General warnings:

Never drag furniture when moving it, always lift it.

Periodically check all fixings to ensure none have come loose and re-tighten where necessary. Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person. No liability will be accepted for damage or injury caused by incorrectly

Specific warnings for heavy items:

It is recommended that before moving heavy objects to a new location they are completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.
