Parts checklist

Step by step assembly instructions

Step One

1. Attach 4x metal dowels (A) into the pre-drilled holes on top panel (1) as shown. Use a screwdriver to turn fitting (A) clockwise to fix.

Step Two

1. Attach 4x wooden dowels (C) into the pre-drilled holes on rails (5) (6) as shown.
2. Place the cam lock (B) into the holes on rails (5) (6) as shown, arrow pointing towards the bolt.

Step by step assembly instructions

Step Three

1. Attach 4x metal dowels (A) into the pre-drilled holes on side panels (2) (3) as shown. Use a screwdriver to turn fitting (A) clockwise to fix.
2. Attach 4x support foot (F) into pre-drilled holes on side panels (2) (3) as shown.
3. Fix 4x runner parts (Z1) to the side panels (2) (3) through holes shown in the detail view using 8x euroscrews (H) and 4x screws (I).
4. Attach 4x wooden dowels (C) into the pre-drilled holes on side panels (2) (3) as shown.
5. Place 4x cam lock (B) into the holes on side panels (2) (3) as shown, arrow pointing towards the bolt.

Step by step assembly instructions

Step Four

1. Attach side panels (2) (3) to rails (5) (6) as shown. Ensure metal dowels (A) and wooden dowels (C) are aligned correctly with the holes of matching parts before attaching.
2. Secure side panels (2) (3) to rails (5) (6) using a screwdriver to turn fitting (B) clockwise to fix.

Step Five

1. Attach top panel (1) onto sides (2) (3) as shown. Ensure metal dowels (A) and wooden dowels (C) are aligned correctly with the holes of matching parts before attaching.
2. Secure top panel (1) to sides (2) (3) using a screwdriver to turn fitting (B) clockwise to fix.

Step by step assembly instructions

Step Six

1. Position back panel (4) as shown.

Step Seven

1. Attach back panel (4) onto back side of the unit using nails (L), with the help of nail guide (P1).

Important:
The cabinet **MUST**
be 'square' when the
back is attached.

Step by step assembly instructions

Step Eight

1. Carefully stand up the unit upright.

Step Nine

1. Use 2x levelling wedge (N) to level the unit.

Step by step assembly instructions

Step Ten

Fittings have been supplied in order to join units together.

1. Place units together in their final position.
2. Decide position where to drill through using a Ø5 mm bit.
3. Push the Connector (O) into the hole and then screw Bolt (P) in from the other side, tighten with a screwdriver.

Step by step assembly instructions

Step Eleven

To prevent possible overbalancing we recommend that this unit is secured to a suitable wall by use of wall strap (G) fitted to the Top of the unit.

1. Secure one end of the wall strap (G) to the wall.
2. Thread the other end of the wall strap (G) through the gap between the top (1) of the chest and the back panel (4).
3. Working from the front of the chest, fix the wall strap (G) to the underside of the top (1) using the wall strap screw (I).
4. Thread the screw through through the end of the wall strap (G) and into the pilot hole in the underside of the top (1).
5. Do not fix the wall strap (G) to any other component.

! IMPORTANT !

Take care when drilling the wall that you do not drill into any pipes, wires etc. If in doubt, consult an expert.
Wall plug and screw not included. **See wall fixing guide at page 14.**

Step by step assembly instructions

Step Twelve

1. Attach 4x wooden dowels (C) into the pre-drilled holes on drawer sides (9) (10) as shown, repeat for all drawers.
2. Place the cam lock (D) into the holes on drawer sides (9) (10) as shown, arrow pointing towards the bolt, repeat for all drawers.
3. Attach 4x metal dowels (A) into the pre-drilled holes on drawer front (7). Use a screwdriver to turn fitting (A) clockwise to fix, repeat for all drawers.

Step Thirteen

1. Fit the RH (10) and LH (9) drawer sides to the drawer back (11) using 30 mm screws (E), repeat for all drawers.

Step by step assembly instructions

Step Fourteen

1. Slide drawer bottom panel (8) into the drawer box grooves.
2. Position drawer front (7) onto drawer box, turn locking nuts (D) clockwise to lock.
repeat for all drawers

Step Fifteen

1. Fix runner part (Z2) onto the drawer using 4x screws (I)
repeat for all drawers.
2. Fix 2x bumper (M) as shown.
repeat for all drawers.

Step by step assembly instructions

Step Sixteen

1. Tilt the drawer as shown.
2. Slide the drawer box along the runner parts until the stop.
Wheels and runner parts have to be correctly matched as shown.

Wall fixing - if in doubt seek professional advice

Wood

If fixing to wood make sure that it isn't chipboard as screws can easily pull away from the core structure

Brick or Masonry

Use an appropriate wall plug provided you are sure your wall is sound.

Cavity wall

Special toggle wall plugs are needed. Seek expert advice.

Care and Maintenance

This product has been manufactured using modern manufacturing methods and materials. With appropriate in-home care and maintenance it will provide trouble free performances. Many domestic multipurpose cleaning agents are unsuitable for use on this product. The use of aggressive chemicals can result in irreversible damage.

Please follow these guidelines carefully.

USE only 5% soap, 95% water solution, wiping with a damp (not wet) cloth.

Finally dry with a soft clean cloth. Dust with a soft clean cloth only.

DO NOT USE wax furniture polish, abrasive or aggressive cleaners, bleach or hypochlorate (chlorine) based cleaners, multi-purpose cleaners, dilutes, acetone, alcohol, solvent or similar products.

Safety Instructions

Never drag furniture when moving it, always lift it.

Periodically check all fixings to ensure none have come loose and re-tighten when necessary.

Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person. No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

It is recommended that before moving a heavy object to a new location it is completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.

This product is designed to be fixed securely to a sound wall in the manner stated.

It must under no circumstances be used free-standing. No liability will be accepted for damage or injury caused by inadequate fixing or use without fixing.
