

## **AM04 and AM05 heaters**

### **Voluntary safety recall**

Dyson is voluntarily recalling all AM04 and AM05 heaters due to a potential safety issue. Out of a million heaters sold worldwide, they know of a small number of cases where they have short-circuited, resulting in a small fire contained within the machine. There have been no instances of injury or property damage, but safety is Dyson's first priority. It is therefore recalling all machines and implementing a preventative engineering fix in each one.

Visit [dysonrecall.com](https://www.dysonrecall.com) to find out if your machine is affected or for assistance call 0800 0901400.
