

## A 30 Minute Light Aircraft Flight

### THE EXPERIENCE

Enjoy an intimate journey aboard a small aircraft for a half hour flight - just long enough to take in some magnificent views from the two or four seater training plane (such as a Cessna or a Piper) with a fully qualified instructor. Watch as the pilot flies the craft with ease, explains the controls and demonstrates how it is done. At the pilot's discretion (for confident feeling flyers), take over the controls and feel the true thrill of flying a plane. Gifts for him or her don't come much better than this and anyone who catches the flying bug can use the time in the air towards a Private Pilot's Licence.

### AVAILABILITY

Many venues operate seven days a week all year round. Please note that weekends are particularly busy - please book several weeks in advance. During the winter months flights are usually run earlier in the day, during daylight hours.
