TECHNOLOGY

Now, you can clean any stains **with just water!**

MAINTENANCE

For routine maintenance of your couch recommend periodic aspirate the entire surface. You can use a domestic vacuum cleaner with a brush adapter.

Clean with water, in **three easy steps:**

The AquaClean Technology eliminates small wine stains, coffee, food and even some markers without resorting to washing with soap.

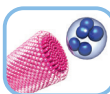

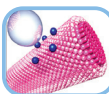

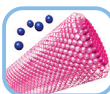

1. Remove any excess product that has spilled on the fabric.

2. Apply water to the stain, either directly or using a paper tissue or an absorbent cloth, without making the upholstery too damp. Wait for a few seconds.

3. Press the stain with the paper tissue or cloth, then gently rub the fabric with circular movements. If the stain does not disappear completely, repeat the process as many times as necessary.

IT'S SO EASY

In the usual care sofa washing is not necessary. However, with large stains before washing review the following instructions:

- Max. 30°C.
- Do not centrifuge.
- Do not use bleach.
- Do not tumble dry.
- Do not dry in the sun.
- Do not wring out or twist.
- Do not iron.
- Can be dry cleaned.
