

HOW A BABY CARRIER CAN CHANGE YOUR LIFE

A baby carrier is an amazingly comfortable way to keep your baby close to you while freeing up your hands to get things done. It also helps to support the physiology of newborns and toddlers which can have a positive effect on hip joint development.

BOND. SOOTHE. HAPPY BABIES.

- 1 Promotes bonding with your baby for you and other caregivers in your baby's life.
- 2 Helps to soothe your baby and monitor his/her vitals.
- 3 Happy Babies. It's true ... carried babies often cry less! In a study published in the journal Pediatrics, researchers found that babywearing for three hours a day reduced infant crying by 43 percent overall and 54 percent during evening hours.¹
