

THE LIGHTING
Crystal clear

A chandelier shade with crystal detail creates ambient lighting, throwing shards of glimmering light around the room.

Get that hotel feel with plump pillows and high-quality bedding, topped with a sumptuous throw for added comfort and indulgence.

Attention to detail is a key element of this look. Add a touch of glamour with cut-glass and mirrored finishes in candlesticks, photo frames and decorative objects.

Little touches of luxury will make your guests feel welcomed. Place a bedside table for convenience, and choose a few carefully selected pieces of wall art.

THE FABRICS
Luxurious textiles

This scheme is characterised by its opulent fabrics. Choose sumptuous satin and silk, or tactile velvet and chenille, in upholstery, cushions and throws. For luxury under foot, add a deep-pile carpet.

Striking art work dominates the walls to provide a focal point and a sense of opulence. At windows, plantation shutters and heavy curtains have a grand effect.

Decorative details and statement pieces are essential elements of this style

A sumptuous velvet sofa set around a coffee table provides a place for intimate entertaining, under the glow of a chandelier.

THE COLOURS
Elegant shades

The Boutique Hotel palette is jewel-like and sophisticated. Co-ordination is key; choose just two or three colours, then mix and match throughout.

THE ACCESSORIES
Reflective surfaces

Decorative objects are considered and kept to a minimum; put just a few artful pieces on display, to recreate the subtle sophistication of hotel styling.

Dress your table with polished silverware, the whitest china and sparkling crystal glasses, for a luxurious dining experience.
