Need design inspiration for your home?

Our Home design service can help
make it perfect for you.

Featured on the front cover: Dawn Kelleher, Home Design Advisor

John Lewis department stores SD840-98 / 04.15

If you want to create the home of your dreams, but you're short of time or inspiration, our Home design service can help. Our experienced advisors understand the latest trends in home interiors, plus all the classic styles. They know all our products, and can co-ordinate our range of expert services to bring your ideas to life, in your style, to your budget.

Whether you're looking for a complete design scheme, a seasonal rethink, or just some smart ideas to transform a single room, we'll bring a fresh and creative perspective to your project. How much help we provide is entirely up to you; choose from our two different levels of service to find what you need to make the most of your home.

Do you need some ideas and inspiration?

A free in-store appointment with one of our Home design advisors is a great way to get some beautifully stylish ideas that will make a big difference to your space. It's ideal for smaller scale projects, especially if you have some understanding of what you're looking for, but need help with the specifics.

What to expect

Typically your appointment will last about 90 minutes. First your advisor will spend some time getting to know your taste and style, before using our catalogues and roomsets to help you select the key pieces that will transform your space.

We'll work with your current design schemes, and talk you through our ranges, showing you how to co-ordinate colours, furniture and accessories to get the look you want. And when you've found what you're looking for, we'll help you order and arrange delivery.

Ready to book?

An in-store Home design appointment is free, and you're not obliged to buy anything. To request your appointment please visit johnlewis.com/services, call your local John Lewis, or talk to one of our Partners in store.

Do you have a larger project in mind?

If you're planning a more ambitious project and you're not sure where to start, why not book an at-home consultation with one of our Home design advisors? From refreshing a single room to renovating your entire home, no challenge is too big, and we can help you to redesign your space.

What to expect

First your advisor will visit your home, to see your space, explore your style and discuss the project. This consultation will take a couple of hours, and they'll bring swatches and catalogues to help you choose the look you want.

Your advisor will then invite you to an in-store appointment a week or two later, where they'll show you a portfolio of ideas that they've created for your scheme. Then they'll accompany you around the shop, helping you choose any furniture or furnishings which are part of your new scheme.

Once you're happy to proceed with the design, your advisor will help bring everything together, managing and co-ordinating your orders. And once we've brought your new scheme to life in your home, your advisor will be on hand to make sure you're completely satisfied.

Ready to book?

An at-home consultation costs £200, which is redeemable against the final delivery and payment of any made to order products that you purchase for your project. To request your consultation please visit johnlewis.com/services, call your local John Lewis, or talk to one of our Partners in store.
