TRANSFORMING EDINBURGH

A new multi-million pound shopping, entertainment and dining destination is taking shape in the heart of the city – Edinburgh St James.

Set to launch in 2020, this exciting development is already underway.

John Lewis will remain open as usual throughout the construction programme.

EDINBURGH ST JAMES

Located in the heart of the city, the 1.7 million sq ft Edinburgh St James scheme is one of the largest development projects currently taking place in the UK. The redevelopment will see the 1970s St James Shopping centre replaced with 850,000 sq ft of shopping, dining and entertainment space in addition to a five-star hotel, up to 250 new homes and a cinema.

We are creating a world-class space that will give residents and visitors a place to live, visit and shop right in the centre of Edinburgh.

JOHN LEWIS

John Lewis is staying open throughout the construction programme, while the St James Shopping Centre is being demolished to make way for the exciting new shopping destination.

You will notice a number of changes as we work hard to minimise disruption and maintain access to your John Lewis shop:

- A new entrance to John Lewis from Leith Street, in addition to the main entrance.
- The John Lewis Customer collections will be accessed via the main entrance. Specific car parking spaces will be available in the nearby Q-Park OMNI.
- Exciting new audio and television department and Place to Eat.

Following the closure of the John Lewis and St James Shopping car parks, the nearest parking facility is Q-Park OMNI.
