John Lewis

fitted bedrooms
and home offices

Good to know

John Lewis is well known for great design, reliable quality and real value. You will find all these things in our comprehensive fitted bedroom and home office service.

Our service begins with an experienced designer visiting you at home to creatively plan and design your room for you. Not only will they bring with them a full set of samples to choose from, they will also provide a 3D visual and floor plan of how your room will look.

If you decide to go ahead and purchase, a surveyor will visit your home to double check all the measurements before your furniture is manufactured. Depending on which range you have chosen this typically takes six to eight weeks. A qualified installer will then fit your furniture with the greatest of care and minimal disruption.

All our John Lewis fitted bedrooms and home offices are made in the UK and come with a 10 year guarantee included in the price. We offer affordable and flexible Interest Free Credit **(0% representative APR)** on selected products when you spend £1,000 or more. See page 44 or visit johnlewis.com/interestfreecredit for more information. So as well as a beautiful new room, you can enjoy complete peace of mind.

Buying John Lewis fitted furniture in four easy steps:

1 Create

One of our experienced designers will visit you at home to creatively plan and design your bedroom or home office. They will bring a full set of samples, so you can see all the optional finishes and features.

The designer will listen to your specific requirements, storage needs and answer any questions you might have. After measuring your room and creating a floor plan, they will produce a 3D drawing of how your room will look.

2 Quote

When you've decided what you would like in your room, the designer will prepare a detailed quotation. This will include delivery and installation.

3 Survey

If you decide to go ahead, we'll send a surveyor to your home to double-check the measurements. They will also check other details with you, such as your chosen interior options, finishes and handles.

Your order will then be manufactured. Depending on which range you choose, this will typically take approximately six to eight weeks.

4 Install and enjoy

When your furniture is ready our professional installer will deliver it to your home. Installation typically takes between one and two days. The installers will remove any packaging and waste from your home and leave your new bedroom clean and tidy.

Once all the work has been completed, all that's left is for you to relax and enjoy your new bedroom. And for your peace of mind, all John Lewis fitted furniture comes with a 10 year guarantee.

Experts on Hand

Also available as a sliding option, Lugano is hugely versatile. Above is a sleek solution for your box bedroom.

Lugano

Here we've combined colour and texture with clean, simple lines to create a bedroom feel that is individual and stylish. Available in a choice of ten different finishes which you can mix and match to create a space that's unique to you.

Lugano

The latest addition to our contemporary styled bedroom furniture features gently curved wardrobes that ooze style and sophistication. Why not complete the look with co-ordinating low level furniture which we've finished here with curved cupboards and mirrored drawer fronts.

Manhattan

Manhattan, a sleek and simple door, offers cool sophistication. Choose from a range of wood effect finishes, high sheen or glazed doors to create a modern living space.

Choose a matching bleached spruce front or a contrasting mocha high sheen as shown here.

Manhattan

Manhattan is shown here in our striking Walnut finish creating a confident design statement for your room. Use glazed or mirrored doors to create a softer feel amongst the vast expanse of wardrobes, then finish the room with matching headboard and low level furniture giving you even more storage.

Choose from a variety of interiors – from double and single hanging, unlimited drawers and shelving options.

Modena

Modena has a truly contemporary feel. With a choice of doors in natural light oak veneer, oak veneer in one of four tinted finishes, or bronze mirror doors, you can mix and match to achieve the look that is right for you.

Suffolk

This Shaker style is available in Oak, Gardenia and White offering timeless design that will complement any type of house.

A window seat provides great storage and is practical too.

Verona

Verona creates a style that is simple and elegant in design. Made from a light oak veneer, Verona will make a style statement in any room and is available in natural light oak or in four tinted finishes. Choose from bleached oak, limed oak, washed oak or warm oak to suit any style of room. With a choice of plain or silver mirrored doors as well, you can personalise your room as you want it.

Verona

Verona in Light Oak veneer comes with a choice of two handle options either a rustic knob or a nickel handle creating two very distinct looks. Shown here the nickel handle creates more of a contemporary feel. Combined with muted styling tones the furniture acts as the showcase piece within your room.

Five drawer chest

Haddington

This stunning range is a new addition and features a light grain painted finish with a neutral palette of six colours. Available with a wide range of fitted storage solutions to maximise every inch of space.

The Haddington range comes either hinged or with a sliding door option.

The linen press completes the overall look with its ornate handle.

Cotswold

Cotswold offers a modern take on old fashioned opulence. This traditional door can be designed with glazed doors allowing you to personalise your fabric choice.

Evesham

The simple styling of Evesham works well with sloping ceilings. This popular design suits both contemporary and more traditional homes. By using mirrored doors you can create the illusion of greater space and reflect the light back into the room.

Vista

Sliding doors – just the answer when space is at a premium. Available in a choice of colours and a selection of glass or silver mirror finishes. Vista adds a touch of finesse to the room and makes a powerful design statement.

Our Vista range beautifully co-ordinates with Manhattan low level furniture for a fully fitted look.

Vista is available with two different interior options. Choose from either a wooden framework with wooden shelving and drawers, or a metal framework with wooden shelving and drawers. The wooden shelving and drawers are available in oak or urban walnut.

If you have a sliding wardrobe then the Vista interior system comes as standard. This contemporary styled interior offers full flexibility. With single or double hanging rails, shelving options and a floor to ceiling shoe rack, there are an enviable amount of styles available to suit you and your lifestyle.

Storage

Whatever your storage needs or problems, there is a range of inspirational ideas and configurations to suit you.

Front Frame solution

If your room is awkwardly shaped, or you have additional character features like sloping ceilings or chimney breasts, then the Front Frame construction will help you maximise your space. This construction method allows you to utilise the space from wall to wall and floor to ceiling. You can choose from a variety of interiors, from single or double hanging, shelving or interior drawers.

The internal floor comes as standard.

The continuous hanging rail allows for lots of storage and easy access.

All John Lewis doors have four hinges to give them more strength and durability.

Hinge covers ensure you don't snag your clothes. Soft close doors featured in all wardrobes.

All drawers have a four sided drawer box for extra durability.

John Lewis Premium Storage Solution

The Premium Storage Solution utilises a full carcass construction. That means your wardrobe comes with roof, side panels and a floor. Each area of your wardrobe will be sectioned off and the shelves will be fully adjustable.

Solid nickel shelf supports offer extra strength and durability.

Curved hanging rails make the most out of any corner space.

office

A modern home office needs to be practical and efficient. John Lewis offer three ranges in a choice of finishes providing a versatile solution to all your requirements. Whether your room is a dedicated study, a dead space under the stairs or has a sloping ceiling there's an option to suit all environments.

Every consideration is given when planning your home office, from your seating position and light source to how much storage your office demands. Whether your office is used occasionally or everyday, we can provide the ideal solution.

Handle in brushed Nickel

Modena

Modena office in a Light Oak Veneer finish offers a practical and stylish solution for any home office.

With a choice of either a fitted workstation or this impressive freestanding desk, there will be lots of space for all your working tasks. The glazed bookcase comes with tinted glass shelves and interior lights to illuminate your books and ornaments.

If you have the space, you could always choose the cube styled bookcase as an alternative display unit that will make a practical and stylish solution to any home office.

Lugano

Lugano offers the flexibility to create your own contemporary office. With a choice of two rich wood grains you can mix the door fascias using our muted palette of high sheen and matt finishes. A simple angled tab handle allows for a streamlined modern finish. Personalise your storage further by adding a glazed bookcase with tinted glass shelves and lighting.

Haddington

The Haddington office with clean, classic lines will inspire any home office environment. With its lightly grained painted finish and contrasting Dark Spruce worktop everything works perfectly to create a practical and elegant home office. Haddington also comes complete with a range of office storage solutions. With our cube inspired bookcase you can choose to add doors to give a clean uncluttered look.

Doors

Choose from a wide variety of door styles and colours. All wardrobes and chests are fitted with soft close as standard.

Conditions of sale

Our conditions of sale have been designed to help ensure the planning and fitting of your new room goes as smoothly as possible.

Every room is different

Each John Lewis bedroom and home office is made to order. When your estimate is produced it is your responsibility to ensure that the information and specification it contains meets your requirements.

Natural materials

Furniture that uses wood components or wood veneers will display natural grain and colour characteristics that may vary from what is featured in showroom displays and photographs. We cannot supply specially matched components.

Building work

If you need sockets or radiators moving or any building work that needs to be carried out as part of your project, this must be complete before we can start your installation. This work is your responsibility.

Timescales

As each room is only manufactured for each customer, we do not begin making your furniture until after the surveyor has visited you and you have checked the order is as you would like. Depending on which range you choose, this will usually take 6-8 weeks. A guideline time will be given to you at the time of purchase.

Preparing for installation

In order to make your installation as simple and easy as possible, the room to be fitted should be clear of your current furniture. Please ensure that the pathway to your room is also clear.

It is inevitable that some disruption will be involved whilst we are fitting your new room. However, our installers will keep your room as tidy as possible.

Fitting and delivery

Your room will be delivered and fitted by one of our experienced installers. The furniture will sometimes be delivered direct to your home prior to installation. This applies to selected postcodes and you will be notified in advance if this is the case.

Payment

We require a 20% non refundable deposit on acceptance of our estimate. The balance will be payable 15 working days prior to installation.

We accept payment by Maestro, Visa, Mastercard or cash. Prices are valid for 28 days from the date shown on your estimate.

If you have any further queries about your service or require a full set of our conditions of sale, please contact your local John Lewis Store.

Interest free credit

Terms and Conditions for Interest Free Credit **0% representative APR subject to status.**

To qualify for the Interest Free Credit you need to spend a minimum of £1,000 (up to a maximum of £25,000). Repayments are monthly and repayment periods are 1 year for purchases from £1,000 to £2,999 or your choice of either 1 year or 2 years for purchases of £3,000 or more.

Interest free credit is only available in store on indoor and outdoor furniture, floor coverings, curtains, poles and blinds with a minimum deposit of 10% required and on fitted bedrooms, bathrooms, kitchens and shutters with a minimum deposit of 20% required. Offer excludes nursery furniture. ID may be required for the loan application and acceptance is subject to status. John Lewis Plc, 171 Victoria Street London SW1E 5NN, is a Credit Broker (regulated by the Financial Conduct Authority licence number 515731) for the purpose of introducing

the credit provided by the lender Hitachi Capital (UK) Plc trading as Hitachi Capital Consumer Finance (HCCF), 2 Apex View, Leeds, LS11 9BH. (HCCF are regulated by the Financial Conduct Authority number 449753). John Lewis do not receive a commission from HCCF and do not have arrangements with any other lenders in relation to the Interest Free Credit.

Prices

Prices will be notified at the time of ordering. This publication supersedes all previous Fitted Bedroom / Home Office publications and is valid from December 2015 until our next Fitted Bedroom / Home Office publication.

Colours and designs

Due to the photography and printing process some colours may not be a true representation of the product. Please see sample for actual colour. It may be necessary for us to change product specification without prior notice.

10 year guarantee

All John Lewis bedroom furniture shown in this brochure comes with a 10 year guarantee.

For a full copy of our guarantee, please contact your local John Lewis shop.

Responsible sourcing

We're committed to bringing you quality products, while reducing our impact on the environment. That means knowing where our materials come from, minimising our packaging and recycling what we can. It's all about finding better ways of doing business, bringing quality to life every day in simple but important ways.

Sustainable timber

We recognise that the production of timber-based products can have an environmental and social impact and that's why we've developed our timber policy. It makes it clear to our suppliers the role we expect them to play in supporting sustainable forestry practices and in curbing the worldwide trade in illegal timber.

We aim to have full traceability on all of our timber, to ensure it's legally compliant and where possible, independently certified as being from a responsibly managed source.

To make sure this happens, we only work with suppliers who share our values, and put sustainable timber sourcing at the heart of their business too.

Packaging

Packaging plays an important role in protecting your bedroom while on its way to you but we're also mindful of creating unnecessary waste. We're committed to minimising the amount of packaging we use whenever we can, and exploring the use of new, more environmentally responsible materials.

Recycling

By law, we're required to enable you to recycle up to 80% of product packaging and to do this we contribute up to £1 million a year towards supporting recycling compliance schemes that invest in local recycling centres across the country.

We also actively support waste reduction and recycling within our business, for our customers and among our suppliers. We aim to divert as much of our operational waste away from landfill as possible and have a target of 98% by the end of 2015. We also look for opportunities to recycle whatever we can and to use waste within our business. For example, our Click & collect boxes are made from our own recycled cardboard.

Our suppliers

We've been working with like-minded bedroom suppliers for well over a decade. We believe the main reason these relationships are so successful is that these suppliers share the same passion for bringing quality to life as we do.

We expect them to obey the law, to respect the rights, interests and wellbeing of their employees, their communities and the environment, whether in the UK or further afield.

Committed to finding new and better ways to do business, we actively encourage our suppliers to do the same in relation to sustainability and responsible sourcing.

Made in UK

All our fitted bedrooms are made in the UK. We work with the leading UK fitted bedrooms manufacturers who use state of the art technology and classic craftsmanship to provide a wide range of quality complete bedrooms.

Some materials used in our worktops may come from overseas, but all are hand crafted by skilled British craftsmen.
