

John Lewis
Granite worktops

The natural beauty and extraordinary functional properties of John Lewis granite make it an ideal work-surface for adding luxury to your home.

As a naturally occurring product from around the world, each granite work-surface is unique with it's own individual colourings and markings.

Features

- Unique markings
- Extremely hardwearing and durable
- Heat, water and scratch resistant
- Low maintenance

With over 29 colours to choose from across 5 price bands there is something to suit everyone. Maximum worktop lengths are typically 2800mm – 3000mm dependant on material, and we can template and install anywhere in mainland UK.

Guarantee

For your absolute peace of mind all of our granite work-surfaces and installation service are fully supported by a 15 year warranty. Terms and conditions apply.

Features and benefits

Range characteristics

Natural granite available in a choice of over 29 materials

Heat resistance

Granite is very heat resistant, but we do not recommend placing hot pans directly onto the surface

Stain resistance

Granite is naturally porous, but all our work-surfaces are sealed to protect them giving a 15 year warranty. Terms and conditions apply
