GHOST

Ghost is a luxurious fashion brand that has been creating clothing that women love to wear for over twenty five years.

Feminine, ageless and timeless Ghost's biased cut dresses are the perfect choice for any special occasion.

Ghost's signature is the use of individual fabrics with their amazing feel and distinct fabric combinations.

Ghost fabrics go through a unique shrinkage dye process. This creates the beautiful vintage colour variations and makes Ghost dresses elegant and original.

All of these fabrics are produced from natural sources and woven by Ghost's own factory, making these fabrics different to any other fashion brand.

All our dye to order garments are machine washable.

Ghost is the perfect choice for the modern bride, bridesmaid or wedding guest.
