

An Intermediate Golf Masterclass with a PGA Pro

THE EXPERIENCE

Begin with a two and a half hour golf lesson covering all aspects of set up, swing technique and a short game, including a brief performance analysis, either by video or using Explanar - an alternative golf training tool designed specifically to develop all areas of the game. In the afternoon, players are taken onto the golf course to put the tuition into practise under the supervision of the professional. The itinerary is subject to change depending on the standard of attendees. Lunch is included. A free mail golf service is available for the three months following the experience (maximum six emails).
