

Wrought Iron and Brass Beds

Lifetime Guarantee

Our beds come with a lifetime guarantee, meaning if there is a fault or break we will replace the part free of charge. The guarantee does not cover against general wear and tear; chips, misuse or tarnishing.

Tarnishing

All our finials are hand turned from authentic brass. Therefore, over time it shall start to tarnish and create that beautiful heritage look. Tarnishing is a natural process and therefore, your brass work may not tarnish evenly. As our brass is un-lacquered, it can be cleaned using good quality brass cleaner.

Handling

Our beds are heavy and we recommend they are handled by two people or more. Please take care when handling or moving, as careless handling may cause damage or injury.

Care Guidelines

Dust with dry cloth. Furniture polish maybe used on iron work only, when sprayed onto a cleaning cloth first.
