## Contents

Cooking	3
Refrigeration	37
Washing	47

Our new range of John Lewis Home Appliances are thoughtfully designed for you, combining the latest technology with smart features that make a real difference – and make your life that little bit easier.

You'll find the great value, performance and quality you'd expect from us, as well as lots of thoughtful touches.

Because we know that energy efficiency matters to you, all our ovens are A rated or above, costing less to run while being more environmentally responsible. And, as ever, all your appliances come with a three-year guarantee included at no extra cost. We can look after the little details too, with a range of extra services including installation and door adjustments for your new appliance, and disposal and recycling of your old one.

Need a little help bringing your dream kitchen to life? Discover our expert fitted kitchen service, which takes care of everything, from planning and design to installation. To find out more, see page 73 or go online at [johnlewis.com](http://johnlewis.com).

A close-up photograph of a gas hob burner. The burner is made of brass and has a vertical flame. The flame is a bright yellow-orange color and is directed upwards. The burner is set into a black hob. The background is dark and out of focus.

## Cooking Appliances

More efficient, easier to look after and with new, helpful, everyday features to make the most of your time in the kitchen, each of our ovens and hobs is designed with you in mind.

Think hobs with induction zones for fast, even heating, ovens with steam cooking to keep the taste and goodness in, touch controls and digital displays for more accurate cooking, plus self-cleaning ovens, for one less job to do.

And, because sometimes you want the best of both worlds, we've designed new dual fuel models, too. Complete the look with our all-new range of stylish, high-performance cooker hoods and you're ready to get creative in the kitchen.

Heat where you need it most.  
Our vertical flame hob minimises heat loss  
and helps reduce energy consumption

Thoughtfully designed for you

John Lewis  
electric single oven  
JLBIOS615  
Stock number 890 30210

£399

3-year guarantee

This sleek, single oven is packed with smart features to make cooking – and clearing up afterwards – easier than ever.

When used at a high heat, this oven’s catalytic lining disperses any splashes of grease and fat for hassle-free cleaning, while the exterior is easier to use and look after, too, thanks to push buttons and an anti-fingerprint stainless steel finish and the door’s soft-close design ensures a smooth, easy action.

**Dimensions**

John Lewis  
electric multi-function oven with steam  
JLBIOS618  
Stock number 890 60202

£799

3-year guarantee

For one less job to do in the kitchen, this oven's self-cleaning, pyrolytic interior burns grease to dust, making it easy to simply sweep out. Plus, it comes with a host of clever cooking features to help you perfect your favourite dishes, too.

This oven offers steam dedicated programmes that add 25% steam to the cooking process that gives great tasting and wonderfully juicy results. A handy meat thermometer tells you exactly when it's ready and telescopic runners make checking on your cooking – and taking it out once it's done – quick and easy.

John Lewis  
60cm dual-fuel double-oven cooker  
JLFSMC613  
Stock number 866 00206

£799

3-year guarantee

If you prefer a gas hob but like to vary your oven functions, this multi-fuel cooker offers the best of both worlds.

The fan-assisted main oven is complemented by the top oven's conventional cooking grill and the four-burner hob includes an extra-large, powerful burner that's perfect for woks and larger pans. The oven is incredibly easy to clean, too, with a removable inner glass panel and catalytic lining which instantly disperses grease.

Finish  
Stainless steel

JLFSEC612  
Stock number 866 20210

£999

3-year guarantee

This electric cooker combines a fast, efficient induction hob with a versatile double oven.

The hob's induction technology heats up and cools down faster for instant results and greater energy efficiency, and – because spills won't burn, and thanks to the touch controls – it's easy to clean, too. The oven has a variety of functions, including conventional and fan cooking, plus the catalytic lining instantly absorbs grease, so you can leave it longer between cleans.

With its double oven and six gas burners, this impressive cooker is built to handle even the busiest of kitchens.

The large main oven has seven functions, including a conventional top and bottom element for traditional cooking, and Circulaire function offering combined fan and circular element heat, for an even temperature and faster cooking time, while the vapor clean function aids cleaning. The second oven has four functions, including grill with fan. Both ovens have double-glazed thermo-reflecting doors to keep the outside surface cool, and there's a storage compartment for stowing away trays, pots and accessories.

## Integrated Refrigeration

Our new integrated fridges and freezers may be discreet, but an impressive range of design features deserve a little attention.

Each one has extra deep, extra big cool space, so you'll never have to squeeze things in, and all our freezers are frost-free, so you can say goodbye to defrosting, too. Wine connoisseurs will love our fridge-freezer with separate zones for red and white wine, helping store both at just the right temperature.

What's more, even though our range is bigger and better than ever, every model is still A+ rated for energy efficiency, costing less to run while being more environmentally responsible.

Our integrated wine cabinet dual zone temperature control, perfect for both white and red.

Thoughtfully designed for you

## Integrated Washing

Our integrated washing machines and dishwashers are designed to lend a helping hand, whenever you need it.

That's why you'll find dishwashers roomy enough to take care of those extra-large plates and dishes, and a slimline washing machine with a full size drum – because a small kitchen shouldn't mean less capacity.

And, because saving energy matters to you too, every one of our washing machines and dishwashers is rated A or above for efficiency, with energy saving programmes to help keep the bills down, as well as time-saving programmes for when you need a really quick wash.

For when your dishes need  
a really quick hot wash

John Lewis  
integrated slim-line dishwasher  
JLBIDW902  
Stock number 887 10202

£449

3-year guarantee

Because a compact kitchen shouldn't mean doing without a dishwasher, our sleek, slimline model squeezes the performance you need into a smaller space. The handy spotlight means you'll always know when it's on, and how long it has left to run, and there's a range of programmes for every occasion. The speedy, 30-minute wash and dry is great for keeping bills down or a quick cycle between courses, plus there's an automatic programme which senses the load size and level of dirt, and sets the time, water and temperature to tackle it.

John Lewis  
integrated washing machine  
JLBIWM11402  
Stock number 888 30203

£479

3-year guarantee

Designed to fit seamlessly into your kitchen, our built-in washing machine is perfect for hiding laundry discreetly behind closed doors. But subtlety doesn't mean compromising on capacity or performance – this machine makes light work of a full 6kg load and has a range of programmes, including a super-quick 30-minute wash, as well as energy saving options.

## Making shopping easier for you

### Three ways to shop

We understand that shopping for home appliances can be a big decision, and we want your shopping experience to be as hassle-free and flexible as possible. That's why we offer three ways to shop. You can visit one of our stores, where our Partners can offer impartial advice and in-depth product knowledge, order by phone 7 days a week, or go online at [johnlewis.com](http://johnlewis.com).

Our website offers the same level of service you'd find in our stores, as well as buying guides, and recommendations and reviews from other customers. Shopping on the go is now easier too, with a special version of [johnlewis.com](http://johnlewis.com) for your mobile. Whichever way suits you best, you can enjoy free standard delivery on orders over £30, and choose from a range of other convenient delivery options, including named day and weekday evening.

### Experts on hand

Once you've chosen your new appliance, we can also offer a range of product services to help get it up and running. Our experts can install your new appliance, reverse fridge doors and even take away your old appliance to be recycled or reused. For more details and prices, go to [www.johnlewis.com/installation](http://www.johnlewis.com/installation)

And if you're looking to plan your dream kitchen, our fitted kitchen service offers a range of stylish solutions for a range of budgets, all boasting a high level of craftsmanship and attention to detail. To see the range and find out more speak to one of our Partners in store, or go online.

### Never Knowingly Undersold

It's a promise that began 80 years ago, and it's still going strong today. To us, value means much more than being competitive. It's about all those extras that are worth a lot, like impartial advice, or feeling confident that the product you've just bought will last. So whether you're shopping online or in store, you can always count on our fair prices, quality products and excellent service.

You can read the full Never Knowingly Undersold policy online, or pick up a leaflet in our stores.

### Guarantees

Our guarantees ensure that our service doesn't end with your purchase. All our own brand home appliances come with the peace of mind of a three-year guarantee, (microwaves two-year) at no extra cost. You can also buy a John Lewis Home Appliance Plan to include potential repair costs that occur once the guarantee has expired.

You can buy a Plan from us when you purchase your item, or if you prefer you can wait and buy it within 30 days of your purchase. To find out more, please visit your local store and pick up the relevant plan leaflet or talk to one of our Partners. You'll also find more information at [www.johnlewis.com/serviceplan](http://www.johnlewis.com/serviceplan) or by calling us on 0330 100 3250.

Guarantee and Added Care

Three-year service guarantee

All John Lewis appliances are covered by our three-year guarantee, provided at no extra cost. This provides you with a repair service in the event of a breakdown of any mechanical parts of your product. This does not affect your statutory rights.

We provide the repair service without charge, up to a cost equal to the original purchase price paid for the product. All repair services are carried out by authorised service technicians.

If we can't repair your item, we'll replace it with an item of equivalent specification. If no equivalent product is available we'll discuss an alternative settlement with you, and we'll always do our best to make sure you are satisfied with the outcome.

During your guarantee period should you have any questions, please contact your local John Lewis store and to talk to one of our Partners.

Added Care

Add to your peace of mind with Added Care, you'll enjoy the same benefits for a period of up to 5 years, while also adding further benefits not included in the original guarantee.

You can buy John Lewis Added Care at the same time as you purchase the electrical item, or if you prefer, you can wait and buy it within 60 days of purchasing the item. Whether or not you purchase Added Care, you have various statutory rights that apply to the purchase of your electrical goods.

Your statutory rights include the right to claim for a repair or replacement for up to 6 years (5 in Scotland) if your electrical product was not of satisfactory quality or fit for purpose when we sold it to you. If a fault occurs within the first 6 months, it's up to us to establish that the product you purchased was of satisfactory quality and fit for purpose. However, after the first 6 months, you'll have to prove that the product had a fault when we first sold it to you.

Added Care for your home appliance is provided by The Warranty Group (Isle of Man) Limited.

Extended warranties are also available from alternative providers such as manufacturers and insurance companies. Some household contents insurance policies cover accidental damage.

You can cancel Added Care at any time. If you have not made a claim you cancel within 60 days from the date of purchase and you will receive a full refund of the premium paid. If you have made a claim you will receive a pro rata refund based on the number of full

unexpired months remaining on your policy. After 60 days you may cancel the policy and will receive a pro rata refund based on the number of full unexpired months of cover remaining regardless of whether a claim has been made.

We're here to help

Call our Added Care team on 0330 100 3637  
8am – 6pm Monday to Friday  
9am – 4pm Saturday  
9am – 5pm on Bank Holidays

Customer services 03456 049 049

Our Customer Service team are on hand 7 days a week, 7am to midnight, to answer any questions or queries you might have. (Please refer to your service provider for charges).

Please ask our store staff for our John Lewis fitted kitchens and electrical appliances brochures.

Terms and Conditions

**For full Terms and Conditions** Please visit our website at www.johnlewis.com and click on Customer Service. Your statutory rights are not affected.

**Pricing policy** We set highly competitive prices for all our products, with a dedicated team regularly checking them against other high street competitors. If we find a national high street competitor offering a better nationwide price for the same product, sold with the same service conditions, we'll lower our price to match in all our shops and on our website (johnlewis.com), including when a competitor is having a sale. Just occasionally you may find a temporary difference in price when one of our department stores is matching a local competitor. Our commitment to Never Knowingly Undersold means that whilst prices and services details are correct at the time of going to press they may change over time, prices include VAT at 20% and exclude delivery charges. Correct prices will be notified at the time of ordering, but please check www.johnlewis.com or call 08456 049 049 for our current prices. We don't expect you to find a lower price at another high street competitor for the same product, sold with the same service conditions, but if you can, we'll match the price when you purchase or refund the difference for up to 28 days after you've bought from us.

\*See our Never Knowingly Undersold leaflet in store or online for details. This publication supersedes all previous publications and is valid from March 2014.

**Supply** All products shown are subject to availability. We reserve the right to refuse to supply any individual or company. You must be over 18 years of age to order from this catalogue.

**Cancellation** You are entitled to cancel your order within 7 working days of receiving delivery. If you wish to cancel your order at any point please call us on 03456 049 049 between 7am and midnight, 7 days a week, or email us at customerservices@johnlewis.com. If you have already received your order and wish to return it, please refer to our refund policy (see below, or online and in our shops for full details).

Our Refund Policy

**Exchanges and refunds** We want you to be happy with your purchase. If you're not, just return the item with proof of purchase and we'll exchange or refund it.

**Proof of purchase** If you want a refund but don't have your original till or gift receipt, your order confirmation or delivery note, we will give you gift vouchers to the value of the current selling price.

**Condition of returns** It is important that returned items are in the best possible condition, so please take reasonable care of them.

**Delivery charges** We will refund any delivery charges shown on your proof of purchase, provided you return the full order. Please see online for our full refund policy covering all items sold by John Lewis Direct.

None of the above conditions affect your statutory rights when goods are faulty, or not as described. For your rights of cancellation under the Consumer Protection Distance Selling Regulations please see online for terms and conditions.

**Our details** For Customer Services, please call 03456 049 049, 7am to midnight, 7 days a week. Email us at customerservices@johnlewis.com
