John Lewis Appliances

Thoughtfully designed for you

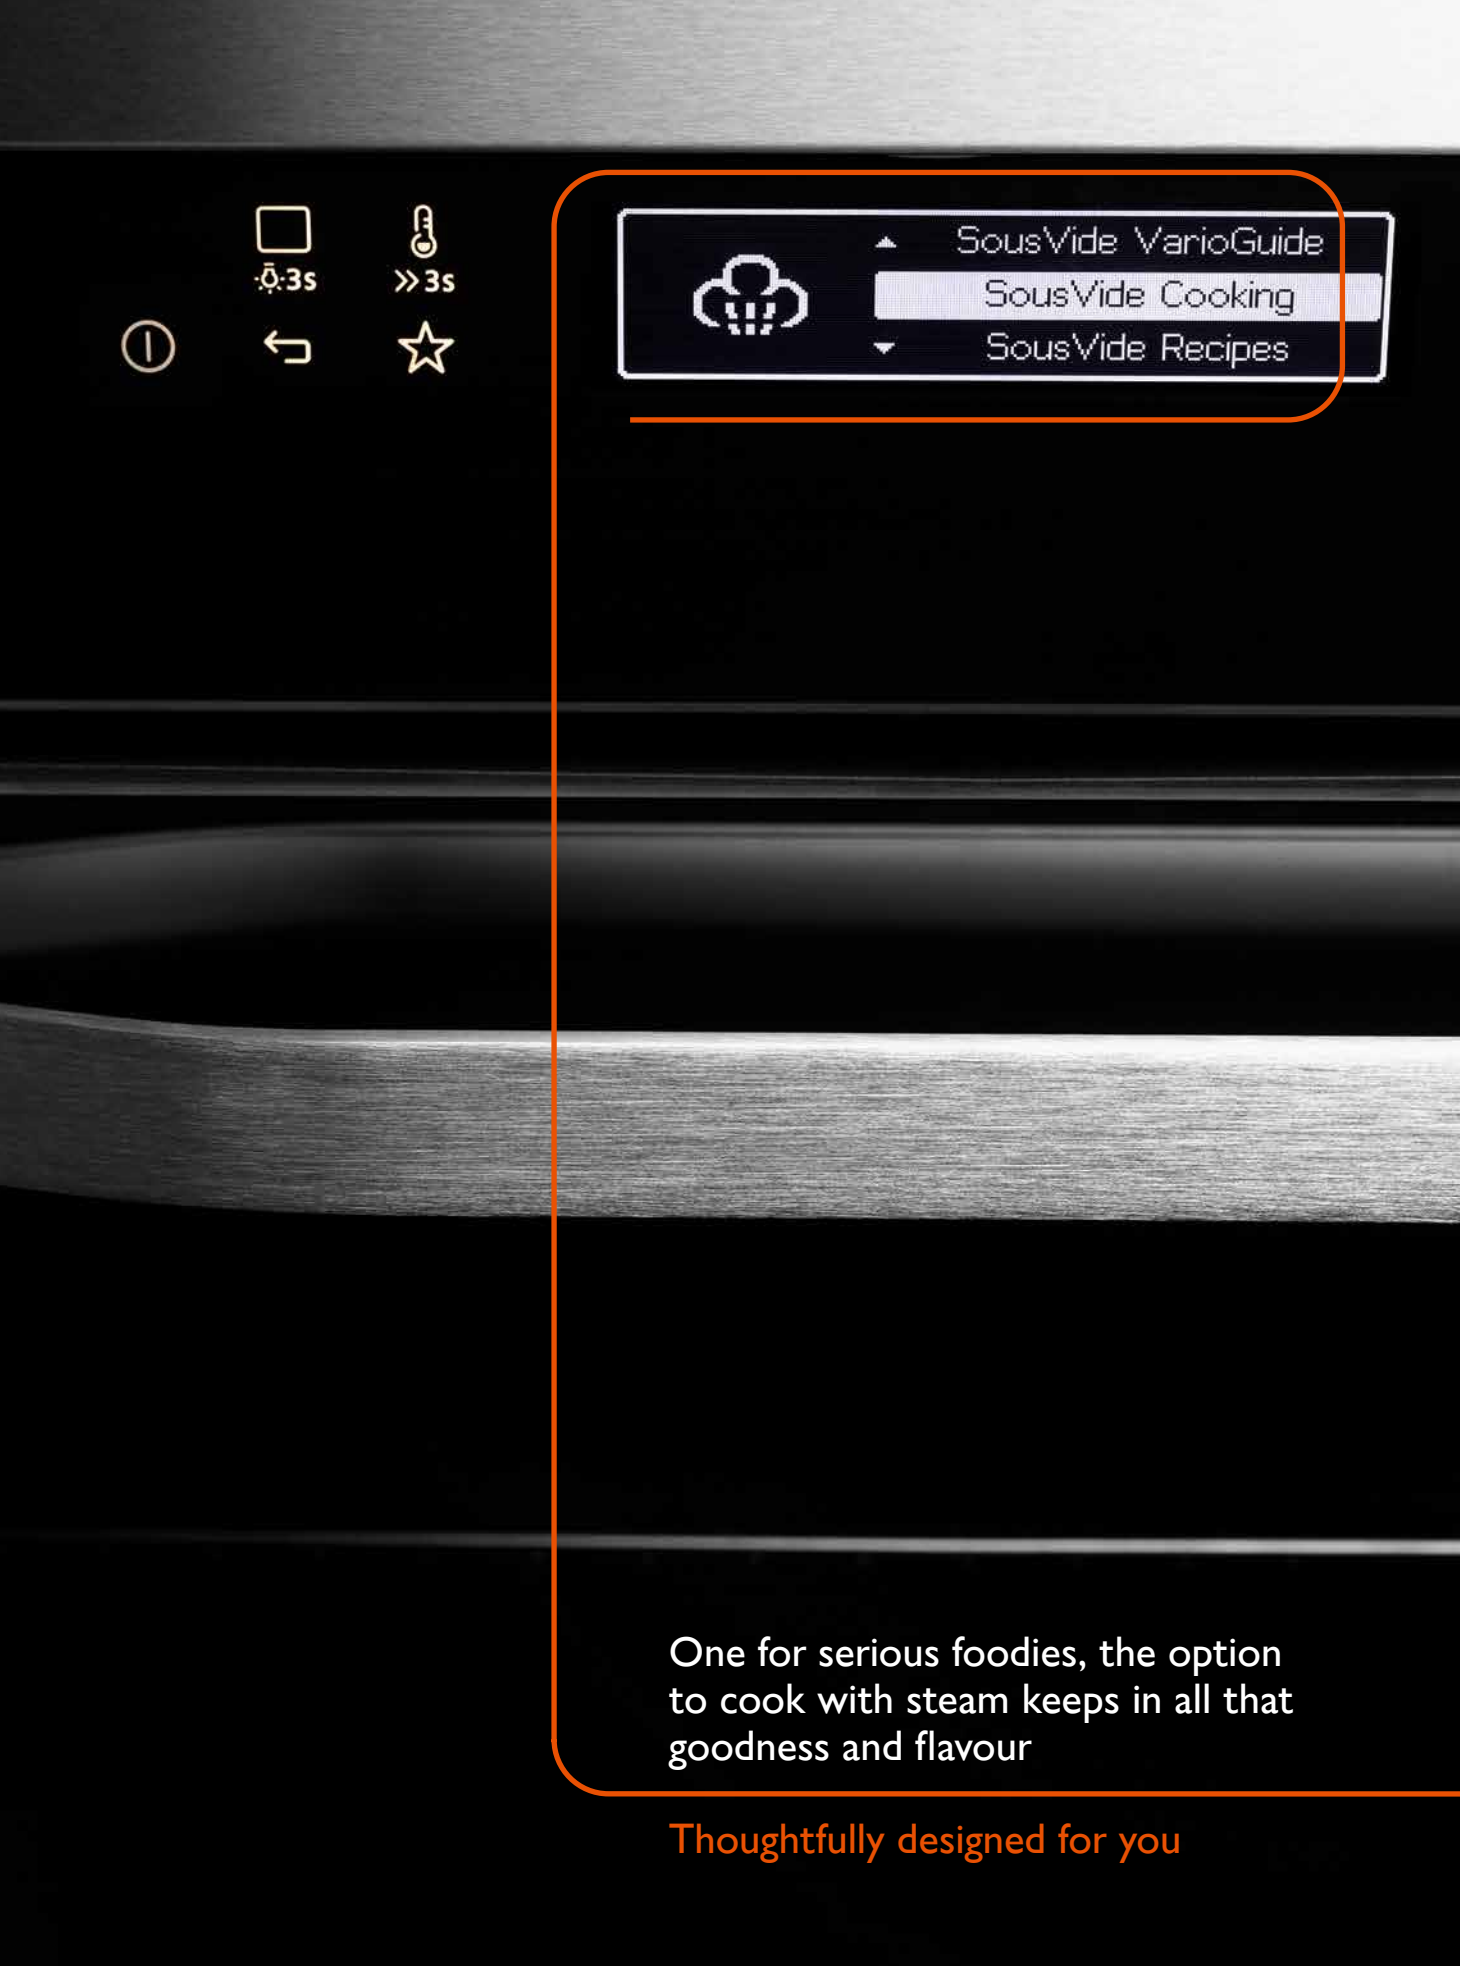

Our new range of John Lewis Home Appliances are thoughtfully designed for you, combining the latest technology with smart features that make a real difference – and make your life that little bit easier.

You'll find the great value, performance and quality you'd expect from us, as well as lots of thoughtful touches.

Because we know that energy efficiency matters to you, all our ovens are A rated or above, costing less to run while being more environmentally responsible. And, as ever, all your appliances come with a guarantee included at no extra cost. Please check online or in-store for full details. We can look after the little details too, with a range of extra services including installation and door adjustments for your new appliance, and disposal and recycling of your old one.

Need a little help bringing your dream kitchen to life? Discover our expert fitted kitchen service, which takes care of everything, from planning and design to installation. To find out more, see page 83 or go online at johnlewis.com.

One for serious foodies, the option to cook with steam keeps in all that goodness and flavour

Thoughtfully designed for you

Cooking

Efficient, easier to look after and with special features to make home cooking more delicious than ever, our ovens, hobs and range cookers are designed to make the very most of your time in the kitchen while helping keep bills and energy use down.

You'll find ovens with professional features that enthusiastic cooks will love, including a model with sous vide technology for creating succulent, restaurant-quality dishes at home. Plus, there's even an oven with a handy internal meat thermometer for rustling up the perfect roast and self-cleaning ovens, for one less job to do.

Our range of induction hobs offer fast and even heating, as well as hassle-free touch controls and digital displays. If you prefer cooking on gas, there are sleekly designed hobs with a range of burner sizes and finishes to complement your kitchen's look.

John Lewis
electric single oven

JLBIOS632
Stock number 890 30213

£399

This sleek single oven is packed with smart features to make cooking – and cleaning up afterwards – easier than ever. The true fan cooking setting ensures an even temperature throughout, so there's no more turning around dishes half way through, and there's a choice of grilling options, too. Plus, when used at a high heat, the oven's catalytic lining disperses any splashes of grease and fat for hassle-free cleaning.

John Lewis
electric single oven
JLBIO5633
Stock number 890 30214

£499

This oven makes keeping on top of cooking, and cleaning up spills afterwards, completely hassle free. There are a range of everyday cooking programmes, and the food probe makes perfecting roasted meat and fish simple, monitoring the temperature for you so that there's no need to keep checking when its ready. Plus, you can say goodbye to harsh chemical cleaners, too – the pyrolytic technology simply transforms splashes of grease to dust, so all you need to do is sweep it out. What's more, the door is quadruple glazed to help keep the exterior cool, great if you have little ones or pets running around.

John Lewis
electric multi-function single oven
JLBIO5634
Stock number 890 30216

£649

This compact and sleek single oven certainly packs in plenty of useful cooking features. There's a handy meat thermometer to make perfecting your roast simple, a setting for proving home-baked bread, moist fan baking to prevent food drying out, slow cooking for tender casseroles and a range of everyday settings. Plus, the clever pyrolytic lining puts a welcome end to messy oven cleaning, instantly burning grease to dust which can easily be swept out.

John Lewis
electric multi function sous vide oven
JLBIO5635
Stock number 890 30215

£999

Packed with features for creating restaurant-quality food at home, this oven is a smart choice for anyone who takes cooking seriously. You'll find a range of programmes for every day, as well as entertaining, such as sous vide technology for incredibly succulent dishes, steam cooking and even a special setting for making your own yogurt, plus the handy meat thermometer takes the guesswork out of roasts. Cleaning up afterwards is effortless, too, thanks to the pyrolytic lining, which burns grease to dust which can be easily swept out.

John Lewis
electric double oven
JLBIDO931X
Stock number 890 40210

£749

This generous double oven offers plenty of cooking space for every occasion. The fan-assisted, main oven ensures even cooking results on every shelf, quickly sealing food and reducing flavor crossover between dishes, as well as conventional cooking and a range of special programmes. The second oven is perfect for when you need a little extra cooking capacity, or a perfect energy-saving option for preparing smaller meals. To give you one less job to do, the catalytic lining burns away grease, so all you need to do is wipe out the residue – no harsh cleaners needed.

John Lewis
electric built-under double oven
JLBIDU731X
Stock number 890 40202

£799

Designed to sit beneath a worktop, this compact double oven provides useful extra cooking capacity while taking up minimal space. The main oven has true fan cooking for even results on every shelf – and can be switched off if you'd prefer to prepare meals using conventional cooking – while the smaller, second oven comes in handy when entertaining. Keeping everything clean is simple, too, thanks to the innovative catalytic lining, which burns grease away at high temperatures, and the touch controls are easy to wipe clean.

John Lewis
60cm gas hob
JLBIGH603
Stock number 890 10212

£249

This stylish stainless-steel hob teams excellent value with an updated, thoughtful design. The extended, heavy-duty cast iron supports ensure that even larger pans won't tip over while cooking and are easy to remove and clean, plus there's a powerful, extra-large wok burner. What's more, the hob's subtle raised edge means that any spills won't run on to the surrounding worktop.

Dimensions

2 standard 2kW
1 simmer 1kW

John Lewis
70cm gas hob
JLBIGH754
Stock number 890 10211

£349

This extra-large hob has a professional look with the performance to match. Its five burners in a range of sizes and powers can handle all sorts of pans. In fact, the new, extended cast-iron supports mean that even large pans won't topple over, and the generous central burner is ideal for wok stir-frying. It's easy to take care of too; if you have any spills, the hob's bevelled edge ensures it stays put, and the supports are simply lifted to clean the cooking area.

Cooker hoods

Our new collection of hoods has something for every style of kitchen and is designed with you in mind.

You'll find discreet designs that tuck out of sight when not in use, as well as statement-makers for showing off, plus compact models for saving wall space and high-powered hoods perfect for range cookers and extra-busy hobs.

What's more, all our cooker hoods are A-rated for energy efficiency and each has a boost function to whisk away strong cooking smells fast. And because we know that peace and quiet is just as important to you as performance, each hood is top-rated for noise levels, too, so there's no need to let good food get in the way of a great conversation or your favourite radio show.

Whether you're short on space or just like to keep things clutter free, our latest hood simply sits inside the space behind your hob

Thoughtfully designed for you

85cm integrated baffle cooker hood
JLCHI8501
Stock number 866 70208

£649

Using the same high-performance extraction technology as hoods in professional kitchens, this model makes light work of oil and grease vapours. What's more, the hood's filter is angled slightly so that all the extracted liquids simply slide into the dedicated oil tray, which can be easily removed for emptying and cleaned in the dishwasher.

Dimensions
H35 W52-85 D29cm

Features
4 extraction speeds
Timer function
Push controls
Single LED strip light
Noise level 71dB (A)
Aluminium filter
Energy rating A

John Lewis
Island cooker hood
JLISHDA901
Stock number 866 70220

£699

Designed for a central kitchen island, this stylish stainless-steel and curved-glass hood combines high performance with an unobtrusive look. The cooking area has plenty of lighting, and the intensive extraction setting tackles even the strongest-smelling foods and grease quickly and quietly.

Dimensions
H70.5-107 W90 D60cm

Features
3 extraction speeds

John Lewis
ceiling cooker hood
JLHDA918
Stock number 866 70214

£1,199

Ceiling hood in tempered white glass with LED strip lighting. This hood features a double installation system which allows to fix the hood either to the masonry or directly to a false ceiling in either extraction or recirculating mode. There is also the possibility of the motor being installed away from the unit (extraction only). The 3 speeds + intensive and lighting can be actioned by the stylish remote control unit supplied. If used for recirculating, charcoal filters are available to purchase through the John Lewis website. This hood must be installed by a qualified engineer.

John Lewis
dual fuel range cooker
JLRC921 (stainless-steel)
Stock number 866 80121

£1,099

This stainless-steel range cooker combines style with practicality and an abundance of cooking space. The hob has five gas burners in a range of sizes, including an extra-large burner ideal for handling bigger pans or a wok, each with sturdy cast iron supports. If you're cooking for a crowd, as well as the roomy main oven there's a smaller second oven that's perfect for extra capacity, or a great everyday option if you're preparing a meal for just one or two. For an oven of its size it's highly efficient, too, rated A for energy to help keep bills down.

Refrigeration

Our integrated fridges and freezers may be discreet, but an impressive range of design features deserve a little attention.

Each one has extra deep, extra big cool space, so you'll never have to squeeze things in, and all our freezers are frost-free, so you can say goodbye to defrosting, too. Wine connoisseurs will love our fridge-freezer with separate zones for red and white wine, helping store both at just the right temperature.

What's more, even though our range is bigger and better than ever, every model is still A+ rated for energy efficiency, costing less to run while being more environmentally responsible.

Our integrated wine cabinet
dual zone temperature control,
perfect for both white and red.

Thoughtfully designed for you

John Lewis
integrated larder fridge
JLBIUCL05
Stock number 857 20203

£399

Because a small kitchen shouldn't mean less food storage, this compact, under-counter fridge makes the most of all available interior space, with three glass shelves, a recessed salad drawer and room for bottles, drinks and dairy inside the door. It's highly efficient, too, rated A++ for energy, helping keep bills down.

So that dishes dry faster and bills are kept lower, the dishwasher door pops open as soon as the cycle's finished

Thoughtfully designed for you

Washing

From help with laundry to the dishes, our range of integrated washing appliances are designed to lend a helping hand while seamlessly blending into your kitchen.

You'll find dishwashers roomy enough to take care of those extra-large plates and plenty of place settings, and a slim-line integrated washing machine with a full size drum – because limited kitchen space shouldn't mean less capacity and convenience.

And, because saving energy matters to you too, every one of our washing machines and dishwashers are A rated or above for efficiency, with energy saving programmes to help keep the bills down, as well as time-saving programmes for when you need a really quick wash.

John Lewis
integrated slim-line dishwasher
JLBIDW917
Stock number 887 10203

£379

Because a compact kitchen shouldn't mean going without a dishwasher, our slim-line model squeezes the performance you need into an incredibly neat size. There's a range of programmes, from a quick 30-minute clean to intensive and economy washes, plus to help keep cycle times and energy consumption to a minimum the door opens automatically once the cycle has finished so that dishes can dry naturally.

Making shopping easier for you

Three ways to shop

We understand that shopping for home appliances can be a big decision, and we want your shopping experience to be as hassle-free and flexible as possible. That's why we offer three ways to shop. You can visit one of our stores, where our Partners can offer impartial advice and in-depth product knowledge, order by phone 7 days a week, or go online at johnlewis.com.

Our website offers the same level of service you'd find in our stores, as well as buying guides, and recommendations and reviews from other customers. Shopping on the go is now easier too, with a special version of johnlewis.com for your mobile. Whichever way suits you best, you can enjoy free standard delivery on orders over £30, and choose from a range of other convenient delivery options, including named day and weekday evening.

Experts on hand

Once you've chosen your new appliance, we can also offer a range of product services to help get it up and running. Our experts can install your new appliance, reverse fridge doors and even take away your old appliance to be recycled or reused. For more details and prices, go to johnlewis.com/installation

And if you're looking to plan your dream kitchen, our fitted kitchen service offers a range of stylish solutions for a range of budgets, all boasting a high level of craftsmanship and attention to detail. To see the range and find out more speak to one of our Partners in store, or go online.

Never Knowingly Undersold

It's a promise that began 80 years ago, and it's still going strong today. To us, value means much more than being competitive. It's about all those extras that are worth a lot, like impartial advice, or feeling confident that the product you've just bought will last. So whether you're shopping online or in store, you can always count on our fair prices, quality products and excellent service.

You can read the full Never Knowingly Undersold policy online, or pick up a leaflet in our stores.

Guarantees

Our guarantees ensure that our service doesn't end with your purchase. All our own brand home appliances come with the peace of mind of a guarantee at no extra cost. Please check online or in-store for full details. You can also buy a John Lewis Home Appliance Plan to include potential repair costs that occur once the guarantee has expired.

You can buy a Plan from us when you purchase your item, or if you prefer you can wait and buy it within 30 days of your purchase. To find out more, please visit your local store and pick up the relevant plan leaflet or talk to one of our Partners. You'll also find more information at johnlewis.com/serviceplan or by calling us on 0330 100 3250.

Guarantee and Added Care

Guarantee

All John Lewis appliances are covered by our guarantee, provided at no extra cost. Please check online or in-store for full details. This provides you with a repair service in the event of a breakdown of any mechanical parts of your product. This does not affect your statutory rights.

We provide the repair service without charge, up to a cost equal to the original purchase price paid for the product. All repair services are carried out by authorised service technicians.

If we can't repair your item, we'll replace it with an item of equivalent specification. If no equivalent product is available we'll discuss an alternative settlement with you, and we'll always do our best to make sure you are satisfied with the outcome.

During your guarantee period should you have any questions, please contact your local John Lewis store and to talk to one of our Partners.

Added Care

Add to your peace of mind with Added Care, you'll enjoy the same benefits for a period of up to 5 years, while also adding further benefits not included in the original guarantee.

You can buy John Lewis Added Care at the same time as you purchase the electrical item, or if you prefer, you can wait and buy it within 60 days of purchasing the item. Whether or not you purchase Added Care, you have various statutory rights that apply to the purchase of your electrical goods.

Your statutory rights include the right to claim for a repair or replacement for up to 6 years (5 in Scotland) if your electrical product was not of satisfactory quality or fit for purpose when we sold it to you. If a fault occurs within the first 6 months, it's up to us to establish that the product you purchased was of satisfactory quality and fit for purpose. However, after the first 6 months, you'll have to prove that the product had a fault when we first sold it to you.

Added Care for your home appliance is provided by The Warranty Group (Isle of Man) Limited.

Extended warranties are also available from alternative providers such as manufacturers and insurance companies. Some household contents insurance policies cover accidental damage.

You can cancel Added Care at any time. If you have not made a claim you cancel within 60 days from the date of purchase and you will receive a full refund of the premium paid. If you have made a claim you will receive a pro rata refund based on the number of full unexpired months remaining on your policy. After 60 days you may cancel the policy and will receive a pro rata refund based on the number of full unexpired months of cover remaining regardless of whether a claim has been made.

We're here to help

Call our Added Care team on 0330 100 3637
8am – 6pm Monday to Friday
9am – 4pm Saturday
9am – 5pm on Bank Holidays

We also accept John Lewis gift vouchers.

Customer services 03456 049 049

Our Customer Service team are on hand 7 days a week, 7am to midnight, to answer any questions or queries you might have. (Please refer to your service provider for charges).

Please ask our store staff for our John Lewis fitted kitchens and electrical appliances brochures.

Terms and Conditions

For full Terms and Conditions Please visit our website at johnlewis.com and click on Customer Service. Your statutory rights are not affected.

Pricing policy We set highly competitive prices for all our products, with a dedicated team regularly checking them against other high street competitors. If we find a national high street competitor offering a better nationwide price for the same product, sold with the same service conditions, we'll lower our price to match in all our shops and on our website (johnlewis.com), including when a competitor is having a sale. Just occasionally you may find a temporary difference in price when one of our department stores is matching a local competitor. Our commitment to Never Knowingly Undersold means that whilst prices and services details are correct at the time of going to press they may change over time, prices include VAT at 20% and exclude delivery charges. Correct prices will be notified at the time of ordering, but please check www.johnlewis.com or call 08456 049 049 for our current prices. We don't expect you to find a lower price at another high street competitor for the same product, sold with the same service conditions, but if you can, we'll match the price when you purchase or refund the difference for up to 28 days after you've bought from us.

*See our Never Knowingly Undersold leaflet in store or online for details. This publication supersedes all previous publications and is valid from May 2016.

Supply All products shown are subject to availability.

We reserve the right to refuse to supply any individual or company. You must be over 18 years of age to order from this catalogue.

Cancellation You are entitled to cancel your order within 7 working days of receiving delivery. If you wish to cancel your order at any point please call us on 03456 049 049 between 7am and midnight, 7 days a week, or email us at customerservices@johnlewis.com. If you have already received your order and wish to return it, please refer to our refund policy (see below, or online and in our shops for full details).

Our Refund Policy

Exchanges and refunds We want you to be happy with your purchase. If you're not, just return the item with proof of purchase and we'll exchange or refund it.

Proof of purchase If you want a refund but don't have your original till or gift receipt, your order confirmation or delivery note, we will give you gift vouchers to the value of the current selling price.

Condition of returns It is important that returned items are in the best possible condition, so please take reasonable care of them.

Delivery charges We will refund any delivery charges shown on your proof of purchase, provided you return the full order. Please see online for our full refund policy covering all items sold by John Lewis Direct.

None of the above conditions affect your statutory rights when goods are faulty, or not as described. For your rights of cancellation under the Consumer Protection Distance Selling Regulations please see online for terms and conditions.

Our details For Customer Services, please call 03456 049 049, 7am to midnight, 7 days a week. Email us at customerservices@johnlewis.com
