## Welcome to the Ultimate collection

---

**Sumptuously supportive and comfortable, the Ultimate collection is an exclusive range of exceptional beds that will transport you to a world of luxurious comfort and transform the quality of your sleep.**

Expertly hand-crafted by artisans, this exclusive collection is based on four key design pillars: luxury, comfort, support and innovation.

Each mattress features our award-winning spring systems layered with 100% natural fillings, from home-grown Yorkshire wool to the finest goat angora, silk and cashmere procured from sustainable sources around the world.

The Ultimate collection is the culmination of many years of expertise in bed making from our prestigious British manufacturer. From the day we first opened our doors more than 150 years ago, the John Lewis name has represented superlative quality that you can rely on.

Together we have rewritten standard bed manufacturing rules so that you can enjoy a wonderfully luxurious night's sleep.

“The loving care and attention to detail is reflected in every Ultimate collection mattress.”

## The artisan approach

---

Perfection cannot be hurried. Hand-crafted by artisans, your Ultimate collection mattress combines the finest fillings and most advanced spring systems with a wealth of bed-making knowledge passed down over the centuries from generation to generation.

We pride ourselves on our attention to detail and loving care that goes into every Ultimate collection mattress. Our natural fillings are blended to our unique recipe, individually layered and secured by hand-tufting. Each air vent is personally added to the border which is then skillfully side-stitched to ensure the mattress supports you right up to the very edge of the sleeping surface. Finally, plush, silky-smooth fabric woven on looms in the heart of the traditional Yorkshire weaving region is individually sewn to the mattress surface by our talented upholsterers.

Our expert bed makers are among the very best in the world; skilled at combining time-honoured craftsmanship with innovation and always seeking new ways to perfect comfort. The flair and passion that goes into crafting an Ultimate collection bed is testament to our commitment to quality.

“Premium natural fillings for the ultimate in comfort.”

## Home-grown natural comfort

---

Sleep is essential as it rejuvenates the body and refreshes the mind. Exquisitely soft and supremely supportive, our 100% natural fillings deliver a more restful sleep that leaves you feeling refreshed for the day ahead.

Home-grown fillings such as Yorkshire wool from our family-run farm are complemented by a range of carefully sourced exotic fibres. These include downy angora goat wool, which has an exceptionally luxurious texture; the finest cashmere wool, offering a supremely comfortable and opulent feel; and soft, resilient silk, known for its strength and temperature-regulating properties.

Natural fillings absorb moisture and regulate temperature, keeping you cool and dry throughout the night. All our Ultimate collection mattresses benefit from warm and cool sleeping surfaces that you can alternate to coincide with the seasons: a snug, wool-rich layer for the winter and a cool cotton-rich side for the warmer months.

Designed to be completely recyclable at the end of its life, an Ultimate collection bed is an investment that will not cost the earth.

“Award-winning and unique spring systems provide exceptional support where it’s needed most.”

## Award-winning spring systems

---

Sleep soundly with the support of one of the most advanced spring systems in the world. A high spring count means better and more targeted support. Every mattress in the Ultimate collection boasts thousands of precision-engineered pocket springs to keep your spine in alignment and cradle your body from head to toe.

The award-winning Revolution® pocket spring system at the core of the mattress has a unique 'spring within a spring' two-stage action. First the outer spring yields to the lighter areas of the body then, as the heavier parts of your body sink into the mattress, the inner spring engages to deliver additional support where you need it most.

Complementing the core Revolution® system are thousands of smaller High Density springs, made from specially developed ultra-fine wire. These mould to the body's contours, reacting instantly to any shifts in movement, relieving the pressure points that can cause backache or joint pain, while reducing tossing and turning.

To ensure you get the best night's sleep possible our mattresses are available in a choice of two tensions - regular and firm. You can even tailor make your bed with a different tension on each side because the idea of comfort is so unique to you, both you and your partner can enjoy the perfect support.

“We use natural fibres in our collection including flax grown right here on the Leckford estate.”

## Our heritage

---

Bringing the best products to the British public since 1864, the John Lewis name is synonymous with excellence. Our customers know that they can trust the quality of our products and the reliability of our service. The Ultimate collection is born out of our long heritage and commitment to being the best at what we do. All of our mattresses are made with natural fillings, some of which we grow ourselves on the Leckford Estate in Hampshire.

The Leckford Estate was purchased by John Spedan Lewis of Oxford Street in 1928. As well as being a visionary retailer, John Spedan Lewis had a vision for farming in harmony with the environment. It is with this philosophy in mind that the Leckford Farm was acquired; this is a working farm, which supplies milk, fruit, cider, flour and free-range eggs as well as Leckford free-range chickens to Waitrose branches.

The farm is used to grow our very own Leckford Linen, which is used in the filling blends of our Ultimate collection mattresses. High quality flax seeds are sown and cultivated to produce a wonderfully resilient fibre, which is known for its temperature and moisture-management properties.

The Leckford Estate is all about innovative practices, quality, and respect for the environment. But, above all, it's about delivering customers the very finest products from known sources. From the luxurious mattress fabric woven on our looms in Yorkshire, to the home-grown natural fillings and attention to detail dedicated to every stage of our bed-making process, this high-quality collection demonstrates our commitment to remaining at the forefront of mattress design. By growing the linen ourselves on the Leckford Estate, it not only ensures the highest quality of our fillings but also reduces our carbon footprint too, which shares in John Spedan Lewis's original vision for farming in harmony with the environment.

Welcome to the

# Ultimate

collection

# Ultimate Angora

---

**Designed for those who appreciate true comfort, the Ultimate Angora combines 100% natural fillings with innovative pocket spring technology for a superbly comfortable night's sleep.**

With a total of 24,000 individual Revolution® and High Density pocket springs and four rows of side-stitching, the Ultimate Angora offers sumptuous support, all night, every night. Layered above the advanced spring system, a blend of premium fillings stimulate airflow and keep you cool and dry – sumptuously soft kapok tree-silk, cashmere, Egyptian cotton, British fleece wool, Yorkshire wool, Leckford linen, Yorkshire hemp and, of course, downy angora goat hair.

Softer and more luxurious to the touch than sheep's wool, angora goat wool is used in the upper layers of the Ultimate Angora mattress. Offering soft support and superlative temperature regulation, angora fibres are extremely soft, durable and finer than wool, helping to provide the Ultimate Angora mattress with a truly comfortable feel.

The Ultimate Angora is available in two tensions and a host of size options, including Zip & Link, where a different tension can be specified for each side of the mattress... the choice is ultimately yours.

“Innovative spring technology and wonderfully snug angora goat hair blended fillings for hand-made luxurious comfort.”

Ultimate Angora super king size mattress shown with Richmond headboard and Luxury True Edge Divan base in Weave Mist

# Ultimate Silk

---

**The Ultimate Silk mattress is slightly firmer in feel with bespoke luxury tailoring. Silk is blended into the fillings for enhanced indulgence and the advanced pocket-spring system delivers a superbly supportive night's sleep.**

With 27,000 Revolution® and High Density pocket springs, each encased in natural pocket cloth, this deluxe mattress provides excellent support, cradling you as you sleep. Five rows of hand side-stitching support the mattress borders and allow the full sleeping surface to be used.

Taking relaxation to a new level, the 100% natural fillings include alpaca fleece, kapok tree-silk, cashmere, angora goat wool, Egyptian cotton, British fleece wool, Leckford Linen and Yorkshire hemp. Delightfully velvety in texture, the lustrous fibres of the kapok tree are harvested to provide a beautifully light silk that is remarkably strong and resilient.

Available in two tensions and a host of size options, the Ultimate Silk can also be ordered as a Zip & Link, with a different tension for each side of the mattress – it's up to you to choose.

“Sumptuous silk for enhanced indulgence features in this superbly supportive mattress.”

Ultimate Silk super king size mattress shown with Gloucester headboard and Luxury True Edge Divan base in Linetta Taupe

# Ultimate Cashmere

**Lovingly handcrafted by Yorkshire artisans, the Ultimate Cashmere is for those who appreciate the very finest luxuries in life. Cashmere pashmina wool has a plush, delicate texture and is strong, light and soft giving this mattress a truly indulgent and sumptuous feel.**

The innovative Revolution® pocket-spring system at the heart of the mattress has a total of 32,000 springs, comprising a core of award-winning Revolution® springs for superlative deep support and layers of smaller High Density springs, which react instantly as you change position.

Six rows of hand side-stitching reinforce the mattress borders, while the 100% natural and hypoallergenic fillings include pashmina, alpaca fleece, kapok tree-silk, cashmere, angora goat wool, Egyptian cotton, British fleece wool, Leckford Linen and Yorkshire hemp. Luxuriously smooth pashmina wool from the cashmere goat is blended in layers close to the sleeping surface. This fine, soft wool absorbs moisture and promotes airflow for a truly restful sleep.

Custom-made to your individual preferences, the Ultimate Cashmere is available in two tensions and a range of size options. These include Zip & Link, with a different tension for you and your partner's side. Ultimately, the choice is yours.

“Luxurious pashmina and an exceptional 32,000 pocket springs - for those who appreciate the very finest luxuries in life.”

Ultimate Cashmere super king size mattress shown with Lancaster headboard and Luxury True Edge Divan base in Sienna Slate

“Customise your Ultimate collection bed to suit your preferences.”

## Tailored for your comfort

---

Create a luxuriously relaxing environment and enhance your quality of sleep with a bed tailor made to your individual preferences. Choose your bespoke options from our stylish range of accessories to create your own individual Ultimate collection bed.

Engineered with the highest spring count ever seen in a mattress base, the True Edge pocket-sprung divan is available in two heights, with a range of wooden leg and storage options. Each side of your mattress can be customised for the firmness to suit the needs of you and your partner, while the Zip & Link option allows for easy mattress turning.

Every bespoke bed can be further customised with a wide selection of sophisticated fabric colours and styles for the headboard and divan base. For the finishing touches, enrich your interior design with remote-control LED mood lighting and add a functional element with USB charging ports or a remote-controlled pocket-sprung backlift.

The Scandinavian spruce timber used in the construction of the Ultimate collection True Edge divans and headboards is certified by the Forest Stewardship Council® (FSC®), which means that it comes from well-managed forests that provide environmental, social and economic benefits. Renowned for its strength, fine grain and trueness of line, this timber forms the solid foundation on which your mattress rests.

Standard height Luxury True Edge divan with continental and standard drawers shown in Weave Mist

# Luxury True Edge Divans

Carefully constructed from sustainably sourced FSC® certified wood and benefiting from 3,500 individual pocket springs, the Luxury True Edge divan base is a cut above conventional divan bases. Perfected by craftsmen, it provides a stable support for your Ultimate collection mattress, allowing the full sleeping surface to be used without fear of 'roll off'.

Available in a host of fabric options, the Luxury True Edge divan can be specified in a low height format or in a standard height. The standard height divan is offered with inset traditional brush metal shepherd castors and a choice of three solid-wood drawer combinations.

**Luxury True Edge divan**

**Luxury low height True Edge divan**  
Drawers are not available on this model

Complementing the most elegant interior design schemes, the luxury low height True Edge divan is available with a choice of three contemporary leg styles, each offered in three different finishes – Mahogany, Antique and Natural.

Tapered leg in  
Mahogany finish  
Leg height: 15cm

Shark's Tooth leg in  
Antique finish  
Leg height: 15cm

Angled Round leg in  
Natural finish  
Leg height: 10cm

Ultimate dual backlift divan and Gloucester headboard shown in Linetta Taupe with Ultimate Angora super king size Zip & Link mattress

# Ultimate backlift divan

---

For additional flexibility, comfort and support, invest in the Ultimate backlift divan. Designed to raise the pillow end of the bed for reading, watching television or using a tablet or laptop, it can also benefit people who have difficulty sleeping on a flat surface or need assistance getting in and out of bed.

Offering all the comfort of a standard pocket-sprung divan base, but with the added flexibility of a remote-control motorised backlift, the divan can be partnered with the Ultimate collection mattress of your choice. Available as a single mechanism or as a dual backlift\*, where each side of the bed has its own control and motor, enabling you to adjust your side of the bed independently from your partner.

\*Dual backlift divan must be ordered with a Zip & Link mattress.

## Zip & Link

---

If you prefer, king and super king size mattresses can be produced zipped in two pieces. Perfect if you and your partner prefer different tensions or access to your bedroom is difficult. These mattresses are lighter than a complete king or super king size mattress and easier to turn.

# Sumptuous fabrics

The stunning array of colours and textures sourced for our fabrics will leave you feeling spoiled for choice. Soft to the touch yet hardwearing to last the lifetime of the bed, our headboard and divan base fabrics provide the finishing touch to your Ultimate collection bed.

For the most accurate representation and to help you with your selection, you can see all of our fabric options in store or you can speak to a Partner to arrange swatches to be sent out by post.

# Stylish headboards

A haven of relaxation, a luxurious space to unwind, a stylish boudoir reflecting your design sensibilities – your bedroom can be all these things and more. Our beautifully designed headboards are created to complement your bedroom décor and set off your sumptuously stylish John Lewis Ultimate collection bed as the perfect finishing touch.

Available as either full height - providing greater stability, or in a strutted option - for easier access and delivery. All headboards come in a wide range of colours, styles and fabrics which you can see in store.

Bedford	Brooklyn	Buckingham	Gloucester	Hornington	Harlow	Lancaster	Richmond	Tatton
FULL HEIGHT OPTION (FULL HEIGHT FROM FLOOR)								
127cm	146cm	146cm	152cm	158cm	143cm	137cm	127cm	141cm

DEPTH								
10cm	9cm	9cm	8cm	30cm	16cm	10cm	8cm	11cm

All headboards are made to order within 6-8 weeks unless stated otherwise.

Ultimate Cashmere super king size mattress, Luxury True Edge low height divan with Shark's Tooth legs in Mahogany finish and Lancaster headboard shown in Sienna Slate with backlit lighting

# The finishing touches

## Backlit lighting

---

Enhance the ambience of your bedroom with our Ultimate lighting feature and turn your sleeping environment into a private sanctuary away from the hustle and bustle of everyday life.

Remotely controlled, the Ultimate lighting system has three levels of lighting to reflect your mood or for convenience to avoid disturbing your partner. Available on all Ultimate divan types and headboards, it will transform your bedroom into a stylish and sultry boudoir.

## USB port

---

Practical and convenient, the USB port option\* allows you to charge your smartphone, tablet, e-readers and other devices while you sleep. Fitted to the rear at either side of the headboard, this useful option is a must for those with busy lifestyles, offering a tidy and accessible charging port for digital devices.

\*USB ports need to be purchased with an Ultimate collection headboard.

The

# Ultimate night’s sleep

Whatever you do during the day, your body needs time to rest at night.

A good night's sleep is one of the best gifts you can give yourself. Its benefits are far reaching, from physical health to mental wellbeing. Sleep gives your body time to rejuvenate and your mind time to rest and process the events of the day.

Waking up tired can affect your mood, your judgement and even your ability to learn, which can impact your relationships and your working life.

Creating the right environment for sleep is essential. Ensure your bedroom is free from clutter, block out excess noise and light and choose calm, restful colours for your décor.

Keep active during the day but develop a gentler routine for the evenings. Eat early to give your food time to digest, avoid caffeinated drinks and limit your intake of alcohol and sugary foods. A warm bath early in the evening can help you relax, as can reading a book rather than using electronic gadgets.

The ultimate night's sleep may seem like a dream, but investing in an Ultimate collection bed is the ideal starting point.

From the award-winning spring systems and luxurious natural fillings to the loving care that goes into the hand tufting and side-stitching, each component of your artisan bed is designed to improve the quality of your sleep.

The Ultimate collection – for the ultimate night's sleep.
