Benefits at a glance	Basic foam	Premium foam	Spring	Pocket spring	Dual purpose
Dual purpose Reversible, with one side featuring springs that are gentle enough for your baby, and the reverse supportive springs designed for your growing child.					✓
Pocketed spring Springs move independently for superior comfort and postural support.				✓	✓
Inner Care™ A water-repellent inner cover makes removal of the outer cover quick and easy, and means the mattress can continue to be used even after an accident.			✓	✓	✓
Cool and dry The non-PVC, non-sweat surface is vapour-permeable to help keep your baby cool and dry.			✓	✓	✓
Hypoallergenic Components are specially chosen to reduce the chance of an allergic reaction.			✓	✓	✓
Wipe clean A water-resistant surface means you don't have to remove the outer cover completely to clean it.			✓	✓	✓
Water repellent The outer layer protects the core from bacterial and fungal contamination.			✓	✓	✓
Reversible Helps prolong the lifespan of the mattress, and means each surface is tailored to the changing needs of your growing child.			✓	✓	✓
Removable cover The cover can be machine washed at 60°C, the recommended temperature for killing allergy-causing dust mites.	✓	✓	✓	✓	✓
Adjustable waterproof membrane A waterproof layer that can be placed where needed, depending on your baby's position (feet to foot, for example).	✓	✓
