

Neff Appliances Scrappage Offer

Terms and Conditions

The offer is available on selected Neff appliances.

The offer is only available if the customer agrees to dispose of an old appliance he or she already owns by entering the promotional code, selecting the "disposal" option on the product page or at checkout and by making the old appliance available for collection when the new appliance is delivered.

If there is no appliance available for collection when the new replacement is delivered, or if the customer deselects the "disposal" option at checkout, JLP will seek to recover the value of the discount given in respect of the new appliance.

If the customer wishes to return the product, only the discounted price paid will be refunded and the old appliance will not be returned.

Simply choose our free home delivery service and we'll collect your old appliance when we deliver your new model.

Offer ends 19th June 2013

Also available in John Lewis shops
