

# FRIDGE FREEZER

## 5 YEAR WARRANTY OFFER

Panasonic

Panasonic refrigerators not only stylishly blend in with your lifestyle and kitchen decor, they also integrate a host of technology which preserves the freshness of your food for longer and ensures eco-friendly and quiet operation.

The thermodynamic cabinet with its very thin walls helps to save energy but also guarantees a very high thermal insulation and makes it possible to have a big storage capacity in a standard size body.

Panasonic fridge-freezers stand out from the rest, especially thanks to their low-noise operation. With only 36dB, they are among the quietest in their class. So quiet, you will not even notice it is there!
