

SIZE GUIDE

Jumpers and Coats

Purplebone Jumpers and coats are measured in inches. To get an accurate size for your dog, take a measuring tape and read the measurement from the nape of the neck (X) to the base of the tail.(Y). If your dog is between sizes, we recommend you chose the smaller size.

Neck and Girth measurements for each size are as follows:

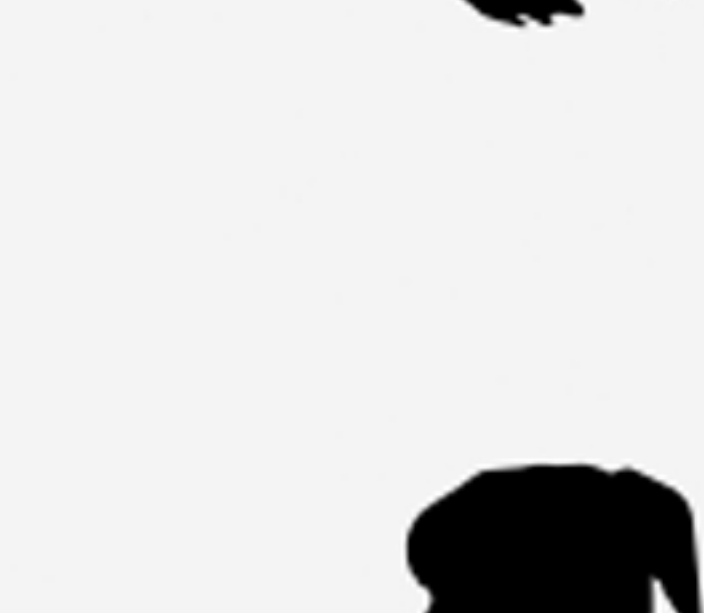

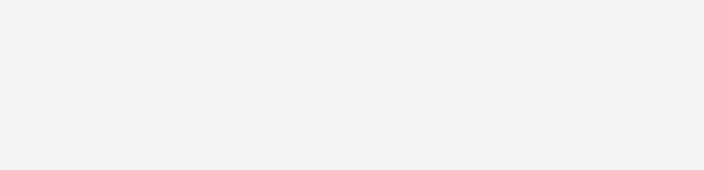

10"	Neck 20cm-32cm, Girth- 36cm-47cm
12"	Neck- 23cm-35cm, Girth- 43.5cm-55cm
14"	Neck- 26cm-40cm, Girth- 48.5cm-60cm
16"	Neck- 32cm-44cm, Girth-58.5cm-66cm

Collars

Purplebone collars are measured in inches. To get an accurate size for your dog, take a tape measure and place it around your dogs neck where the collar naturally sits, allowing a little extra room for comfort. You should be able to easily fit two fingers (flat) between the measuring tape and your dog’s neck.
