THE FURNITURE  
Simple shapes

Take a natural approach to materials and fill your home with an abundance of blonde wood furniture. Opt for simple shapes or curved details, and arrange in an uncluttered way.

Minimal, functional design pervades every corner of this cool, calm scheme

Choose pieces of modern art that reflect this pared-back style, with iconic silhouettes and graphic blocks of bright colour.

Furniture has both form and function. Great craftsmanship and beautifully engineered details are seen in furniture that is built to last.

THE COLOURS  
Contrasting palette

Start with a soft, pale palette of off-white and grey, to create a blank canvas against which to play with fabric and accessories featuring crisp, bright accents.
