TECHNOLOGY

JUST with WATER!

Aquaclean means that even the most stubborn stains can be removed easily with water.

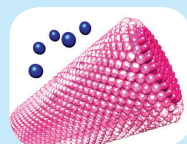

AQUACLEAN[®] TECHNOLOGY ADVANCED UPHOLSTERY PROTECTION

The **Aquaclean[®] Technology** used in the upholstery helps get rid of the majority of household stains without having to resort to the washing machine. This is how Aquaclean[®] technology works.

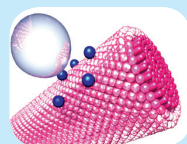

1

The Aquaclean treatment system covers every single fibre with an invisible molecular coating.

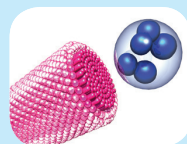

2

This is how the dirt doesn't penetrate the fabric's fibres.

3

The stains just disappear on applying water.

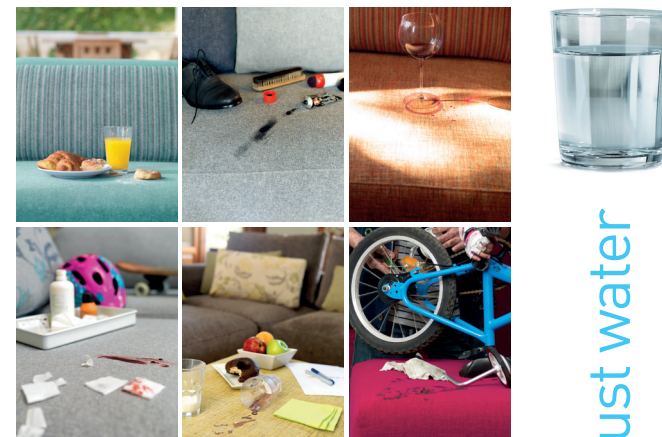

4

Simply remove with a tissue.

CLEANING JUST WITH WATER CLEANING EXPRESS

Aquaclean helps to eliminate even the toughest household stains just with water.

You just won't believe it when you first try it out.

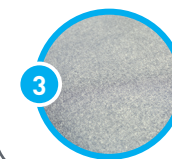

Just clean it with water,
in three easy steps!

Remove any excess residue on the upholstery.

Apply water over the stain, either directly or using a damp cloth. Wait a few seconds.

Press down over the stain with the damp cloth and rub gently over the fabric using circular movements. If the stain does not come off completely, repeat the process as required.

THE REALLY TOUGH HOUSEHOLD STAINS

To completely remove the toughest stains such as permanent markers, add water and a dab of soap.

Fabric you can clean with just water
