Part	Product Information Sheet (EU Regulation 2019/2013)					
Part	Parameter		Parameter or Value and Precision		Unit	
Proposition Contention   Proposition Contention   Proposition   Proposition Contention   Proposition   Propositi	Supplier's name or trade mark		Panasonic Corporation			
	Supplier's address		Panasonic Marketing Europe GmbH			
Common de peaner demand for Variander Departire Energy (2004)  Sengry efficiency Lacin (1907)	2 Model identifier		TX-32MS490B			
Transport desirance of the plate of the plat	3 Energy efficiency class for Standard Dynamic Range (SDR)		E			
On mode power demand, it highly Dymann Energy (100) mode, of implemented  Off reade, power demand, if applicable  Standay mode power	4 On mode power demand for Standard Dynamic Range (SDR)		26.0		w	
Of mode, gover demand, if applicable  Secretary mode government go	5 Energy efficiency class (HDR)		Е			
Superiorization power demand, if applicable    Color   Color			26.0		w	
Networked Standards and power demand, if applicable   Description of Standards and power demands, if applicable   Description of Standards and power demands, if applicable   Description of Standards and power demands, if applicable   Description of Standards and power supply from standards and instandard in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not included in the product board   Description of Standards and power supply for subside one if not inc					w	
Telephoton  Street and Street			0.5		w	
Advances  Services  Servic	9 Networked Standby mode power demand, if applicable		2.0		W	
Size rate control (selegic) Size rate resolution (selegic) Size rate resolution (selegic) Size rate resolution (selegic) Size rate rate (selegic) Size rate (selegic)	10	Television				
Displace Solution (piled)  Secretaria (piled)	Electronic display category	Monitor

Species Center area  27.4. den <sup>1</sup> Automatic Registros Control (ACC) available  10.			80.1		cm	
Special Solitorians (Singhiness Control (ARI) available  Visice recognition service sensor available  Visice recognition service service service available of recognition service servic			32		inches	
Automatic Brightness Control (ABC) available  Vocar recognition sensor available  Vocar recognition sensor available  Vocar recognition sensor available  Vocar recognition sensor available  Vocar se			27.4		dm²	
Vocar recognition sensor available  Vocar recognition sensor avail	16 Panel technology used		DIRECT	LED		
Vocar recognition sensor available  Vocar recognition sensor avail	17	YES				
Vocar recognition sensor available    SS   Vocar	Automatic Brightness Control (ABC) available					
No. 1  Room presence sensor available	18					
Floor presence sensor available   05   15   16   17   17   18   18   19   19   19   19   19   19	Voice recoganition sensor available					
Soon presence sensor available by the sample of special place of the placement on the market of the placement of the placement on the market of the placement of the placem	19					
Sometiment guaranteed availability of software and firmware updates (from the date of end of the placement on the market)  All finite descriptions are all firmware updates (from the date of end of the placement on the market)  Four descriptions are all for the date of end of the placement on the market)  Internal  Internal  External  Standardised external  Standardised external  Coupturt Voltage  V  Coternal standardised power supply (non standardised and included in the product box)  Coternal power supply (non standardised and included in the product box)  Coternal standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required dusput voltage  V  Required delivered current  A	Room presence sensor available		†			
Minimum guaranteed availability of software and firmware updates (from the date of end of the placement on the market)  7 Vear  Winnimum guaranteed availability of spare parts (from the date of end of the placement on the market)  7 Vear  Notification the date of end of the placement on the market)  7 Vear  Notification of the general guarantee offered by the supplier  1 Vear  Notification of the general guarantee offered by the supplier  1 Vear  Internal  External  Sandardised external  Sandardised external  Vear  Output Voltage  V  Cuternal standardised power supply (non standardized and included in the product box)  Sandard Name or list  Required output voltage  V  Required output voltage  V  Required output voltage  V  Required output voltage  V	The state of the s		50		Hz	
Inform the date of end of the placement on the market)  Noticinal purameted availability of spare parts  Trom the date of end of the placement on the market)  Noticinal purameted product support  Year  Noticinal purameted product support  I Year  Noticinal prover supply type  External Standardised external  Standardised external  Significant prover supply (non standardized and included in the product box)  Input Voltage  Output Voltage  V  Standardised power supply (or suitable one if not included in the product box)  Standardised power supply (or suitable one if not included in the product box)  Required output voltage  V  Required output voltage  V  Required output voltage  V  Required output voltage	-so-many reducing rate facilities					
from the date of end of the placement on the market)  7 Year  Ninimum guaranteed product support  7 Year  Minimum duration of the general guarantee offered by the supplier  1 Year  Internal  External  Standardised external  Input Voltage  V  Cutput Voltage  V  Standardised power supply (or suitable one if not included in the product box)  Standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage  V  Required delivered current  A			8		Year	
Minimum duration of the general guarantee offered by the supplier  Internal  External  Standardised external  Standardised external  Input Voltage  Output Voltage  V  Standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage  V  Required delivered current  A			7		Year	
Power supply type  External  Standardised external  Standardised external  V  Input Voltage  V  Cutput Voltage  V  Standard Name or list  Required output voltage  V  Required delivered current  A	23 Minimum guaranteed product support		7		Year	
Power supply type  External  Standardised external  External power supply (non standardized and included in the product box)  Input Voltage  V  External standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage  V  Required delivered current  A	Minimum duration of the general guarantee offered by the supplier		1		Year	
Standardised external  External power supply (non standardized and included in the product box)  Input Voltage  V  Output Voltage  V  External standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage  V  Required delivered current  A	24	Internal				
External power supply (non standardized and included in the product box)  Input Voltage V  Output Voltage V  External standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage V  Required delivered current A	Power supply type	External				
i Input Voltage V  Output Voltage V  External standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage V  Required delivered current A		Standardised external				
Output Voltage  V  External standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage  V  Required delivered current  A	25 External power supply (non standardized and included in the product box)					
Output Voltage  V  External standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage  V  Required delivered current  A	i					
External standardised power supply (or suitable one if not included in the product box)  Standard Name or list  Required output voltage  V  Required delivered current  A	ii	Input Voltage			V	
Standard Name or list  Required output voltage  V  Required delivered current  A	iii	Output Voltage			v	
Required output voltage V  Required delivered current A	26 External standardised power supply (or suitable one if not included in the product box)					
Required delivered current A	i	Standard Name or list				
	ii	Required output voltage			v	
Required current frequency Hz	**	Required delivered current			А	
	iv	Required current frequency			Hz
