

Thank you for purchasing this fitting

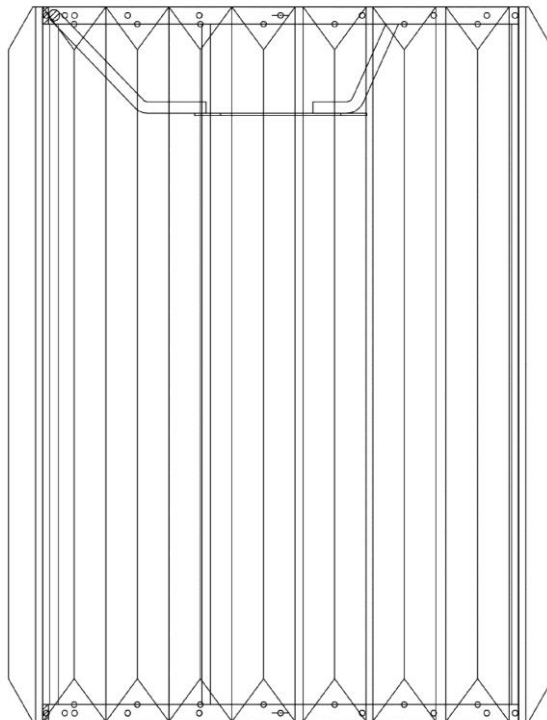

Please read the instructions and warnings carefully before use to ensure safe and satisfactory operation of this product.

Installing your Light Fitting

1. Ensure electricity switched off at the fuseboard.
2. Remove the lightbulb from lampholder (leave for 10 mins to cool if lamp's been on)
3. Remove shade ring from lampholder.
4. Clip reducing ring into top ring of fitting.
5. Place top ring of fitting over lampholder
6. Secure fitting to lampholder by replacing shade ring.
7. Ensure the shade ring is firmly screwed to lampholder.
8. Refit lightbulb.
9. Switch electricity on at the fuseboard.

IMPORTANT

Please ensure the lamp holder cable is able to support the shade
