Care and Maintenance

Wood furniture

- Wood displays different grain patterns depending on which way they are cut - for example, 'the medullary ray' which can appear on oak furniture is a mark of good quality timber - these are just characteristics of the natural beauty of the wood. Some furniture is also deliberately aged and rustic.
- Wood veneers also allow distinctive patterns to be created on flat surfaces, such as table tops and drawer fronts by the way the slivers are arranged.
- All timber surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

How to care for your wood furniture

- Furniture with a hard lacquer, wax polish or painted surface should be dusted with a dry cloth.
- Waxed furniture will need to be given a coat of beeswax a couple of times a year to help maintain its lustre.
- Spray polishes are best avoided as they contain silicones which may spoil the furniture by building up over time.
- Our furniture will endure most temperatures in the home but it is best to avoid placing furniture next to heat sources such as radiators or fires. Be particularly careful with solid wood as the lack of humidity caused by central heating can cause damage such as warping.

Safety Instructions

- Never drag furniture when moving it. Always lift it.
- Periodically check all fixings to ensure none have come loose and re-tighten where necessary.
- Please take care when handling or moving the furniture as careless handling may cause damage or injury.
- Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent adult.
- No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.
- During assembly, children should be kept away from the product due to possible risk of injury.
- Do not use this item if any components are missing or damaged.
- It is recommended that before moving heavy objects to a new location they are completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.
- This product is suitable for children aged 3 - 12 years.
- This product complies with BS EN 71-3:2013+A1:2014, BS 4875-7:2006 and BS EN 14749:2005.

If you require any additional information or have any issues with this product please call the John Lewis helpline on 01244 689949 or email mail@fwgroup-uk.com.
