Step by step assembly instructions

Step One

Place Wooden Legs (6) into the holes in the underside of the Headboard (1) and Footboard (2) as per diagram below and twist into place so they are fully secured.

Step Two

Place Metal Brackets on Side Rails (3) over pre-inserted bolts in Headboard (1) and Footboard (2), and hand-tighten bolts to loosely secure parts together. Do not tighten with the M5 Allen Key (B) until you have inserted the Centre Rail in Step Three.

Step Three

Insert Centre Rail (5) into the brackets in the centre of the Headboard (1) and Footboard (2). Push down fully and secure in place using M6 x 25mm bolt (E). Tighten bolt with Allen Key M4 (A). You can now tighten the bolts at the Side Rails from previous step (Step Two) so all fastenings are now tightened.

Step Four

Starting at the Headboard (1), attach the Centre Plastic Caps (C) into the holes along the Centre Rail (5). Ensuring the Wooden Slats (4) have the curved side facing up, place a Side Cap (D) onto one end of the Wooden Slat (4). Insert the other end of the Wooden Slat (4) into the Centre Plastic Cap (C), then insert the Side Cap (D) onto the Side Rail (3) into the pre-drilled holes.

Step Five

This bed is now ready to use.

Care and Maintenance

This Emily bedstead should be cleaned using a soft damp cloth and dried immediately. Do not use a very wet cloth or allow any liquid contact for a long period of time as this can permanently damage the surface.

Do not use detergents and do not rub as this can cause permanent damage.

Always protect your bed from direct sunlight as this may accelerate the natural on-going discolouration process.

Screws holding together the bed frame should be tightened regularly.
