User manual

Charter

Table light

05/09/2018

Thank you for purchasing this Charter Table light. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Warnings!

This is a Class II product and must NOT be earthed.

Please read these instructions carefully before commencing any work.

If the flexible external cable becomes damaged, it should only be replaced by the manufacturer or suitably qualified person.

For your safety, always switch off the supply before cleaning or adjusting.

If you are in any doubt, please consult a qualified electrician.

Parts list

Parts list	Image	Qty
Lamp base		1
Light fitting		1
Bulb fitting tool		1
Light bulb		1

Assembly

Refer to assembly drawing opposite. Carefully unpack the carton, making sure all the parts are present before assembly.

Figure 1

Step 1

To reduce packaging, this product is shipped disassembled. Screw the stem (B) onto the threaded body on the base (A) to secure in place.

Figure 2

Step 2

Fit the recommended bulb (C), using the bulb fitting tool (D), as per the details overleaf. Keep the supplied bulb fitting tool for future use.

Step 3

Plug into the mains and switch on by pressing the inline switch. Your table lamp is now ready for use. The angle of the shade can be adjusted using the handle at the back of the shade (E). Always keep one hand on the base when adjusting the shade position.

Care instructions

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.
