Step by step assembly instructions

Step One

All Bolts (**A**) must be screwed into pre drilled cams of Head end (**01**) and Foot end (**04**) as shown (8 into the head end and 8 into the foot end) and leave minimum 4 mm gap.

Step Two

Attach the sides (**02**) and (**03**) to the Head end (**01**) and Foot end (**04**) as shown, push the sides firmly sideward. Firmly tighten the Bolts with Allan key (**B**).

Step Three

Take the centre support (**05**) and attach the middle feet (**07**) as shown per diagram below.

Step Four

Attach the center support rail (**05**) onto the support brackets which are factory-fitted to the Head End and Foot End. Push firmly downwards to secure in place.

Please adjust the middle feet according to the floor level as per picture below.

Step Five

On each of the bed slats **(C)** put the slat holder **(D)** and then fit the slat into the predrilled holes on the bedframe, as shown in the diagram. Repeat this step with the other 40 slats. Please fit the side supports **(06)** in the middle of each side of the bed.

Care and Maintenance

St. Ives range is a timeless painted bedroom range in white with brushed metal knob handles and grey with solid oak flat tops and brushed metal knob handles. Each piece has been carefully constructed to ensure it will give you years of pleasure.

The natural characteristics of oak may include small cracks, knots, blemishes and grain pattern variations which all add to the natural charm and beauty of this furniture product. Each piece is

unique and for this reason, no two pieces within the range will perfectly match. However there will be harmony between all the pieces you may have purchased.

All timber surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

How to care for your furniture

Try to avoid prolonged exposure to direct sunlight as this may alter the colour and tone of your furniture over time.

Any spillages that do happen should be wiped up immediately with a clean dry lint free cloth to avoid marking the surface of the furniture.

Safety Instructions

General warnings:

Never drag furniture when moving it, always lift it. Periodically check all fixings to ensure none have come loose and re-tighten where necessary. Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person. No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

Specific warnings for heavy items:

It is recommended that before moving heavy objects to a new location they are completely disassembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.
