Step by step assembly instructions

Step One

Attach the PS Bracket (D) to the Side Rails (3), securing in place by using Spanner (E) to tighten the M6 x 18mm Bolt (C) and the M6 Spring Washer (F) as shown in the diagram below. Next, secure by using a screwdriver to tighten the M3.5 x 16mm Screws (A) to the PS Bracket (D) as shown in the diagram below.

Step Two

Attach the Side Rails (3) to the Headboard (1) and Footboard (2) by securing outer holes with Spring Washer (F) and M6 x 18mm Bolt (C) as detailed in the diagram below. Next, secure by using a screwdriver to tighten the M3.5 x 16mm Screws (A) to the inner holes as shown in the diagram.

Care and Maintenance

Wood furniture

Wood displays different grain patterns depending on which way they are cut - for example, the 'medullary ray' which can appear on oak furniture is a mark of good quality timber - these are just characteristics of the natural beauty of the wood. Some furniture is also deliberately aged and rustic.

Wood veneer also allows distinctive patterns to be created on flat surfaces, such as table tops and drawer fronts by the way the slivers are arranged.

All timber surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

How to care for your wood furniture

Furniture with a hard lacquer, wax polish or painted surface should be dusted with a dry cloth.

Wax furniture will need to be given a coat of beeswax a couple of times a year to help maintain its lustre.

Spray polishes are best avoided as they contain silicones which may spoil the furniture's surface by building up over time.

Our furniture will endure most temperatures in the home but it is best to avoid placing furniture next to heat sources such as radiators or fires. Be particularly careful with solid wood as the lack of humidity caused by central heating can cause damage such as warping.

Safety Instructions

Never drag furniture when moving it. Always lift it.

Periodically check all fixings to ensure none have come loose and re-tighten when necessary.

Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly installed. Any assembly should be carried out by a competent adult.

No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

During assembly, children should be kept away from the product due to possible risk of injury.

Do not use this item if any components are missing or damaged.

It is recommended that care is taken when moving heavy objects to a new location to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.

Warning: Not suitable for children under 4 years old.

Warning: Do not place this child's bed near heat sources, windows or other furniture.

Warning: Do not use this child's bed if any part is broken, torn or missing.

Children are likely to play, bounce, jump and climb on furniture, therefore the furniture should not be placed too close to other furniture or windows, blind cords, curtain pulls or other strings or cords and should be placed either tight to any wall or have a gap of 300mm between the wall and the side of the bed.

This product complies with BS 8509:2008+A1:2011 and BS EN 71-3:2013+A1:2014.

This product is not designed to be dismantled for storage or transportation after assembly.
