Step by step assembly instructions

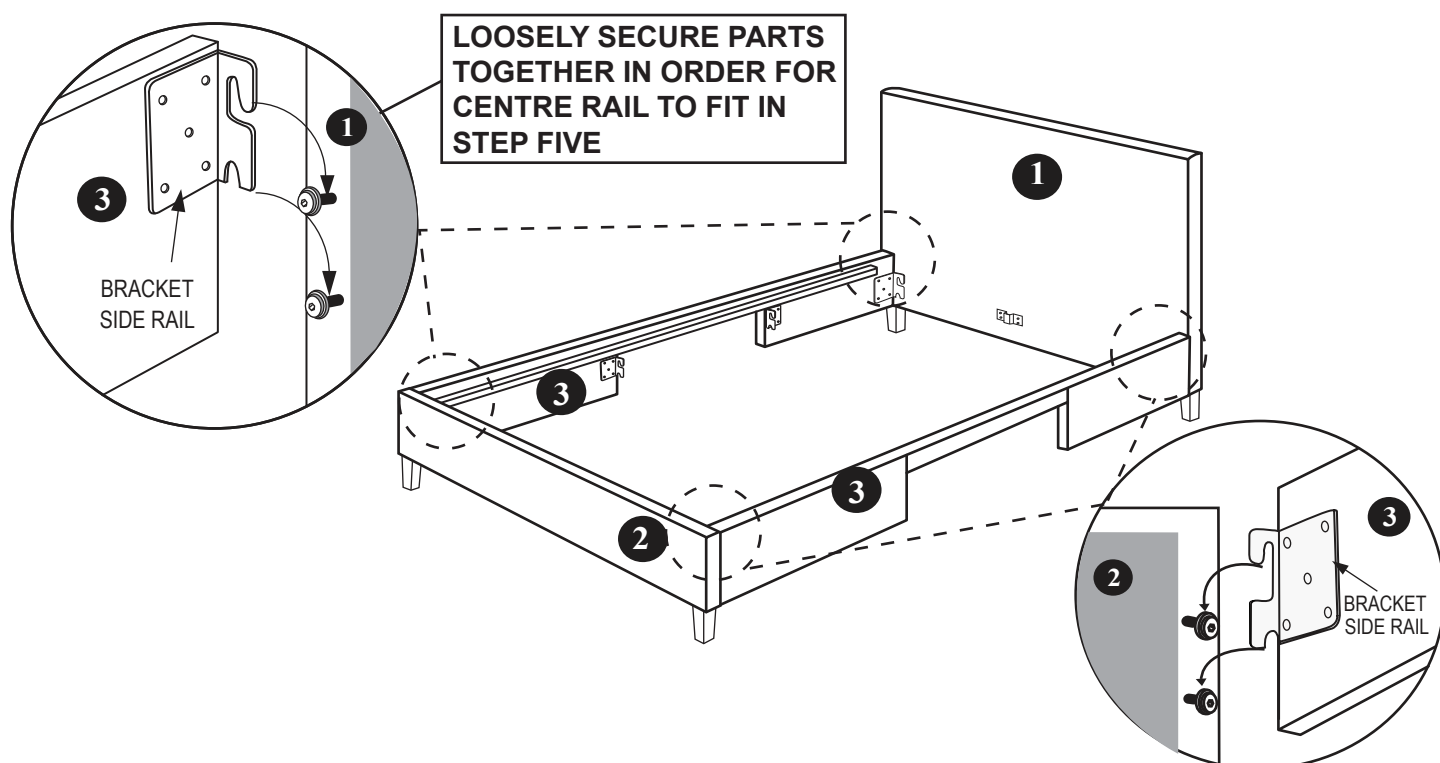

Step One

Place Wooden Legs (6) into the holes in the underside of the Headboard (1) and Footboard (2) as per diagram below and twist into place so they are fully secured.

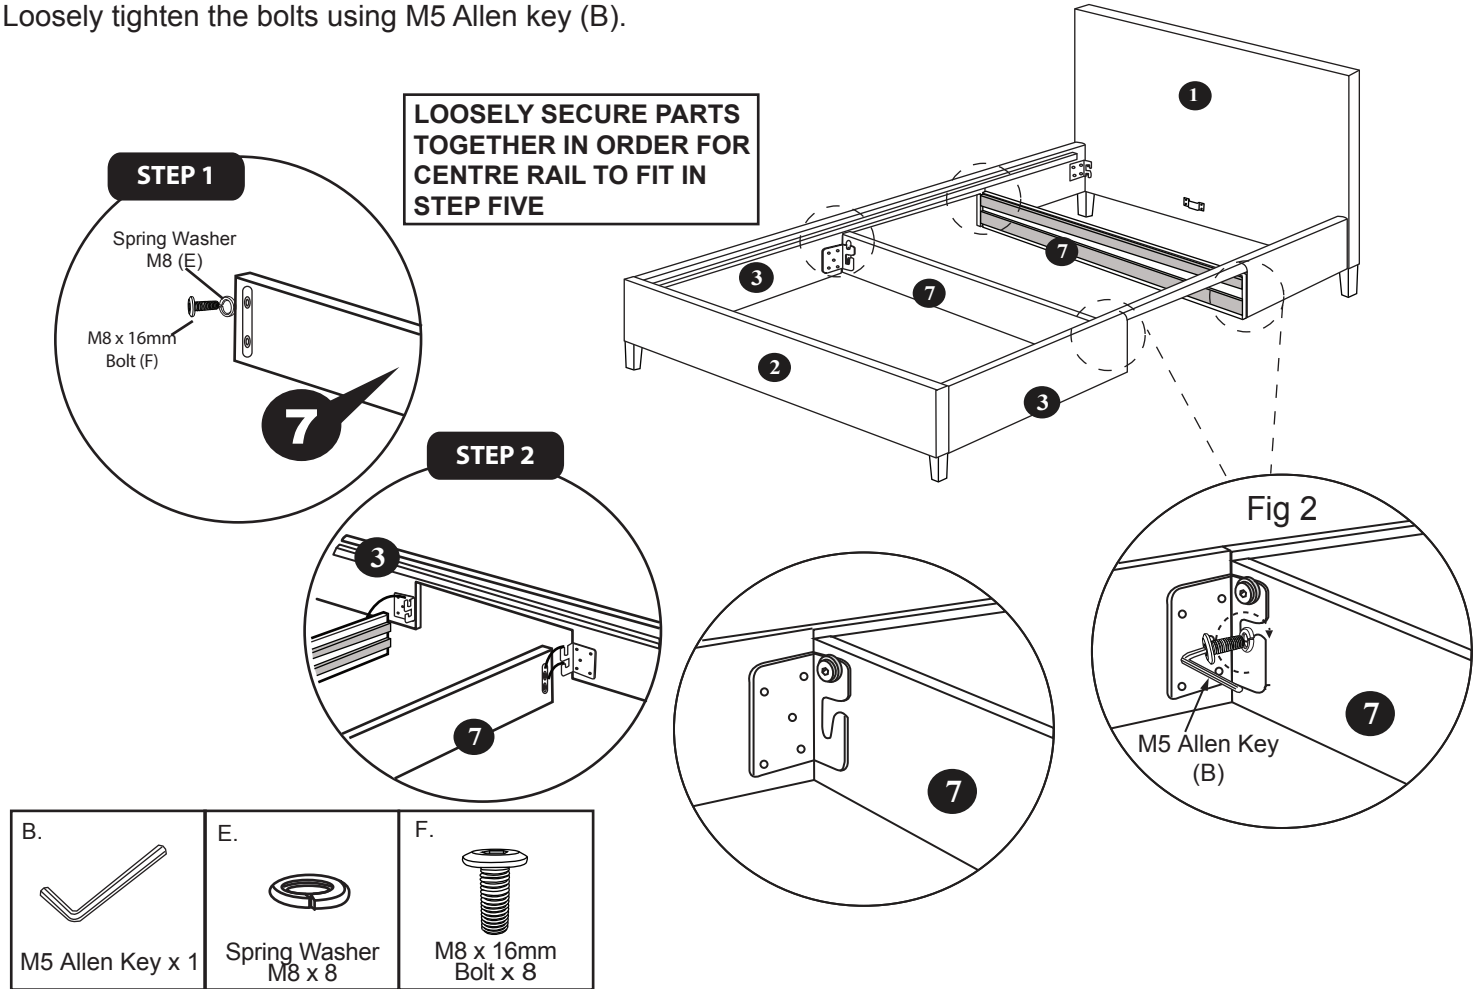

Step Two

Hook the pre-attached brackets on the Side Rails (3) over the pre-inserted bolts in the head and footboard and hand-tighten bolts to loosely secure parts together. Do not tighten with the M5 Allen Key (B) until you have inserted the Centre Rail in Step Five.

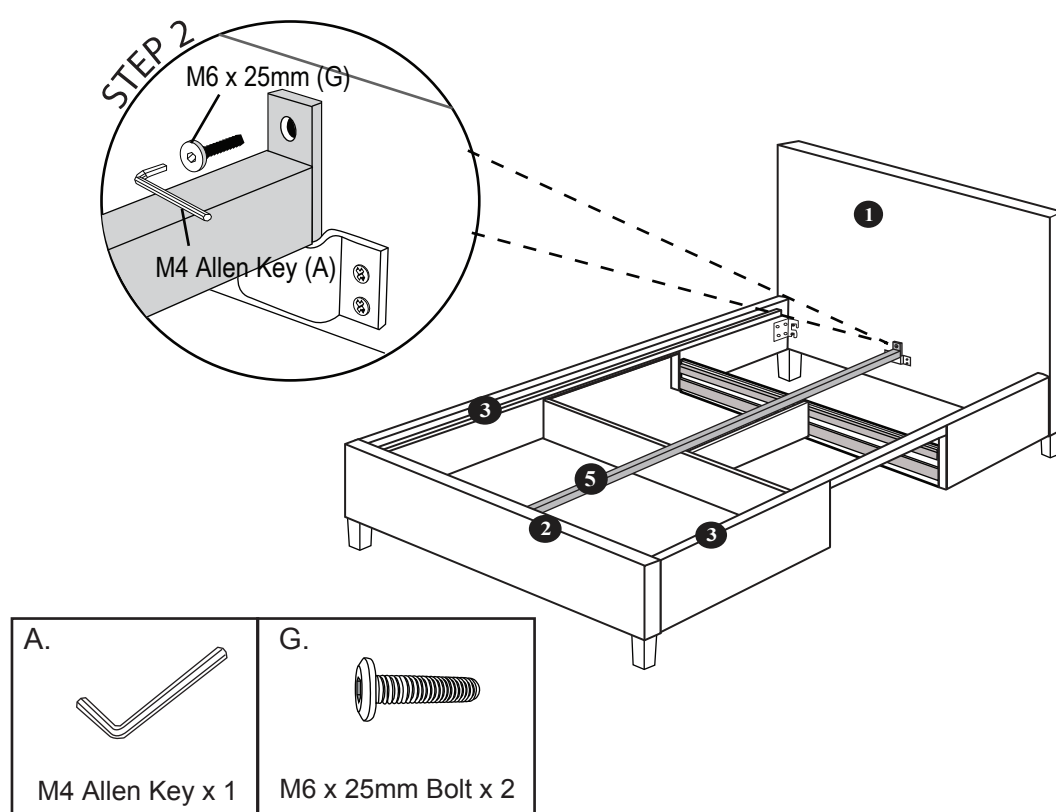

Step Three

Attach Spring Washer M8 (E) and JCBC M8 x 16mm Bolts (F) into the metal fixings on to both Bottom Supports (7) (**only for the top side**). Insert the Bottom Supports (7) inside the bed frame as shown in step 2. Next, attach the Spring Washer M8 (E) and JCBC M8 x 16mm bolts (F) into the bottom side of metal fixing on the bottom supports. Loosely tighten the bolts using M5 Allen key (B).

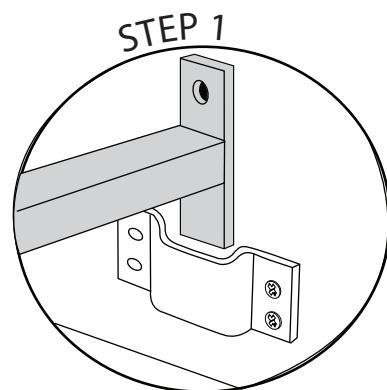

Step Five

Insert Centre Rail (5) into the brackets on the Headboard (1) and Footboard (2). Push down fully and secure in place using M6 x 25mm Bolts (G). Tighten using M4 Allen Key (A). You can now tighten the bolts with M5 Allen Key (B) at the Side Rails from Step Two so all fastenings are now tightened.

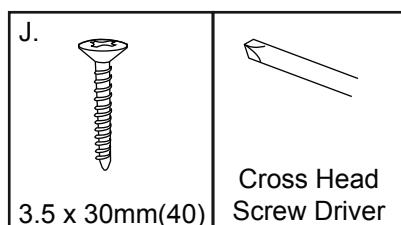

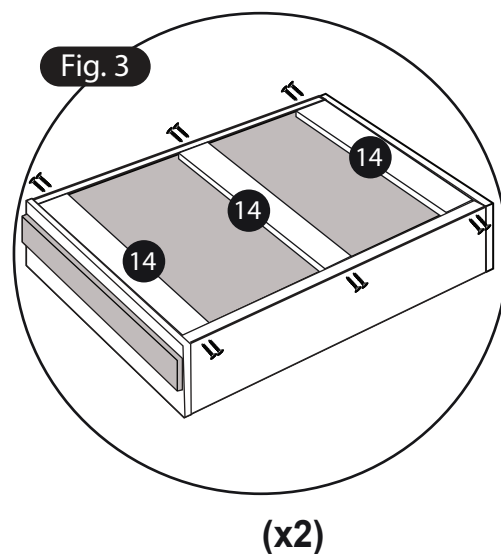

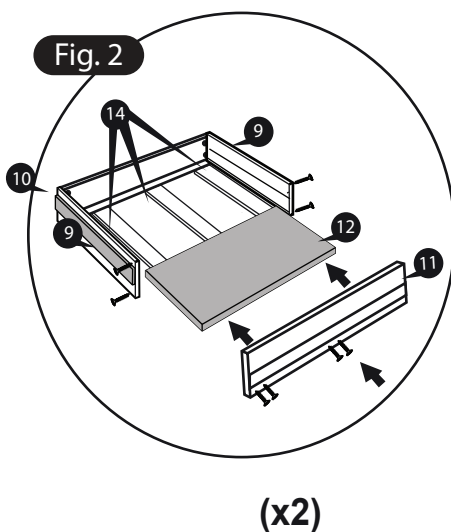

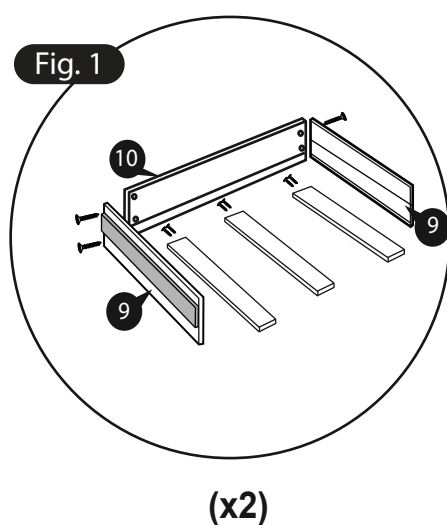

AFTER INSERTING CENTRE RAIL, TIGHTEN ALL FIXINGS FULLY INCLUDING BOLTS AT SIDE RAILS (FROM STEP TWO)

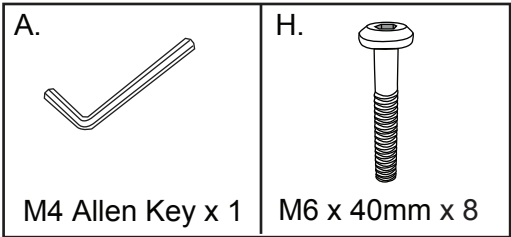

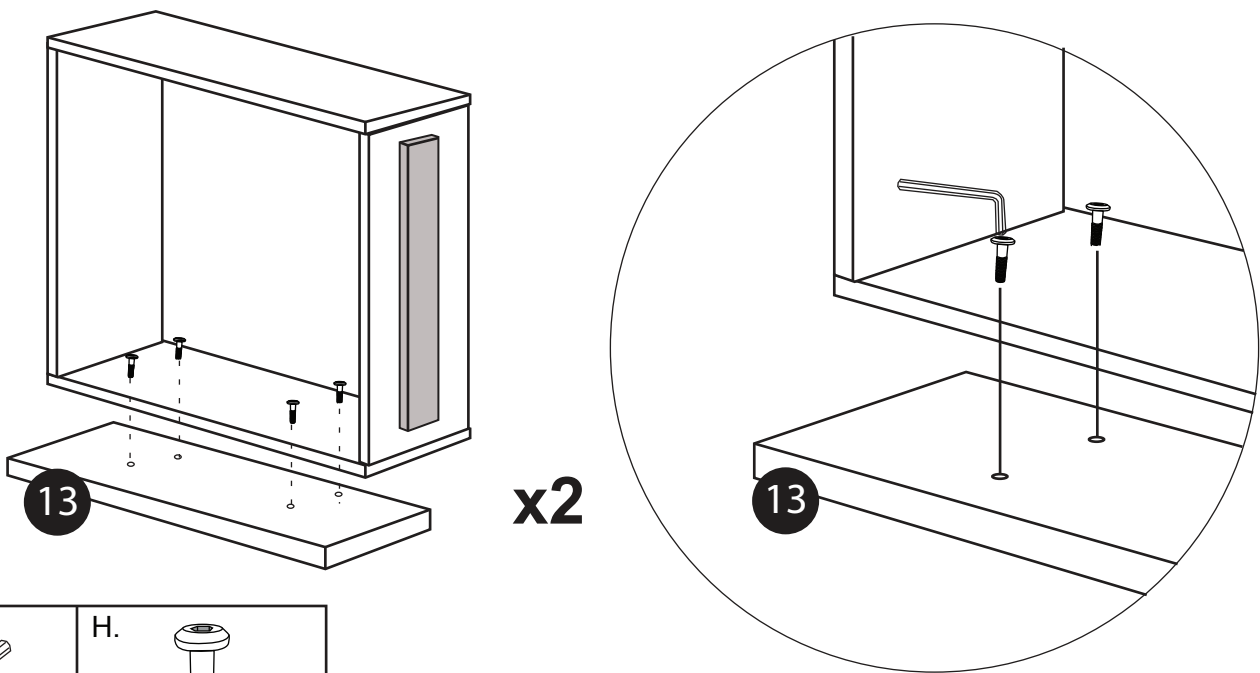

Step Six

To construct the drawers, fix Drawer Back (10) with one end of each Drawer Support (14) using Screws 3.5 x 30mm (J) as shown in Fig.1, then fix the Drawer Sides (9) to the Drawer Back (10). Next, insert Drawer Bottom (12) and then fix Drawer Front (11) using Screws 3.5 x 30mm (J) as shown in Fig.2. Finally, secure the other end of the Drawer Supports (14) to the other side of the drawer and tighten using a cross head screw driver.

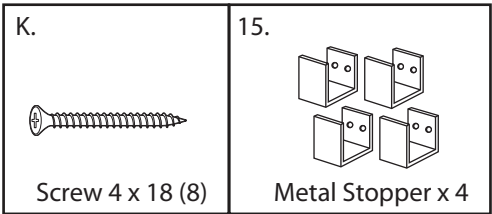

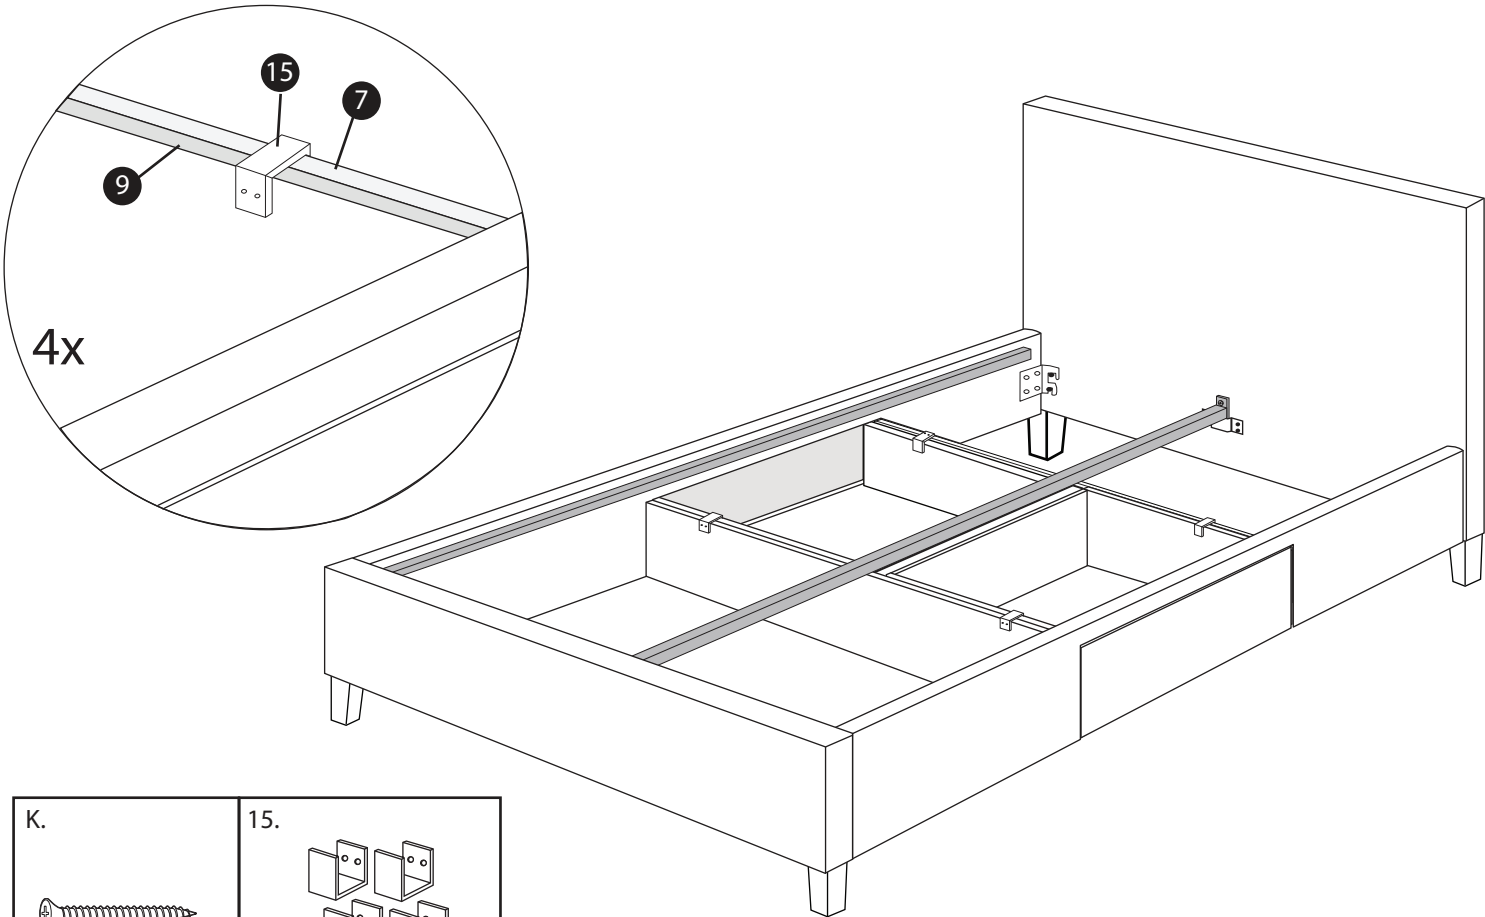

Step Seven

Attach Drawer Panel (13) to drawer and tighten together using M6 x 40mm Bolt (H).Tighten with M4 Allen Key (A).

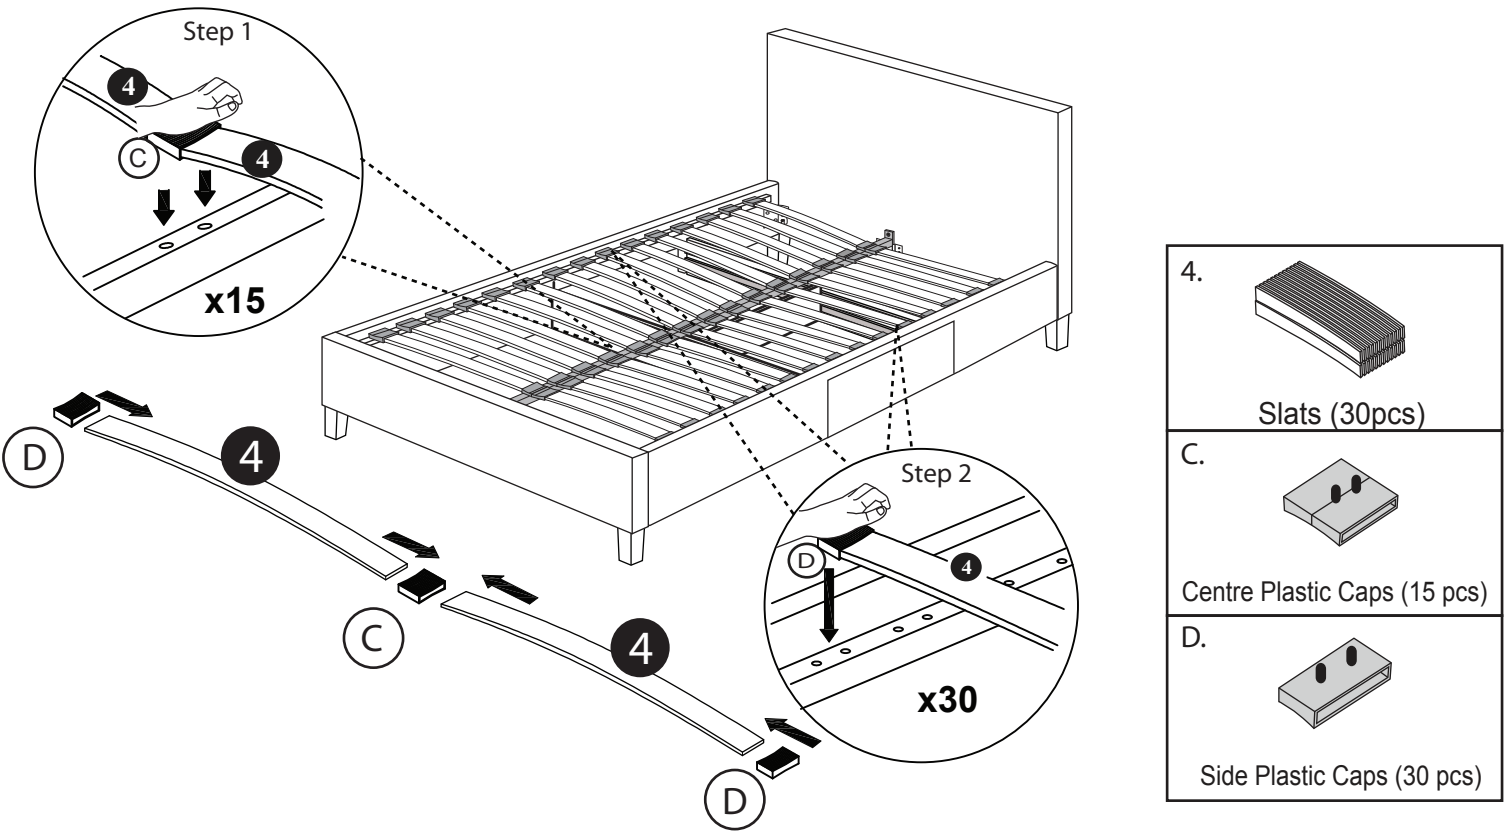

Step Eight

Attach Metal Stopper (16) to the Bottom Support (7) using screw 4 x 18mm (K).

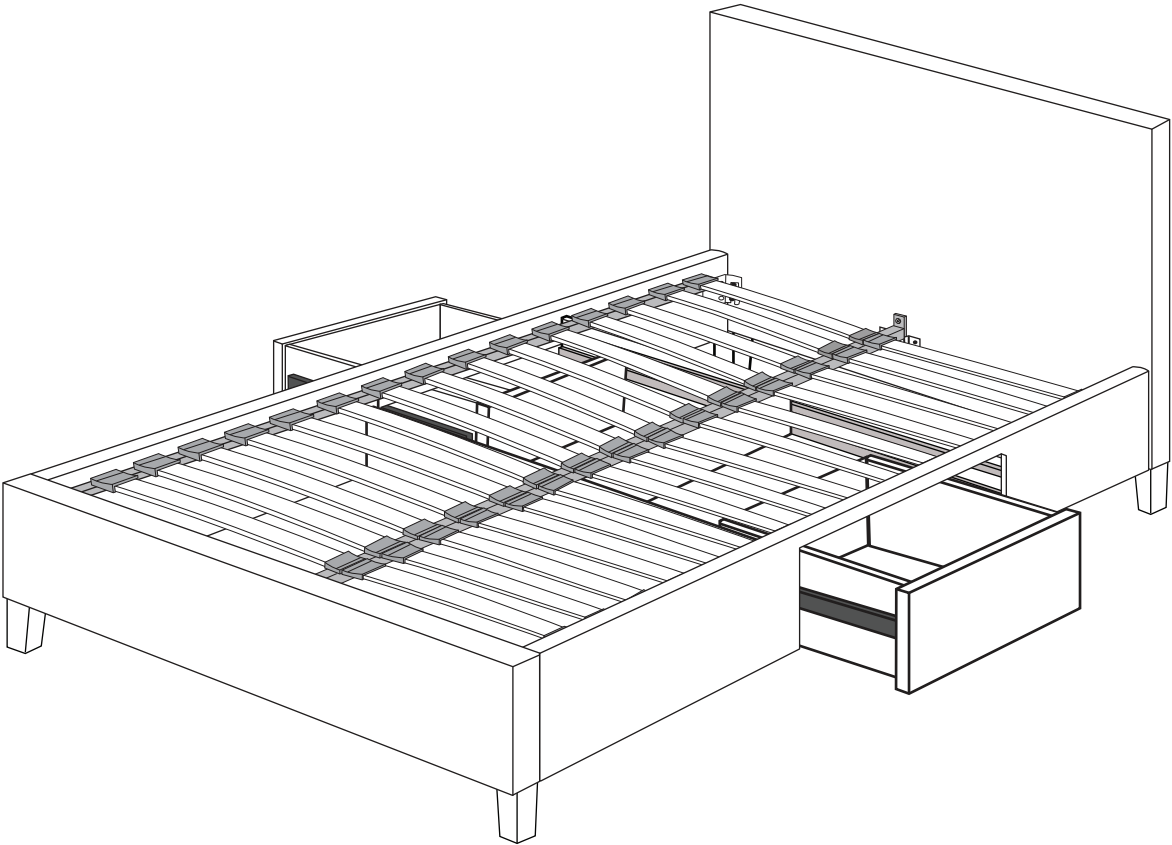

Step Nine

With the curved side facing upwards, insert 2 Slats (4) into a Centre Plastic Cap (C) followed by a Side Plastic Cap (D) onto the other end of both slats. Use your palms to push down the centre plastic caps into the centre rail followed by the side plastic caps into the side rail as shown in diagram below.

Step Ten

The bed is now ready for use.

Care and Maintenance

This Emily Storage Bed should be cleaned using a soft damp cloth and dried immediately.

Do not use a very wet cloth or allow any liquid contact for a long period of time as this can permanently damage the surface.

Do not use detergents and do not rub as this can cause permanent damage.

Always protect your bed from direct sunlight as this may accelerate the natural ongoing discolouration process.

Bolts holding together the bed frame should be tightened regularly.

Please retain this information leaflet for future reference.

This product complies with BS EN 1725:1998.

Safety Instructions

Never drag furniture when moving it. Always lift it.

Periodically check all fixings to ensure none have come loose and re-tighten where necessary.

Please take care when handling or moving the furniture as careless handling may cause damage or injury.

Furniture can be dangerous if incorrectly installed. Any assembly should be carried out by a competent adult.

No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.

During assembly, children should be kept away from the product due to possible risk of injury.

Do not use this item if any components are missing or damaged.

It is recommended that care is taken when moving heavy objects to a new location to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.
