Star Sparkle
Flush light

18/12/2019

Thank you for purchasing this Star Sparkle flush light. Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Warnings!

This is a Class I product and must be earthed.
Please read these instructions carefully before commencing any work.
It is recommended that this fitting is installed by a qualified electrician.
Install in accordance with the IEE Wiring regulations and the Building Regulations.
To prevent electric shock switch off at mains supply before installing or maintaining this fitting.
Ensure other persons cannot restore the electrical supply without your knowledge.
If you are in any doubt, please consult a qualified electrician.
This light fitting should be connected to a 5 amp fused circuit.
If replacing an existing fitting, make a note of the connections.
This product is not suitable for connection to dimmer switches.
This product is suitable for installation on surfaces with normal flammability e.g. wood, plasterboard, masonry. It is not suitable for use on highly flammable surfaces (e.g. polystyrene, textiles).
Ensure the correct fixings are used for the installation surface.
For your safety, always switch off the supply before cleaning or removing the shade.

Parts list

Parts list	Image	Qty
Light fitting		1
Screws		3
Wall plugs		3
Shade		1

Assembly

Refer to assembly drawing opposite. Carefully unpack the carton, making sure all the parts are present before assembly. The installation of the product will be easier with the help of an assistant.

Step 1

Use the light fitting (A) as a template to mark and make the screw holes. Pull the house wiring through the fitting, and affix to the ceiling with the appropriate fixings (B).

Step 2

Having identified the household wiring from your existing light fitting, connect to the connection block inside the product as shown.

Check that

You have correctly identified the house wires.
The connections are tight.
No loose strands have been left out of the connection block.

Step 3

Fit the shade (A) by placing over the fitting and twisting clockwise until it locks in place.

Step 4

Replace fuse or circuit breaker and switch on. Your light is now ready for use.

Care instructions

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.
