

# A garment steamer is not an iron..

The difference between garment steamers and irons

## Garment steamers

---

### Ease of use

For quick de-wrinkling, no ironing board required

### Type of garment

Safe on all fabrics, including delicate and difficult to iron

### Number of items

For your daily outfit, 1 garment at a time  
Smaller water tank

### Size

Light and compact design  
Suitable for travelling

## Irons

---

### Ease of use

For longer ironing sessions with an ironing board

### Type of garment

Better for when you need perfectly crisp results, such as on formal cotton business shirts

### Number of items

For a bigger pile of clothes  
Bigger water tank

### Size

Larger and heavier  
Perfect for at home
