

YOU WILL NEED A BALLOON PUMP! PREFERABLY AN ELECTRIC ONE,
BUT A HAND PUMP WILL WORK TOO!

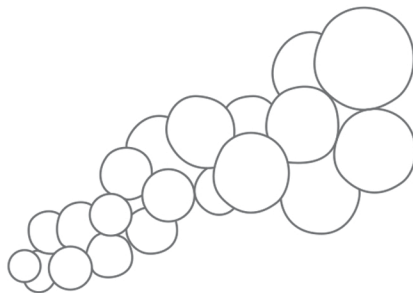

1. UNROLL THE PLASTIC BALLOON TAPE & BLOW UP A VARIETY OF BALLOONS IN DIFFERENT SIZES.

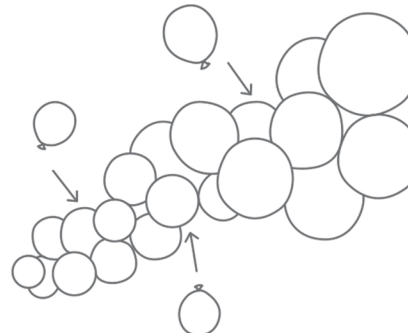

2. LEAVE ABOUT 30CMS OF BALLOON TAPE FREE AT ONE END. PULL YOUR FIRST BALLOON THROUGH THE TAPE.

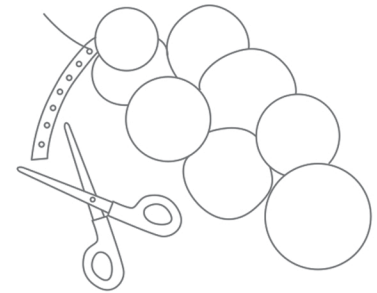

3. WORK ALONG THE TAPE, ADDING DIFFERENT SIZED BALLOONS INTO THE HOLES AT DIFFERENT ANGLES.

4. SHAPE THE BALLOON ARCH HOWEVER YOU WANT BY PLACING DIFFERENT SIZED BALLOONS IN DIFFERENT PLACES.

5. WHEN 90% COMPLETE, TIE UP EACH END LIKE A BUNTING & FINISH BY FILLING IN ANY GAPS WITH GLUE DOTTED BALLOONS.

6. ONCE COMPLETE & YOU ARE HAPPY WITH IT, TRIM YOUR BALLOON TAPE TO THE CORRECT SIZE & ENJOY!
