Thank you for purchasing this Delaney Tall Bulbholder table lamp. Please read the instructions carefully before use to ensure safe and satisfactory operations of this product.

### Warnings!

To prevent electric shock, switch off the mains supply before maintaining this product.  
Ensure other persons cannot restore electricity supply without your knowledge.  
Always use correct bulb type with the correct wattage as indicated in the specification table.  
Never exceed the max power rating.  
When changing a bulb always switch off at the mains first and allow the bulb to cool down before handling.  
Dispose of used bulbs carefully.  
The bulb and surrounding parts can become extremely hot during use.  
The supply cord cannot be replaced. If the cord is damaged the product should be disposed of to avoid a safety hazard.  
This product is Class II and shall not be earthed.  
For indoor use only.

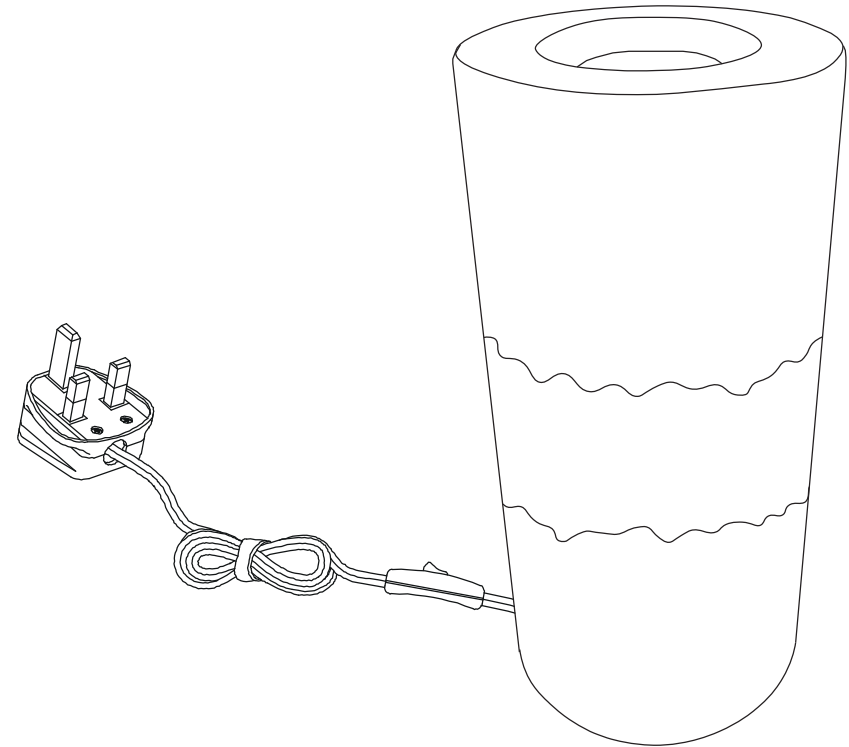

### Parts List

### Assembly

Carefully unpack the carton, make sure all parts are present before assembly.

1. Place the table lamp on the desired location ensuring that the cable will not present a trip or safety hazard. Insert the correct wattage bulb (not supplied) into the lamp holder. Screw clockwise until firmly secured within the lampholder.
2. Connect the plug to a convenient socket and turn on the power switch. To operate the table lamp, switch the inline switch for continuous operation, and again to turn the lamp off.

### Care Instructions

We recommend cleaning with a soft dry cloth. Do not use abrasive materials as these will damage the finish.
