Stay is a multi-functional and beautiful lighting design in the same time. The lamp has several gorgeous qualities, where the lampshade's flexible swivel mechanism allows for a directional light that creates optimal lighting conditions. In the table lamp base, there is a charging station with USB access as well as a build-in on/off switch function. Stay is made with integrated LED technology. Designed by Maria Berntsen

The silky matte grey metal contributes beautifully to a modern and minimalistic expression.
