

Product information

- Indoor use only
- Non-dimmable
- Replacement bulbs should be the same type and rating, available from John Lewis Partners or other established brands
- Clean the fitting with a soft dry cloth. Do not use abrasive chemical cleaners as this will damage the finish

Aftercare and Troubleshooting

You've switched on the light, but it's not working:

1. Check your power supply is switched on
2. Turn off the light and check that the bulb is inserted correctly
3. Check the bulb is still in working order

If there are technical issues with this product that you can't solve, please contact your nearest John Lewis & Partners shop or call Technical Support on 03301 230106.

BALDWIN FLOOR LAMP USER GUIDE

Getting started

Thank you for purchasing this John Lewis & Partners product. For your safety, and to make sure everything is working properly, please read the instructions carefully before use.

Warnings

This is a Class II product and must NOT be earthed.
Please read these instructions carefully before commencing any work.
Your lamp has been packaged as separate parts to prevent damage during transit. When manoeuvring or assembling this product, it must be lifted from the base.
The lamp must be protected by a 3 amp fuse in the mains plug.
If you are in any doubt, please consult a qualified electrician.
For your safety, always switch off the supply before cleaning or changing the bulb.
If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.
Always use correct type and wattage bulb. Never exceed the wattage stated.

Parts list

Description	Image	Quantity
Light fitting (3 sections + base) and shade ring		x 1
Shade		x 1
Spanner		x 1

Product assembly

Step 1
Carefully unpack the carton, making sure all the parts are present before assembly.

Step 2
Join the upper (A) and middle (B) sections of the stem into the lower section (C) by screwing in a clockwise direction. Take care not to trap the cable or cross the threads.

Step 3
Slot the stem (D) into the base (E) and gently pull through any excess cable. Secure the stem into the base using the washer and nut and tighten with the supplied spanner (F).

Step 4
Stand the product upright. Check the tightness of the joints by hand.

Step 5
Fit the shade (G) by slotting over the lampholder and secure with the shade ring (H).

Step 6
Fit the recommended bulb (I) per the details overleaf.

Step 7
Plug the lamp in and switch on using the foot switch. The shade position can be adjusted by loosening the thumb screw in the join of the shade and arm (J).

PLEASE NOTE:
The lamp head will become hot during use. Always switch off and allow to cool before adjusting the lamp head. Ensure the stem is held while adjusting the lamp head.
