

Product information

- Indoor use only
- Dimmable - When used with dimmable bulbs
- Replacement bulbs should be the same type and rating, available from John Lewis Partners or other established brands
- Clean the fitting with a soft dry cloth. Do not use abrasive chemical cleaners as this will damage the finish

Aftercare and Troubleshooting

You've switched on the light, but it's not working:

1. Check your power supply is switched on
2. Turn off the light and check that the bulb is inserted correctly
3. Check the bulb is still in working order

If your bulb is flickering, try adjusting the dimmer level. If the problem still persists, consider sourcing a different quality brand of dimmable bulb.

If there are technical issues with this product that you can't solve, please contact your nearest John Lewis & Partners shop or call Technical Support on 03301 230106.

BALDWIN TABLE LAMP USER GUIDE

5
YEARS

Getting started

Thank you for purchasing this John Lewis & Partners product. For your safety, and to make sure everything is working properly, please read the instructions carefully before use.

Warnings

This is a Class II product and must NOT be earthed.

Please read these instructions carefully before commencing any work.

The lamp must be protected by a 3 amp fuse in the mains plug.

If you are in any doubt, please consult a qualified electrician.

For your safety, always switch off the supply before cleaning or adjusting.

If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.

Always allow the product to cool down for 10 minutes before changing the bulb or replacing the shade.

Parts list

Description	Image	Quantity
Light fitting		x 1

Product assembly

Step 1

Refer to assembly drawing opposite. Carefully unpack the carton, making sure all the parts are present before assembly.

Step 2

Before plugging the lamp in, fit the recommended bulb as per the details overleaf.

Step 3

Plug the table lamp into the mains. Switch on using the rotary dimmer switch. Your table lamp is now ready for use. The angle of the light can be adjusted by loosening the adjustment key, changing the angle, and then re-tightening the key. Allow the shade to cool for 10 minutes prior to adjusting the shade.

Note:

This product will only function correctly with a dimmable bulb.
