

701 65809 Emilia Crystal Drum

Thank you for purchasing this ceiling light. Please read the instructions and warnings carefully before use to ensure safe and satisfactory operation of this product.

Warnings.

- This product is Class II.
- It is recommended that this fitting is installed by a qualified electrician.
- This fitting should be fitted in accordance with IEE Regulations and the Building Regulations.
- To prevent electrocution, switch off at the mains supply before installing or maintaining this fitting. Ensure other persons cannot restore the electricity supply without your knowledge.
- If you are in any doubt, please consult a qualified electrician.
- If replacing an existing fitting, make a note of the connections.
- Always use the correct type and wattage bulb. Never exceed the wattage stated.
- When changing a bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.
- The bulb and surrounding parts can become extremely hot during use.

Instructions.

1. Ensure the house electricity supply is switched off at the fuse board.
2. If removing an existing fitting, note down all wiring connections
3. Ensure that the bracket (supplied) is fixed to a wooden joist, or use a suitable fixing to the ceiling which will support the weight of the fitting.
4. Connect cables or terminals as shown below.

Check all wires are tight in the terminal block, and no loose strands are left out. Cover with insulating tape.

NB there may also be a loop-in/loop out connection involved, in which case a fourth connector should be used.

5. Push up pendant place and secure.
6. Fit the bulb type/wattage as indicated on the luminaries. The wattage indicated must not be exceeded.
7. Switch on the electricity supply at the fuse board.
Please retain this information leaflet for future reference.

Dressing Instructions for the Crystal Chains A and B

1. Once the chandelier has been fitted to the ceiling and tested, remove the protective plastic film before hanging the crystal chains. Fit bulbs.
2. Hang 1 x A chain from center ball loop on the reflector plate.
3. 60 x B chains to be hung from the remaining ball loops on the reflector working from the center outwards.

Slide chrome rods through the hole in the top frame from underneath and once in place the rods will locate on the bottom frame as per drawing
