Just mix and glow!

NEW

Radiance-Plus Golden Glow Booster for Body.

3 steps to achieve a gradual, natural looking tan.

1 Prepare.

Exfoliating Body Scrub. Your first step for an even tan. Exfoliating skin provides a smooth base and boosts radiance. Apply to dry or damp skin, massage in and rinse thoroughly.

2 Just mix and glow!

For each area, simply mix 4-6 drops of *Radiance-Plus Golden Glow Booster for Body* with your favourite Clarins body cream or lotion and apply evenly. Repeat for each area of the body you wish to tan. Wash hands immediately after use.

3 Maintain your glow.

To maintain your tan, reduce the number of drops to achieve a natural looking result. All of our self tanners condition and soften the skin whilst promoting a radiant, golden tan. Regular exfoliation will also help promote glowing skin and prolong your tan.

Aloe Vera
Soothes & moisturizes.

*Satisfaction test - 89 women.

NEW

Radiance-Plus Golden Glow Booster for Face.

Achieve the perfect made-to-measure self tan with the No.1 self tan product in the UK**.

1 Prepare.

One Step Exfoliating Cleanser.
Effectively cleanses and exfoliates, leaving skin soft and revived, the perfect base for applying self tan.

2 1,2,3, glow!

Simply add 1-3 drops of *Radiance-Plus Golden Glow Booster for Face* to your daily moisturiser, blend together and apply to skin for a bespoke tan.

*"The tan looks natural...would definitely recommend".*
Elly Anne

"I love this product! I've gone from pale and tired looking to healthy with a lovely natural glow".
beautyminimalist

3 Keep glowing.

Adjust the number of drops used to maintain a healthy glow and repeat daily until you get the desired tan.
