### **Want a John Lewis Fitted Bedroom?**

First you'll need to visit your local John Lewis or call 0800 021 4361 to book an appointment for one of our designers to visit your home and help you plan your bedroom. They'll bring samples for you to choose from, and can discuss your storage needs, before measuring your room, designing a floor plan and giving you an estimate.

If you decide to go ahead, we'll send a surveyor to your home to double check the measurements and design, then you'll need to call or visit your local John Lewis to pay a 20% non-refundable deposit. Following this visit we'll contact you to confirm an installation date, which is typically 6 or 8 weeks after you've placed your order. The balance will be payable 15 working days before your installation.

On the day of your installation, our experts usually arrive with the furniture, although in some cases it may arrive a day or two earlier – we'll let you know if that's the case. Installing your fitted bedroom will take a day or two, and we'll remove any packaging and waste, and leave your room clean and tidy.

When we're finished, we'll also provide you with a customer care line that you can call if there are any issues. And for your peace of mind, your bedroom comes with a 10-year guarantee included.
