“ A contemporary take on G Plan’s mid-century heritage ”  
WAYNE HEMINGWAY MBE

### VINTAGE DESIGN MEETS 21<sup>ST</sup> CENTURY STYLE

*In collaboration with Hemingway Design we’ve created G Plan Vintage, a stunning range of furniture inspired by classic G Plan sofas and chairs from the 50s and 60s. Named after the year of the original model that influenced the current designs, they blend timeless details with a contemporary approach. It’s a collection that embraces the quality and craftsmanship of G Plan, as well as Hemingway’s fresh and vibrant approach to vintage projects.*

*With an outstanding design pedigree and as experts in all things vintage, Hemingway’s unique take on our stylish designs has created a range of furniture that draws admiring glances. G Plan and Hemingway – turning yesterday’s classics into the icons of tomorrow.*
