

## Speedo IQfit Technology

Engineered for competitive or fitness swimmers, IQfit technology delivers an unparalleled goggle fit that inspires complete confidence - off the blocks and in the pool.

World-leading technology - Speedo's expert global research centre Aqualab, carried out extensive global head scan research to create goggles designed to fit real-world faces.

### Leak free\*

### Secure fit on face

### Reduced marks around the eyes\*

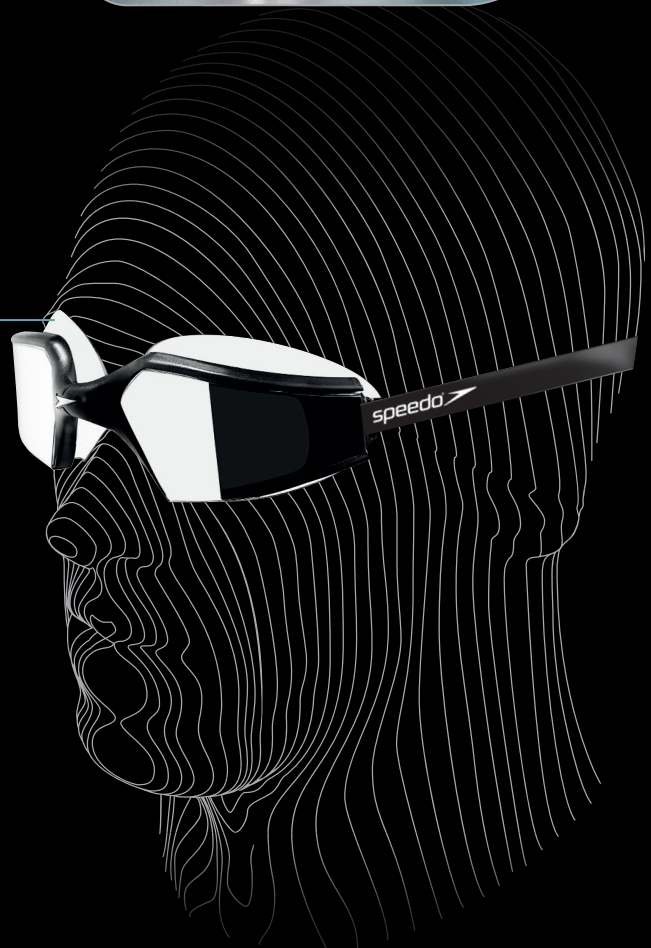

## IQfit™ 3D goggle seal

Patented 3D goggle seal – Hugs the contours of your eyes, without leaving marks, for maximum leak resistance and accuracy of fit – even during starts and turns.

## IQfit™ strap

Patented goggle strap – Features a tensioning scale that allows you to quickly achieve a precision fit, every time you swim. The innovative one piece strap eliminates dangling strap ends to reduce drag.
