

Price guide

John Lewis offers six distinctive ranges of kitchen. The John Lewis First, House, County, Continental and Classic collections and the branded Alno range. Each provides a wide selection of options so we can offer the kitchen that's right for you at a price that's affordable. All John Lewis kitchens come with a 10 year guarantee, and 5 years for Alno kitchens .

## Our ranges

### First collection

Brings together the great design and quality you would expect from John Lewis at an extremely affordable price. All units delivered fully assembled for simple installation.

### House by John Lewis

Our new House by John Lewis kitchen is simply modern, affordable and practical. Bringing together simplicity and beautiful finishes, it has clever storage ideas that make the most of every inch of space.

### Continental collection

The John Lewis Continental Collection brings elegant design and chic styling to your kitchen by allowing you to mix and match with varying door colours, textures and finishes.

### County collection

John Lewis County kitchens combine classic looks with quality construction and exceptional attention to detail. Subtle colour ranges enable to express your own style.

### Classic collection

John Lewis Classic Collection offers a traditional shaker or classic with-a-twist styles in-frame in natural oak or one of 25 unique colours. It also comes with a variety of hand finished individual feature pieces including dressers, pantry cabinets and decorative island units.

### Alno

Alno is a German manufacturer producing very high quality kitchens. Using the best materials they offer bespoke accessories to compliment their designs which not only look beautiful but also make the kitchen as efficient to use as possible.

# Buying a kitchen at John Lewis

## 1 Choose

Book a shopfloor appointment with one of our Partners, share your dream kitchen ideas and discuss your requirements. The Partner will help you choose the best range for your style, lifestyle and budget, and arrange samples for you to view in your home.

Once you've decided what style of kitchen you want, it's time to book a planner to visit your home (costs £50 but fully redeemable against the purchase of your kitchen).

### Points to consider at this stage

- How you use your kitchen? As a family hub, an entertainment space, or a space only for cooking.
- The style of kitchen (classic or contemporary) kitchen doors, and worktops that you like.
- Lighting requirements (both for function and mood). Storage and accessories requirements.

## 2 Create

A planner will visit you in your home to survey and take accurate measurements. Using the latest computer technology, they will design a room that suits your lifestyle, and makes the best use of the available space working within your budget.

When the design has been finalised, you'll be invited to your local branch, where the planner will present the design, explaining the details and cost estimate.

Once you've approved the plans and estimate, we'll order your kitchen and get everything moving. You'll need to pay a 20% non refundable deposit. The balance will be payable 2 weeks before the delivery day.

### Points to consider at this stage

- Confirm that the plan includes everything that you want.
- Make sure you fully understand the plans and the costing on the estimate.

## 3 Install

Once the plans have been approved and the kitchen is ordered, our experienced fitter will arrange a pre-site visit to reconfirm the plans, ensuring water, gas and electricity supplies do not need moving.

Our qualified installers (all iKBBi registered) will arrive to carry out all the work involved from removing your old kitchen, to installing the new furniture and connecting appliances. All gas work is carried out by Gas Safe Register installers while all electrical work meets the latest Institute of Electrical Engineers standards and complies to current building regulations.

### Points to consider at this stage

- Kitchen units will typically be delivered a few days before installation which means you have to store them for a short period before we fit them.
- Your kitchen working area may be unusable for a time, and there will be dust.
- It may be necessary to disconnect services such as gas, water and electricity.

## 4 Enjoy

After all work has been completed we will visit your home to check that you are happy with your new kitchen. Sit back and enjoy your new kitchen. For your peace of mind, all our kitchen doors are guaranteed for 10 years.

The above prices are for guidance only. We can provide many other features such as drainer grooves for undermounted sinks, upstands, wall cladding, socket cut outs, and worktop edge details.

\* These worktops are only supplied in pre-cut lengths. The price per metre shown is an indicative price based on the lengths used for the above example.

\*\* These worktops are delivered pre-fabricated with cut-outs already prepared. A templater will visit your home in advance to ensure accuracy of the measurements. We do not supply lengths of these materials without a templating and installation service. Additional charges will apply for sink and hob cut outs, drainer grooves etc.

**Accuracy** We endeavour to provide accurate information and descriptions. Prices and details of services are genuinely believed to be correct at time of going to press, but may change. Although every effort is made to maintain accuracy, we regret we are unable to honour any incorrect prices or other details that may be printed. All sizes are approximate. © John Lewis 2015.
