

ercol

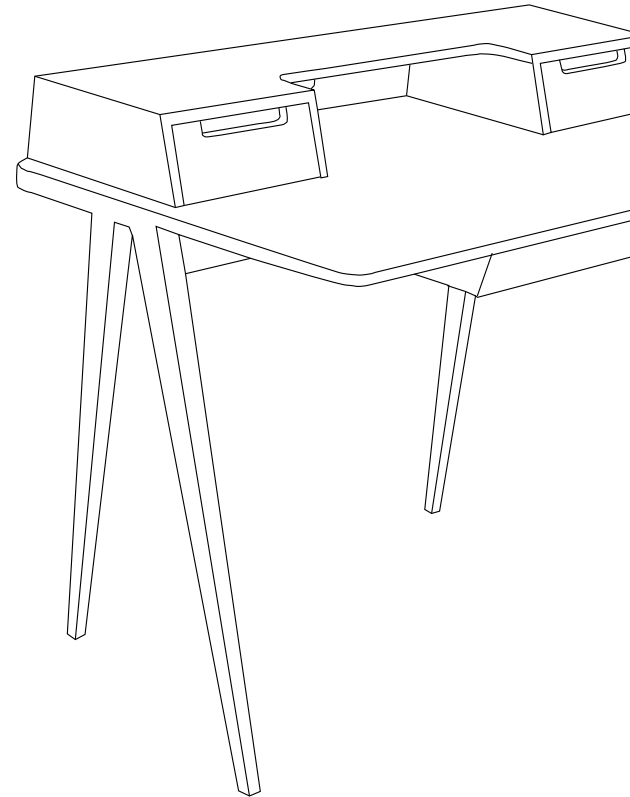

treviso desk

available from **John Lewis**

treviso desk

ercol have been making quality hard wood furniture in Buckinghamshire since 1920. The stylish clean lined treviso desk designed by Matthew Hilton for ercol is made from American oak sourced from sustainable forests and finished in matt wax lacquer. It is constructed using traditional manufacturing techniques including dovetail joints in the three drawers. The treviso desk also has a useful cable management outlet at the back.
