

Rachel cotbed

Instruction manual

John Lewis

IMPORTANT
RETAIN FOR FUTURE REFERENCE
PLEASE READ CAREFULLY

Thank you for purchasing this Rachel cotbed/toddler bed. Please read the instructions and warnings carefully before use to ensure safe and satisfactory operation of this product.

Your child's safety is your responsibility. If you have a query with this product or require replacement parts, please contact your nearest John Lewis department store.

Lay out the parts on a soft level surface and compare to the part/fixings checklist on page 2. Do not discard any packaging until you are sure that you have all the parts.

Keep children clear during assembly as pack contains small parts which may present a choking hazard.

Recommended mattress: 70 x 140cm

This product complies with BS EN 716 - 1: 2008 and BS 8509: 2008 + A1: 2011

Fixings

Parts

You will need:
1 x 4mm Allen Key (supplied)
Flat-headed screwdriver

Cot assembly - step 1

(Do not fully tighten bolts at this stage)

Push two 13mm barrel nuts (fixing 3) into the holes in the base (part E) as shown above. Make sure that the slots are visible and, if necessary, use a flat-headed screwdriver to ensure that the slots point towards the holes in the ends as shown. Select one of the 3 base heights and attach the cot end using two 65mm bolts (fixing 1).

Cot assembly - step 2

Push two 18mm barrel nuts (fixing 2) into the holes in the undersides of one of the cot sides (part D). Make sure that the slots are visible and, if necessary, use a flat-headed screwdriver to ensure that the slots point towards the holes in the ends. Attach the cot side to the end panel using two 65mm bolts (fixing 1). Repeat with the other side rail (part D) then attach the second cot end (part A) using the remaining 65mm bolts (fixing 1) and two 18mm barrel nuts (fixing 2). Fully tighten all bolts.

Care and maintenance

Your furniture may be cleaned by wiping with a damp cloth and drying with a soft clean cloth.

Do not use abrasives, bleach, alcohol or ammonia-based household polishes.

Take care when handling or moving the furniture. Careless handling may cause damage.

Safety notes

Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person.

Keep children clear during assembly as pack contains small parts which may present a choking hazard.

Warning: Be aware of the risks of open fires and other such sources of strong heat, such as electric bar fires, gas fires, etc. in the near vicinity of the cot.

Warning: Do not use the cot if any part is broken, torn or missing and use only spare parts approved by the manufacturer.

Warning: Do not leave anything in the cot or place the cot close to another product, which could provide a foothold or present a danger of suffocation or strangulation, e.g. strings, blind/curtain cords, etc.

Warning: Do not use more than one mattress in the cot.

The lowest base position is the safest and should be used as soon as your baby is old enough to sit up.

The thickness of the mattress chosen must not reduce the internal depth (from the top of the mattress surface to the top of the side) to less than 500mm with the base in its lowest position or 200mm with the base in the highest position.

The mattress should be no more than 30mm shorter or narrower than the internal length or width of the cotbed. Suitable for use with a mattress of 1400mm in length, 700mm in width and a maximum thickness of 100mm.

All assembly fixings should always be tightened properly. Periodically check all fixings to ensure none have come loose, and that there is no risk of clothing or parts of the body becoming snagged or trapped.

To prevent falls, when the child is able to climb out of the cot, the cot should no longer be used for that child.

Do not allow your child to jump on the cotbed. This may result in damage to the furniture and/or injury to your child.

Toddler bed assembly

To assemble as a toddler bed, insert four 13mm barrel nuts (fixing 3) into the holes at each corner of the base (part E). Make sure that the slots are visible and, if necessary, use a flat-headed screwdriver to ensure that the slots point towards the holes in the ends. Attach the headboard (part B) and footboard (part C) using four 65mm bolts (fixing 1).

Care and maintenance

Your furniture may be cleaned by wiping with a damp cloth and drying with a soft clean cloth.

Do not use abrasives, bleach, alcohol or ammonia-based household polishes.

Take care when handling or moving the furniture. Careless handling may cause damage.

Safety notes

For ages 18 months to 4 years.

Warning: Do not place this child's bed near heat sources, windows and other furniture.

Warning: Do not use this child's bed if any part is broken, torn or missing.

The mattress should be no more than 30mm shorter or narrower than the internal length or width of the bed. Suitable for use with a mattress of 1400mm in length, 700mm in width and a maximum thickness of 100mm.

Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person.

All assembly fixings should always be tightened properly. Periodically check all fixings to ensure none have come loose, and that there is no risk of clothing or parts of the body becoming snagged or trapped.

Children are likely to play, bounce, jump & climb on beds, therefore the child's bed should not be placed too close to other furniture or windows, blind cords, curtain pulls or other strings or cords. It should be placed either tight to any wall or have a gap of 300mm between the wall and the side of the bed.

The bed can be carefully dismantled for storage or transportation.

Keep children clear during assembly as pack contains small parts which may present a choking hazard.
